## B1 About the installation

Please fill in the table below with details of all the current activities in operation at the whole installation.

### In column 1a Activities in the stationary technical unit

Please identify all activities listed in Schedule 1 to the PPC Regulations that are, or are proposed, to be carried out in the stationary technical unit of the installation.

### In column 1b Directly associated activities

Please identify any directly associated activities that are, or are proposed, to be carried out on the same site which:

- ☐ Have a technical connection with the activities in the stationary technical unit
- ☐ Could have an effect on pollution

In **column 2a and b Schedule 1 references**, please quote the Chapter number, Section number, A(2) or B, then paragraph and sub-paragraph number as shown in Part 1 of Schedule 1 to the PPC Regulations. For example, manufacturing glass, unless falling within Part A(1) of this Section, where melting capacity of the plant is more than 20 tonnes per day, would be listed as Chapter 3, Section 3.3, Part A(2)(a).

### B1.1 Installation table for new permit application

## B2 The Installation

**Please provide written information about the aspect of your installation listed below. We need this information to determine whether you will operate the installation in a way in which all the environment requirements of the PPC Regulations are met.**

**B2.1** Describe the proposed installation and activities and identify the foreseeable emissions to air, water and land from each stage of the process (this will include any foreseeable emissions during start up, shut down and any breakdown/abnormal operation).

**The use of process flow diagrams may aid to simplify the operations**

Doc Reference:

---

**B2.2** Once all foreseeable emissions have been identified in the proposed installation activities, each emission should be characterised (including odour) and quantified.

- **Atmospheric emissions** should be categorised under the following
  - Point source, (e.g. chimney/vent, identified by a number and detailed on a plan)
  - Fugitive source (e.g. from stockpiles/storage areas)

If any monitoring has been undertaken please provide the details of emission concentrations and quantity in terms of mass emissions. If no monitoring has been undertaken please state this.

**(Mass Emission – the quantification of an emission in terms of its physical mass per period of time. E.g. grams per hour, tonnes per year)**

- **Water emissions** should be identified at discharge points and copies of any discharge consents from either the Environment Agency or sewerage undertaker should be submitted, detailing the permitted discharge limits.

Doc Reference

---

**B2.3** For each emission identified from the installations' activities describe the current and proposed technology and other techniques for preventing or, where that is not practicable reducing the emissions. If no techniques are currently used and the emission goes directly to the environment, without abatement or treatment this should be stated.

Doc Reference

---

### **B3 Impact on the Environment**

Please provide written information about the impact the installations' emissions may have on the environment as listed below:

---

Information required:

**B3.1** Provide an assessment of the potential significant local environmental effects of the foreseeable emissions (for example, is there a history of complaints, is the installation in an air quality management area?)

Doc Reference

---

**B3.2** Provide an assessment of whether the installation is likely to have a significant effect on sites of special scientific interest (SSSIs) or European Sites and, if it is, provide an assessment of the implications of the installation for that site, for the purposes of the Conservation (Natural Habitats etc) Regulations 1994.

Doc Reference

---

### **B4 Environmental Statements and the Non Technical Summary**

**B4.1** Has an environmental impact assessment been carried out under The Town and Country Planning (Environmental Impact Assessment)(England & Wales) Regulations 1999, or for any other reason with respect to the installation.

No ☐

Yes ☐ Please supply a copy of the environmental impact assessment and details of any decision made

Doc Reference

---

**B4.2** Please provide a non technical summary of all the information required above. This will enable the public to understand your installation and its environmental impact when viewing the public register.

Doc Reference

---

### **B5 Additional information**

Please supply any additional information which you would like us to take account of in considering this application.
