Independent auditor's report to the members of Carlisle City Council

In our auditor's report issued on 27 January 2023, we explained that we could not formally conclude the audit and issue an audit certificate for the Authority for the year ended 31 March 2022, in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice, until we had:

- Completed our work on the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources. We have now completed this work, and the results of our work are set out below.
- Completed the work necessary to issue our Whole of Government Accounts (WGA) Component Assurance statement for the year ended 31 March 2022. We have now completed this work.

Opinion on the financial statements

In our auditor's report for the year ended 31 March 2022 issued on 27 January 2023 we reported that, in our opinion the financial statements:

give a true and fair view of the financial position of the Authority as at 31 March 2022 and of its expenditure and income for the year then ended;

have been properly prepared in accordance with the CIPFA/LASAAC Code of practice on local authority accounting in the United Kingdom 2021/22; and

have been prepared in accordance with the requirements of the Local Audit and Accountability Act 2014.

No matters have come to our attention since that date that would have a material impact on the financial statements on which we gave this opinion.

Report on other legal and regulatory requirements - the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

Matter on which we are required to report by exception – the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

Under the Code of Audit Practice, we are required to report to you if, in our opinion, we have not been able to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2022.

We have nothing to report in respect of the above matter.

Responsibilities of the Authority

The Authority is responsible for putting in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the review of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 to be satisfied that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We have undertaken our review in accordance with the Code of Audit Practice, having regard to the guidance issued by the Comptroller and Auditor General in December 2021. This guidance sets out the arrangements that fall within the scope of 'proper arrangements'. When reporting on these arrangements, the Code of Audit Practice requires auditors to structure their commentary on arrangements under three specified reporting criteria:

- Financial sustainability: how the Authority plans and manages its resources to ensure it can continue to deliver its services;
- Governance: how the Authority ensures that it makes informed decisions and properly manages its risks; and

- Improving economy, efficiency and effectiveness: how the Authority uses information about its costs and performance to improve the way it manages and delivers its services.

We documented our understanding of the arrangements the Authority has in place for each of these three specified reporting criteria, gathering sufficient evidence to support our risk assessment and commentary in our Auditor's Annual Report. In undertaking our work, we have considered whether there is evidence to suggest that there are significant weaknesses in arrangements.

Report on other legal and regulatory requirements – Audit certificate

We certify that we have completed the audit of Carlisle City Council for the year ended 31 March 2022 in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice.

Use of our report

This report is made solely to the members of the Authority, as a body, in accordance with Part 5 of the Local Audit and Accountability Act 2014 and as set out in paragraph 43 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the Authority's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

31 March 2023

Independent auditor's report to the members of Carlisle City Council

Report on the Audit of the Financial Statements

Opinion on financial statements

We have audited the financial statements of Carlisle City Council (the 'Authority') for the year ended 31 March 2022, which comprise the Comprehensive Income and Expenditure Statement, Movement in Reserves Statement, Balance Sheet, Cash Flow Statement, the Collection Fund Statement and notes to the accounts, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of practice on local authority accounting in the United Kingdom 2021/22.

In our opinion, the financial statements:

- give a true and fair view of the financial position of the Authority as at 31 March 2022 and of its expenditure and income for the year then ended;
- have been properly prepared in accordance with the CIPFA/LASAAC Code of practice on local authority accounting in the United Kingdom 2021/22; and
- have been prepared in accordance with the requirements of the Local Audit and Accountability Act 2014.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law, as required by the Code of Audit Practice (2020) ("the Code of Audit Practice") approved by the Comptroller and Auditor General. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are independent of the Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter – Demise of the organisation

In forming our opinion on the financial statements, which is not modified, we draw attention to note 'A.4 The Demise of the Organisation' to the financial statements, which indicates that Carlisle City Council will cease to exist on 31 March 2023 and the assets and liabilities, of Carlisle City Council will transfer to Cumberland Council on 1 April 2023.

Conclusions relating to going concern

We are responsible for concluding on the appropriateness of the Corporate Director of Finance and Resources' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Authority's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the auditor's opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the Authority to cease to continue as a going concern.

In our evaluation of the Corporate Director of Finance and Resources' conclusions, and in accordance with the expectation set out within the CIPFA/LASAAC Code of practice on local authority accounting in the United Kingdom 2021/22 that the Authority's financial statements shall be prepared on a going concern basis, we considered the inherent risks associated with the continuation of services provided by the Authority. In doing so we had regard to the guidance provided in Practice Note 10 Audit of financial statements and regularity of public sector bodies in the United Kingdom (Revised 2020) on the application of ISA (UK) 570 Going Concern to public sector entities. We assessed the reasonableness of the basis of preparation used by the Authority and the Authority's disclosures over the going concern period.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Authority's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the Corporate Director of Finance and Resources' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

The responsibilities of the Corporate Director of Finance and Resources with respect to going concern are described in the 'Responsibilities of the Authority, the Corporate Director of Finance and Resources and Those Charged with Governance for the financial statements' section of this report.

Other information

The Corporate Director of Finance and Resources is responsible for the other information. The other information comprises the information included in the Statement of Accounts, other than the financial statements, and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Other information we are required to report on by exception under the Code of Audit Practice

Under the Code of Audit Practice published by the National Audit Office in April 2020 on behalf of the Comptroller and Auditor General (the Code of Audit Practice) we are required to consider whether the Annual Governance Statement does not comply with 'delivering good governance in Local Government Framework 2016 Edition' published by CIPFA and SOLACE or is misleading or inconsistent with the information of which we are aware from our audit. We are not required to consider whether the Annual Governance Statement addresses all risks and controls or that risks are satisfactorily addressed by internal controls.

We have nothing to report in this regard.

Opinion on other matters required by the Code of Audit Practice

In our opinion, based on the work undertaken in the course of the audit of the financial statements and our knowledge of the Authority, the other information published together with the financial statements in the Statement of Accounts for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

Under the Code of Audit Practice, we are required to report to you if:

- we issue a report in the public interest under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make a written recommendation to the Authority under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make an application to the court for a declaration that an item of account is contrary to law under Section 28 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we issue an advisory notice under Section 29 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make an application for judicial review under Section 31 of the Local Audit and Accountability Act 2014, in the course of, or at the conclusion of the audit.

We have nothing to report in respect of the above matters.

Responsibilities of the Authority, the Corporate Director of Finance and Resources and Those Charged with Governance for the financial statements

As explained in the Statement of Responsibilities for the Statement of Accounts, the Authority is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this authority, that officer is the Corporate Director of Finance and Resources. The Corporate Director of Finance and Resources is responsible for the preparation of

the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of practice on local authority accounting in the United Kingdom 2021/22, for being satisfied that they give a true and fair view, and for such internal control as the Corporate Director of Finance and Resources determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Corporate Director of Finance and Resources is responsible for assessing the Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless there is an intention by government that the services provided by the Authority will no longer be provided.

The Audit Committee is Those Charged with Governance. Those Charged with Governance are responsible for overseeing the Authority's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. Owing to the inherent limitations of an audit, there is an unavoidable risk that material misstatements in the financial statements may not be detected, even though the audit is properly planned and performed in accordance with the ISAs (UK).

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the Authority and determined that the most significant, which are directly relevant to specific assertions in the financial statements, are those related to the reporting frameworks (international accounting standards as interpreted and adapted by the CIPFA/LASAAC Code of practice on local authority accounting in the United Kingdom 2021/22, The Local Audit and Accountability Act 2014, the Accounts and Audit Regulations 2015 and the Local Government Act 2003).
- We enquired of senior officers and the Audit Committee, concerning the Authority's policies and procedures relating to:
 - the identification, evaluation and compliance with laws and regulations;
 - the detection and response to the risks of fraud; and
 - the establishment of internal controls to mitigate risks related to fraud or non-compliance with laws and regulations.
- We enquired of senior officers, internal audit and the Audit Committee, whether they were aware of any instances of non-compliance with laws and regulations or whether they had any knowledge of actual, suspected or alleged fraud.
- We assessed the susceptibility of the Authority's financial statements to material misstatement, including how fraud might occur, by evaluating officers' incentives and opportunities for manipulation of the financial statements. This included the evaluation of the risk of management override of controls, improper revenue recognition and improper expenditure recognition. We determined that the principal risks were in relation to:
 - unusual journals with specific risk characteristics and large value journals; and
 - significant accounting estimates and critical judgements made by management.
- Our audit procedures involved:
 - evaluation of the design effectiveness of controls that the Corporate Director of Finance and Resources has in place to prevent and detect fraud;

- journal entry testing, with a focus on unusual journals with specific risk characteristics and large value journals;
- challenging assumptions and judgements made by management in its significant accounting estimates in respect of land and buildings, investment property and defined benefit pension liability valuations; and
- assessing the extent of compliance with the relevant laws and regulations as part of our procedures on the related financial statement item.
- These audit procedures were designed to provide reasonable assurance that the financial statements were free from fraud or error. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error and detecting irregularities that result from fraud is inherently more difficult than detecting those that result from error, as fraud may involve collusion, deliberate concealment, forgery or intentional misrepresentations. Also, the further removed non-compliance with laws and regulations is from events and transactions reflected in the financial statements, the less likely we would become aware of it.
- The team communications in respect of potential non-compliance with relevant laws and regulations, including the potential for fraud in revenue and expenditure recognition, and the significant accounting estimates related to land and buildings, investment property and defined benefit pensions liability valuations.
- Our assessment of the appropriateness of the collective competence and capabilities of the engagement team included consideration of the engagement team's.
 - understanding of, and practical experience with audit engagements of a similar nature and complexity through appropriate training and participation
 - knowledge of the local government sector
 - understanding of the legal and regulatory requirements specific to the Authority including:
 - the provisions of the applicable legislation
 - guidance issued by CIPFA/LASAAC and SOLACE
 - the applicable statutory provisions.
- In assessing the potential risks of material misstatement, we obtained an understanding of:
 - the Authority's operations, including the nature of its income and expenditure and its services and of its objectives and strategies to understand the classes of transactions, account balances, expected financial statement disclosures and business risks that may result in risks of material misstatement.
 - the Authority's control environment, including the policies and procedures implemented by the Authority to ensure compliance with the requirements of the financial reporting framework.

Report on other legal and regulatory requirements – the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

Matter on which we are required to report by exception – the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

Under the Code of Audit Practice, we are required to report to you if, in our opinion, we have not been able to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2022.

Our work on the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources is not yet complete. The outcome of our work will be reported in our commentary on the Authority's arrangements in our Auditor's Annual Report. If we identify any significant weaknesses in these arrangements, these will be reported by exception in a further auditor's report. We are satisfied that this work does not have a material effect on our opinion on the financial statements for the year ended 31 March 2022.

Responsibilities of the Authority

The Authority is responsible for putting in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the review of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 to be satisfied that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We undertake our review in accordance with the Code of Audit Practice, having regard to the guidance issued by the Comptroller and Auditor General in December 2021. This guidance sets out the arrangements that fall within the scope of 'proper arrangements'. When reporting on these arrangements, the Code of Audit Practice requires auditors to structure their commentary on arrangements under three specified reporting criteria:

- Financial sustainability: how the Authority plans and manages its resources to ensure it can continue to deliver its services;
- Governance: how the Authority ensures that it makes informed decisions and properly manages its risks; and
- Improving economy, efficiency and effectiveness: how the Authority uses information about its costs and performance to improve the way it manages and delivers its services.

We document our understanding of the arrangements the Authority has in place for each of these three specified reporting criteria, gathering sufficient evidence to support our risk assessment and commentary in our Auditor's Annual Report. In undertaking our work, we consider whether there is evidence to suggest that there are significant weaknesses in arrangements.

Report on other legal and regulatory requirements – Delay in certification of completion of the audit

We cannot formally conclude the audit and issue an audit certificate for Carlisle City Council for the year ended 31 March 2022 in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice until we have completed:

- our work on the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources and issued our Auditor's Annual Report'
- the work necessary to issue our Whole of Government Accounts (WGA) Component Assurance statement for the Authority for the year ended 31 March 2022.

We are satisfied that this work does not have a material effect on the financial statements for the year ended 31 March 2022.

Use of our report

This report is made solely to the members of the Authority, as a body, in accordance with Part 5 of the Local Audit and Accountability Act 2014 and as set out in paragraph 43 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the Authority's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

Gareth Kelly

SECTION 1 – NARRATIVE REPORT

1.1 Introduction

The City Council must prepare and publish its Statement of Accounts annually. Their purpose is to give electors, local taxpayers, Council Members, employees, and other interested parties clear information about the Council's finances. The accounts presented are of a Single Entity as the Council has no relationships that require it to prepare Group Accounts.

The aim is to provide information on:

- the cost of providing Council services in 2021/22;
- how these services were paid for;
- what assets the Council owned at the end of the financial year; and
- what was owed, to and by, the Council at the end of the financial year.

This narrative report gives a guide to the most important matters included in the Statement of Accounts. The Statement of Accounts for the year ended 31 March 2022 have been produced by the Corporate Director of Finance and Resources and consists of the following: -

(i) The Statement of Responsibilities for the Statement of Accounts

This sets out the respective responsibilities of the Council and the Corporate Director of Finance and Resources for preparing the Statement of Accounts.

(ii) The Movement in Reserves Statement

This Statement shows the movement from the start of the year to the end on the different reserves held by the authority, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other 'unusable reserves'. The Statement shows how the movement in year of the authority's reserves are broken down between gains and losses incurred in accordance with generally accepted accounting practices and the statutory adjustments required to return the amounts chargeable to council tax for the year. The Net Increase/Decrease line shows the statutory General Fund Balance movements in the year following those adjustments.

(iii) The Comprehensive Income and Expenditure Statement

This Statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with statutory requirements; this may be different from the accounting cost. The taxation position is shown in both the Expenditure and Funding Analysis (Note 4.12) and the Movement in Reserves Statement. The Comprehensive Income and Expenditure Statement (CIES) is prepared in accordance with the requirements of the Code of Practice 2021/22 and is reported in the management reporting segments used by the Council. These segments are used throughout the accounts and include the following services:

| Community Services | Economic Development | Corporate Support | Finance and Resources | Governance & Regulatory Services | Corporate Management |
|----------------------------|---|----------------------------------|-----------------------|---|---------------------------------------|
| Arts & Leisure Contracts | Building Control | Customer Services | Accountancy | City Engineers | Direct Revenue Financing |
| Bereavement Services | Business Support | Digital and Information Services | Audit | Democratic Services | Non-Distributed Costs (Pensions) |
| Car Parking | Conservation & Heritage | Risk Management | Creditors | Electoral Services | Corporate Management |
| City Centre Management | Development Control | PA Support Team | Debtors | Environmental Health | Other Financial Costs |
| Carlisle Partnership | Economic & Border Partnerships | | Finance | Enterprise Centre | Asset Management Costs (Depreciation) |
| Community Centres | Economic Development | | Revenues & Benefits | Health & Safety | |
| Community Safety | Enterprise Zone | | Insurance | Homelessness & Homelessness Accommodation | |
| Corporate Communications | Planning Enforcement | | Section 151 | Investment & Operational Property | |
| Emergency Planning | Regeneration & Projects | | Procurement | Land Charges | |
| Events | Rural Policy & Support | | | Legal Services | |
| Green Spaces | Section 106 / Community Infrastructure Levy | | | Licensing | |
| Marketing | Strategic & Housing Planning Policy | | | Mayoral Support | |
| Old Fire Station | | | | Member Services | |
| Overview & Scrutiny | | | | Monitoring Officer | |
| Policy & Performance | | | | Private Sector Housing | |
| Refuse and Recycling | | | | Strategic Property | |
| Sports Development | | | | Welfare Advice Service | |
| Street Cleaning | | | | | |
| 3rd Sector Grants | | | | | |
| Tourism | | | | | |
| Health & Wellbeing | | | | | |
| HR, Payroll & Personnel | | | | | |
| Organisational Development | | | | | |

(iv) The Balance Sheet

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Council. The net assets of the Council (assets less liabilities) are matched by the reserves held by the Council. Reserves are reported in two categories. The first category of reserves are usable reserves, i.e. those reserves that the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example capital reserves that may only be used to fund capital expenditure or repay debt). The second category of reserves are those that the Council is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example revaluation reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line “adjustments between accounting basis and funding basis under regulations”.

(v) The Cash Flow Statement

The Cash Flow statement shows the changes in cash and cash equivalents of the Council during the reporting period. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as, operating, investing, and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council’s future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Council.

(vi) Notes to the Accounts

These explain in more detail some of the more significant entries in the core financial statements and include details of the significant Accounting Policies used in the preparation of the accounts.

(vii) The Collection Fund

This shows the total income received by the Council from council tax and business rates and how this has been distributed to all precepting organisations it is collected for, including the Council.

(viii) The Annual Governance Statement

This explains the framework within which internal control has been managed and reviewed by the Council during the year of account.

1.2 2021/22 Budget and Medium-Term Financial Plan

The 2021/22 revenue budget was set within the context of the Council’s Medium-Term Financial Plan (MTFP). The MTFP provides the financial framework within which the Council will seek to achieve its priorities and highlights any significant factors that will affect the future financial position of the Council.

The MTFP considers five key Financial Principles:

- Revenue Budget Strategy
- Commercial and Income Generation
- Council Tax and Business Rates Policy
- Capital Investment
- Treasury Management

The MTFP for 2021/22 highlighted that the key risks to the Council financially in the future were the uncertainties around the future design of a Business Rate Retention scheme and the Fair Funding Review. However, given these uncertainties, the budget for 2021/22, which was set in February 2021, showed that the Council still had to make £2.050million-of savings, and overall general fund reserves would show a small decrease over the period 2021/22 to 2025/26.

By the end of 2022/23, the savings still to be achieved on a recurring basis amount to £2.050million. The MTFP assumes that these savings are due to be found in total by 2023/24 but due to the uncertainties around future long-term changes to local government funding and local government reorganisation, this position will be subject to review and will be addressed in the Medium-Term Financial Plan for Cumberland Council.

Revenue expenditure generally relates to resources which are used within a year and which are paid for from council tax, business rates, government grants, fees and charges for services and other income received by the Council.

Summary Service Expenditure Comparison of Budget to Actual

The table below shows a comparison of the Council's revised budget with its performance for 2021/22. More detailed information is shown in the Comprehensive Income and Expenditure Statement on page 23.

| 2021/22 Revenue Budget | £000 |
|--|---------------|
| Approved Budget (Council Resolution - February 2021) | 13,381 |
| Carry Forward requests (2020/21 Outturn) | 1,721 |
| Supplementary Estimate | 91 |
| Budget 2021/22 as at March 2022 | 15,193 |
| Non-Recurring Expenditure | |
| Use of Building Control Reserve | 10 |
| Use of Economic Recovery Reserve | 50 |
| Use of Prosecution Fund Reserve | 2 |
| Use of Revenue Grants Reserve | 520 |
| Use of Operational Risk Reserve | 2,100 |
| Use of Council Tax Hardship Grant Reserve | 359 |
| Use of Business Rates s31 Grants Reserve | 9,463 |
| Use of Council Tax Income Guarantee Reserve | 23 |
| Transfer to Planning Services Reserve | (57) |
| Transfer to Cremator Reserve | (89) |
| Additional Business Rates Income | (9,463) |
| Additional Council Tax Income | (23) |
| Revised Budget 2021/22 | 18,088 |
| | |

| | Budget £000 | Provisional Outturn £000 | Variance £000 |
|--|-----------------|--------------------------------|------------------|
| Community Services | 11,147 | 10,615 | (532) |
| Corporate Support | 292 | 193 | (99) |
| Economic Development | 2,390 | 1,093 | (1,297) |
| Finance and Resources | 2,189 | 2,145 | (44) |
| Governance and Regulatory Services | 2,039 | 970 | (1,069) |
| Corporate Management | (2,130) | (1,866) | 264 |
| Exceptional Items | 2,161 | 788 | (1,373) |
| Service Expenditure | 18,088 | 13,938 | (4,150) |
| Parish Precepts | 708 | 708 | 0 |
| Total | 18,796 | 14,646 | (4,150) |
| <u>Transfers to/(from) Reserves</u> | | | |
| General Fund Reserve | (1,347) | 1,124 | 2,471 |
| Building Control Reserve | (10) | 38 | 48 |

| Prosecutions Fund Reserve | 0 | 13 | 13 |
| Carry Forward Reserve | 0 | 240 | 240 |
| Leisure Reserve | 0 | 400 | 400 |
| Tullie House Reserve | 0 | 800 | 800 |
| Total Transfer to/(from) Reserves | (13,726) | (5,634) | 8,092 |
| Financed by: | | | |
| Precept from Collection Fund | (8,324) | (8,344) | (20) |
| Business Rate Retention | (6,209) | (10,131) | (3,922) |
| Business Rate Deficit on Collection Fund | 9,463 | 9,463 | 0 |
| Total Grants | (5,070) | (9,012) | (3,942) |
| Total | (18,796) | (14,646) | 4,150 |

The Council has total usable reserves of £16.786million at 31 March 2022 (£22.405million at 31 March 2021), of which the total earmarked reserves held are £9.986million (£16.969million at 31 March 2021). Further details of these reserves can be found at note 4.5.

For 2021/22 the Council was under-spent by £4.150million against the revised budget. This resulted in a lower use of general fund reserves in 2021/22 than expected. However, of the under spend, £1.968million has been identified for carrying forward into future years and £2.526million has been placed into earmarked reserves and provisions to meet known

commitments. A further £3.155million from the additional funding received in year of £3.856million has also been placed into earmarked reserves to meet known commitments on the Collection Fund.

The Council also has other unusable reserves totalling £132.988million at 31 March 2022 (£105.795million at 31 March 2021). Certain reserves are used to manage the accounting processes for assets and retirement benefits and do not represent usable resources for the Council.

The table below sets out how the Council's earmarked and general fund revenue reserves levels compares at 31 March 2022 to those that were forecast when it set its revenue budget in February 2021.

| | Forecast 31/03/2022 £000 | Outturn 31/03/2022 £000 |
|---|--------------------------------|-------------------------------|
| General Reserves | | |
| General Fund (including Projects Reserve) | (2,969) | (5,932) |
| Carry Forward Reserve | (632) | (868) |
| | (3,601) | (6,800) |
| Earmarked Reserves | | |
| Building Control Reserve | (91) | (62) |
| Cremator Reserve | (785) | (1,286) |
| City Centre Reserve | (5) | (5) |
| Flood Reserve | (4) | (4) |
| Lanes Reserve | (105) | (105) |
| Planning Services Reserve | (205) | (264) |
| Prosecutions Fund Reserve | (36) | (49) |
| Revenue Grants Reserve | (1,209) | (2,584) |
| Apprentice Reserve | (78) | (96) |
| Waverley Viaduct Reserve | (30) | (30) |
| Operational Risk Reserve | 0 | (1,100) |
| Council Tax Income Guarantee Reserve | 0 | (46) |
| Business Rates s.31 Grant Reserve | 0 | (3,155) |
| Tullie House Reserve | 0 | (800) |
| Leisure Reserve | 0 | (400) |
| | (2,548) | (9,986) |
| Total Usable Reserves | (6,149) | (16,786) |
| | | |

The amount held in the Business Rates s.31 Grant Reserve is in relation to Section 31 grant received as compensation for loss of business rates due to expanded retail, leisure and hospitality relief granted to businesses as part of the COVID-19 response by Government. The amount held in the reserve will be used to offset the estimated deficit on the Collection Fund that will be recovered in 2022/23 and as such is unavailable for any other purpose.

For a more detailed analysis of the breakdown of income and expenditure and an explanation of variances from the budget a revenue outturn report for 2021/22 has been prepared which provides additional information on the year end position. This is available upon request from the Corporate Director of Finance and Resources.

1.3 Capital Expenditure and Financing

Capital expenditure relates to spending on the acquisition, creation and enhancement of fixed assets that generally have a life more than one year. This spending is usually paid for from borrowing, the sale of assets, specific government and other grants, capital balances

and contributions from revenue balances. Spending on assistance to the private sector for renovation grants, disabled facilities grants and other housing improvement schemes is also classed as capital expenditure and is known as Revenue Expenditure funded from capital under statute, because the spending does not generate an asset to the Council.

(i) Capital Expenditure

The Council's revised capital programme for 2021/22 was approved at £28.426million. Overall capital spending for 2021/22, totalled £20.955million, resulting in an underspend of £7.471million. Where projects have not completed in the year, £7.107million has been reprofiled to future years. The overall programme can be summarised as follows:

| | £000 | £000 |
|--|--------|---------------|
| Revenue Expenditure funded from Capital Under Statute | | |
| Disabled Facilities Grants | 1,992 | |
| Future High Street Projects | 100 | |
| Other Schemes | 44 | |
| | | 2,136 |
| Capital Investment on Assets | | |
| Industrial Estates | 64 | |
| Equipment, Vehicles and Plant | 490 | |
| Enhancements to Council Property | 2,555 | |
| Leisure Facilities Redevelopment | 13,684 | |
| Town Deal Projects | 364 | |
| Citadels Project | 926 | |
| Other Schemes | 736 | |
| | | 18,819 |
| | | 20,955 |
| | | |

The programme has been financed as follows:

| | £000 |
|--|---------------|
| Capital Receipts | 80 |
| Specified Capital Grant | 2,156 |
| Other Capital Grants and Contributions | 1,849 |
| Direct Revenue Financing | 2,222 |
| Unfinanced Capital Expenditure | 14,648 |
| | 20,955 |
| | |

(i) Borrowing

The Council has powers to borrow money for capital purposes under Section 1 of the Local Government Act 2003. The Council held a balance of £12.844million of borrowing with PWLB at 31 March 2022. No further borrowing was undertaken in the year. Further borrowing is scheduled in the Medium-Term Financial Plan, however, this is constantly reviewed to ensure borrowing is undertaken at the most appropriate time and when it is required.

(ii) Capital Receipts

The Council utilises capital receipts generated from the sale of its assets to pay for its capital spending wherever possible. This includes assets disposed of in line with the Council's Asset Disposal Business Plan.

1.4 Balance Sheet Analysis

The Balance Sheet is an important statement for the Council as it provides details of the overall health of the Council's finances. The Council's holding of Property, Plant and Equipment and Investment Properties has increased in value in the year from £187.145million to £211.523million.

(i) Reserves & Balances

The following table shows a reconciliation between the amount of cash-backed reserves held by the Council at 31 March and the amount of cash and investments it held at 31 March.

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--|-----------------|
| (5,436) | General Fund Balance | (6,800) |
| (90) | Capital Reserves | (105) |
| (16,879) | Earmarked Reserves | (9,881) |
| 9,570 | Collection Fund Adj Account | 3,513 |
| (1,964) | Provisions | (1,298) |
| (126) | Capital Grant Unapplied | (90) |
| (14,925) | Amount available for Investment | (14,661) |
| | Investments | |
| 3,289 | Long Term | 3,867 |
| 5,000 | Short Term | 12,000 |
| 6,802 | Cash & Cash Equivalents | 17,277 |
| 15,091 | Total Investments | 33,144 |
| 166 | Surplus Monies / (Internal Borrowing) | 18,483 |
| (6,368) | Working Capital | (39,796) |
| (6,202) | Surplus Monies / (Internal Borrowing) | (21,313) |

This table shows that at 31 March the Council's cash balances held in investments was made up of its cash-backed reserves and balances (£14.661million) and cash held in working capital. The net position shows that £21.313million can be represented by a position of under borrowing. The actual borrowing the Council held at 31 March was £12.844million, the actual borrowing requirement the Council had at 31 March was £34.158million (Note 4.40). In effect the Council is utilising its own cash balances to support its borrowing requirement and arises due to the prior year repayment of the stock issue borrowing which has yet to be replaced with any further external debt and an inflow of grant funding that is supporting the Council's cash balance position. The 2022/23 budget anticipated that there would be an over borrowed position of £16.586million at 31 March.

1.5 Cash Flows

During 2021/22 the net change in cash and cash equivalents was £10.475million.

1.6 Pension Liability

The full implementation of International Accounting Standard (IAS) 19 Employee Benefits has led to a Pensions Liability being recognised in the balance sheet. This liability stands at £41.753million at 31 March 2022.

The liability shows the underlying long-term commitments that the Council must pay in respect of retirement benefits. The total liability of £41.753million has a significant effect on the net worth of the Council as shown in the balance sheet, but statutory arrangements to deal with the funding deficit mean that the financial position of the Council remains robust. The deficit on the local government pension scheme will be dealt with by increasing contributions over the remaining working life of employees, following an assessment by the scheme's actuary.

An up-front payment, based on estimates for 2021/22, was paid in relation to current service costs, with a reconciling amount included in the accounts for the actual contributions paid in the year.

1.7 Significant Issues

(i) COVID-19

Although not as significant an issue as in 2020/21, the COVID-19 pandemic continued to cause disruption to the delivery of Council services and have an impact on the financial position of the Council. The Government continued to provide a series of financial support and grant scheme packages to provide funding to those individuals, businesses and public bodies affected by the pandemic. The Council also received further funding directly to help it support its own financial position and the additional costs and losses of income it was incurring.

Emergency Funding to Local Authorities

The Council received the following funding to support its financial losses through the pandemic:

| | Charged to Core Services £ | Exceptional Items £ | Total £ |
|--|-------------------------------------|---------------------------|--------------------|
| Funding Received | 0 | (801,320) | (801,320) |
| Compliance and Enforcement Funding Applied | 0 | (139,153) | (139,153) |
| Reopening the High Street Funding Applied | (107,530) | 0 | (107,530) |
| Additional Funding for Elections | (7,996) | 0 | (7,996) |
| Test and Trace Support Grant Funding | 0 | (33,729) | (33,729) |
| Sales Fees and Charges Compensation | 0 | (51,377) | (51,377) |
| | (115,526) | (1,025,579) | (1,141,105) |
| | | | |

The funding is un-ringfenced and was allocated to support the additional expenditure incurred in dealing with the pandemic as well as losses of income that have also materialised.

Monthly returns continued to be provided to DLUHC. The Council continued to see the impact of COVID, particularly in relation to car parking income losses, and continued to incur additional expenditure, particularly in relation to PPE and cleaning contracts. These costs were reported to Executive and Scrutiny throughout the year as part of the overall budget monitoring process.

Revenue losses

As part of the monthly monitoring to DLUHC, the Council recorded additional expenditure and losses of income in areas affected by the pandemic. The table below shows the final position at the end of March.

| | Charged to Core Services £ | Exceptional Items £ | Total £ |
|---|-------------------------------------|---------------------------|------------------|
| Additional Expenditure Included on COVID Return | 0 | 201,430 | 201,430 |
| Reopening the High Street | 107,530 | 0 | 107,530 |
| Elections | 20,138 | 0 | 20,138 |
| Compliance and Enforcement | 0 | 139,153 | 139,153 |
| RBS New Burdens Expenditure | 0 | 10,522 | 10,522 |
| Rough Sleeping | 25,810 | 0 | 25,810 |
| Sales Fees & Charges Income Shortfalls | 455,635 | 0 | 455,635 |
| Sales Fees & Charges Reductions in Expenditure | (76,961) | 0 | (76,961) |
| Other Income Shortfalls | 241,535 | 0 | 241,535 |
| Commercial Income | 72,973 | 0 | 72,973 |
| Total Covid Pressures | 846,660 | 351,105 | 1,197,765 |
| | | | |

Grants distributed by the Council

The Council received a total of £14,049,409 from Government to distribute to businesses and to individuals. The table below shows the value of the grants received and the payments made by the Council in 2021/22.

| | Net Position Brought Forward | Grant Income £ | Payments £ | Net Position £ | Principal / Agent |
|--|------------------------------------|----------------------|-------------------|----------------------|----------------------|
| Small Business Grant Fund, Retail, Hospitality & Leisure Grant Fund | 0 | 10,000 | (10,000) | 0 | Agent |
| Discretionary Grant Fund | 0 | 0 | 0 | 0 | Principal |

| Additional Restrictions Grant | (161,726) | 0 | 151,085 | (10,641) | Principal |
| ARG Relief Fund | 20,000 | 0 | 185,005 | 205,005 | Principal |
| ARG Top Up | 0 | (907,736) | 638,969 | (268,767) | Principal |
| Test & Trace Support Grant | (55,000) | (132,500) | 246,500 | 59,000 | Agent |
| Test & Trace Discretionary Grant | (108,000) | (483,500) | 557,000 | (34,500) | Agent |
| Test & Trace County Element | 0 | (130,000) | 56,000 | (74,000) | Agent |
| Other | (318,471) | (10,430,886) | 10,606,045 | (143,312) | |
| Omicron HLG | 0 | (1,740,132) | 952,054 | (788,078) | Agent |
| Omicron ARG | 0 | (210,487) | 271,600 | 61,113 | Principal |
| COVID Additional Relief Fund (CARF) | 0 | (2,372,886) | 0 | (2,372,886) | Agent |
| Total | (3,986,559) | (14,049,409) | 12,248,311 | (5,787,657) | |
| | | | | | |

The £5,787,657 has been carried forward on the Balance Sheet as creditors or Income in Advance pending further payments being made in 2022/23.

In accordance with IFRS15 *Revenue from Contracts with Customers*, the Council has determined whether it is acting as a Principal or Agent when accounting for the grant income received and distributed. Where it acts as an Agent (acting as an intermediary), the income and expenditure has not been reflected in the authority's financial statements and has been recorded as a net position. Where it has acted as a Principal (acting on its own behalf), the income and expenditure are both shown gross in the CIES. The total value of Agent transactions is £12,931,186 income received and £10,996,916 payments made. The total value of Principal transactions is £1,118,223 income received and £1,251,862 payments made. The balance of grant income received has been carried forward as an Income in Advance on the balance sheet for either future distribution or potential repayment to central government.

In total £2,565,373 has been credited to the Comprehensive Income and Expenditure Statement (Note 4.21) and is made up as follows:

| | £ |
|---|------------------|
| Grants Accounted for as a principal transaction | 1,251,862 |
| Emergency Funding to Local Authorities | 886,426 |
| Compliance and Enforcement Funding | 198,512 |
| Test & Trace Funding | 228,573 |
| Total | 2,565,373 |
| | |

(ii) Revaluation of Assets

A revaluation of all Property assets has been undertaken as at 31 March 2022. Included in the Comprehensive Income and Expenditure Statement within Services are net upward revaluations totalling £1.037million in relation to Property, Plant and Equipment.

Investment properties have also been revalued in line with the Code and this has seen a net increase in value of £1.482million.

(iii) Economic Climate

The Council continued to experience the effects of low interest rates in 2021/22, however the effects of increasing inflation will be a key challenge moving into 2022/23.

Expenditure on employee costs increased from 2020/21 levels from £18.580million to £20.317million. Other expenditure decreased from 2020/21 levels of £41.761million to £37.083million due to lower levels of Housing Benefit grant payments paid out but increased levels of grant payments in relation to Covid-19.

(iv) Sustainable Warmth Funding

The Council was successful in attracting funding towards a Countywide Sustainable Warmth Project. The funding, provided by BEIS (Department of Business, Energy and Industrial

Strategy), is for a Countywide project to deliver improvements in energy efficiency and sustainability in certain households. The Council is acting as accountable body and all funding and expenditure will come through the Council, in a principal arrangement. The funding of £19.955m was received by the Council in December 2021. No expenditure was incurred in 2021/22 so the grant has been carried forward as capital grant receipt in advance. The expectation is that the funding will be defrayed in 2022/23 with a current project end date of 31 March 2023.

(v) Key Risks

The Council maintains a Corporate Risk Register which is reported to members on a quarterly basis. The key risks currently on the register are as follows:

- There is a risk that the Government fails to communicate changes to future local government funding from 2022 in a timely manner, meaning that the City Council cannot effectively prepare for these changes.
- There is a risk that the financial impact of the Covid-19 pandemic on the Council's budget is not fully understood which may require future changes to the Council's Savings Strategy.
- There is a risk that we fail to fully recognise and manage our operational and investment assets leading to high long-term dilapidation costs and reducing control on future capital decisions
- There is a risk that we fail to effectively prioritise and resource key city regeneration sites and miss the opportunity to take these forward in a progressive manner that meets the Council's aspirations.
- There is a risk that the City Council will not fulfil its obligations as set out in the Carlisle Southern Link Road (CSLR) Grant Determination Agreement with Homes England and that subsequently the funding will be withdrawn, this meaning that the City Council will consequently have to pay the County Council £5m as agreed in the Collaboration Agreement with the County Council.
- There is a risk that we fail to deliver the required new leisure facilities at the Sands Centre, on time and within budget and therefore do not meet the saving targets identified in the Medium-Term Financial Plan.
- There is a risk that critical Information and Technology (I&T) applications or infrastructure become unavailable which impacts on the delivery of council services.
- There is a risk that our digitally held data becomes unavailable, unreliable or is stolen due to error, negligence, or malice
- There is a risk that as the LGR Programme enters the design phase (March-April) and prepares for Day 0 (Shadow Authority, Mid-May 2022) and Day 1 (Vesting Day, 1/4/2023) that the demands of fulfilling the programme will begin to compete with the commitments made to delivering the Carlisle Plan and associated corporate services. This may draw resources away from the Carlisle Plan delivery and associated corporate services which could lead to delays and increased costs, due to the need to recruit additional resources.

These risks are regularly monitored, updated and reported to ensure they are mitigated and managed as far as possible.

(vi) Key Opportunities

Local Government Reorganisation is now the key opportunity for the Council in delivering a new Unitary Authority across the existing geographical areas of Carlisle, Copeland and Allerdale, and incorporating the functions and services of the County Council. Detailed work is underway to progress a 'safe and legal' position for vesting day; 1 April 2023.

The Council continues to be an integral part of the Borderlands partnership with four other local authorities across the Borders region. The UK and Scottish Governments announced an initial funding deal worth £345million. Progress continues to be made on the delivery of the projects allocated to the Carlisle area.

The Council has also been allocated a share (£9.1m) of the Future High Streets fund and is in the process of preparing detailed Business Cases for the allocation of £19.7m of Town Deal Funding it has been awarded. These schemes are progressing with detailed business cases being created and submitted to government for final sign off before delivery can proceed.

The new leisure facilities are nearing the end of construction and will open in the autumn of 2022 delivering a state-of-the-art leisure complex for the City.

1.8 Council Priorities

The Council's vision is proposed by the Executive as part of the Carlisle Plan ("the Plan") which is debated and agreed by full Council. This vision is then communicated through the Carlisle Plan itself, which is a working document for staff and members. An annual report communicates the outcomes and performance of the Plan to residents and the end of year performance presenting the key outcomes to the Executive and Scrutiny Panels. The Carlisle Plan was updated in 2021/22 to better reflect the Executive's current priorities and the plan for 2021-2023 was adopted by full Council in September 2021. The new plan covering 2021-2023 is available on the Council's website. The new plan will continue with a focus on Supporting the Economy and Health & Wellbeing.

The Carlisle Plan outlines the key priorities for the Council. These key priorities are:

- **Economic Growth**
 - We will continue to prioritise the current response to and rapid recovery from the economic impacts of the Covid-19 pandemic on the local economy.
 - Key Economic Growth Programmes and Projects:
 - Delivering the Borderlands Inclusive Growth Deal
 - Delivering St Cuthbert's Garden Village
 - Delivering the Future High St Fund, Towns Fund, Town Deal Accelerated Fund and related regeneration Projects
 - Building on success through new economic opportunities
- **Health and Wellbeing**
 - We will continue to prioritise the current response to and rapid recovery from the health and wellbeing impacts of Covid-19 pandemic
 - Key Health and Wellbeing Programmes and Projects:
 - Delivering the Phase VII World Health Organisation Healthy City Plan
 - Delivering the Sands Centre Redevelopment project
 - Support the delivery of partnership plans
 - Delivering the Homelessness Prevention and Rough Sleepers Strategy
 - Delivering the private sector housing standards to include a range of grants, advice, support and regulation
 - Delivering the Local Environment (Climate Change) Strategy
 - Delivering the Green Spaces Strategy and supporting the delivery of the Local Cycling and Walking Infrastructure Plan (CWIP)
 - Developing the new Cumbria Waste Strategy
 - Supporting the delivery of the Carlisle Cultural Network

The Council monitors its non-financial performance through ten 'Service Standards'. These provide a standard in service that our customers can expect from the City Council and a standard by which the Council can be held to account. The measures of the standard of services are based on timeliness, accuracy, and quality of the service the Council provides in areas that have a high impact on our customers.

The Council operates with the following core principles that underpin the Carlisle Plan:

- We will be a clear, committed, and confident Council.
- The principles have been developed by our staff and councillors to guide how we will deliver our vision for Carlisle.
- By setting out our vision, we show that we understand the needs of Carlisle's residents, businesses, and visitors. Our plans to respond to these needs are clear and straightforward. We know what is expected of us and do our best to create clarity in how we work.
- We are committed to achieving our vision for Carlisle. We will ensure that our day to day work and resources are consistent with the priorities.
- We will continue to work effectively with partners to drive positive change for Carlisle and will celebrate our successes and achievements. As part of our ongoing work to develop all our communities we will engage young people and make sure the Carlisle Plan helps to deliver their aspirations for Carlisle.

Further information on the Council's priorities and achievement of key objectives is given in the Annual Governance Statement.

Operational Model

The Council receives most of its funding from taxation - Council Tax (£8.344million) levied on residents and Business Rates (£10.131million) levied on businesses. It also receives funding from Central Government in the form of Specific Grants such as New Homes Bonus, Housing Benefit Administration Grant, and Covid-19 support.

As well as core funding sources, the Council also relies heavily on income from fees and charges and rental income from its significant asset portfolio. These provide a valuable source of funding that can be used to supplement the service delivery for the residents of Carlisle.

The Council delivers a range of services as outlined above with the majority being provided by internal staffing resources. The key services the Council delivers are waste collection, street cleaning, bereavement services, green spaces, homelessness and private sector housing support, regulatory services such as environmental health, planning and building control. Leisure and Cultural provision are provided with support from external organisations primarily Greenwich Leisure Ltd, and Tullie House Trust.

Employees are an asset of the Council and as such the Council ensures its employees are well trained and empowered to achieve their best for Carlisle.

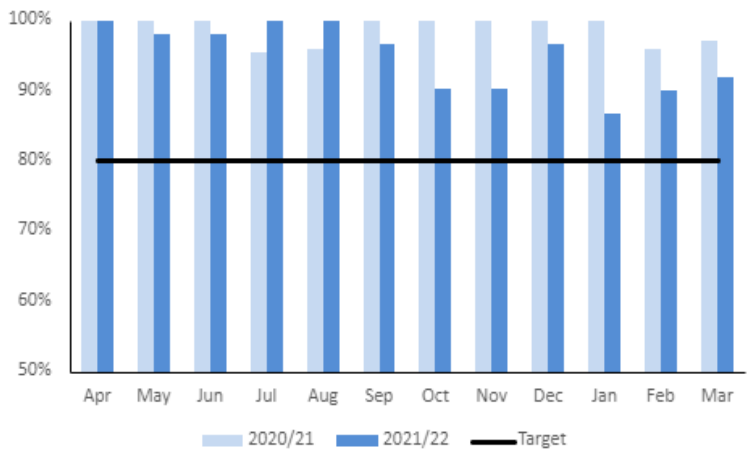

In the light of reducing support from central government the Council has over the past few years become increasingly efficient in the way it deploys the resources it must ensure that it can maintain an acceptable level of service delivery. It has a good history of achieving the transformational savings it requires and as such has been able to set a balanced budget.

In 2021/22 the Council was able to utilise all resources (financial and non-financial) to deliver the services it provides. The non-financial performance of service delivery is outlined below and demonstrates that whilst challenging, non-financial performance was, overall, at target performance or above. This together with the delivery of these services within the approved budget mean that the Council was able to deliver the outcomes and value planned when the budget was set in line with the Carlisle Plan priorities.

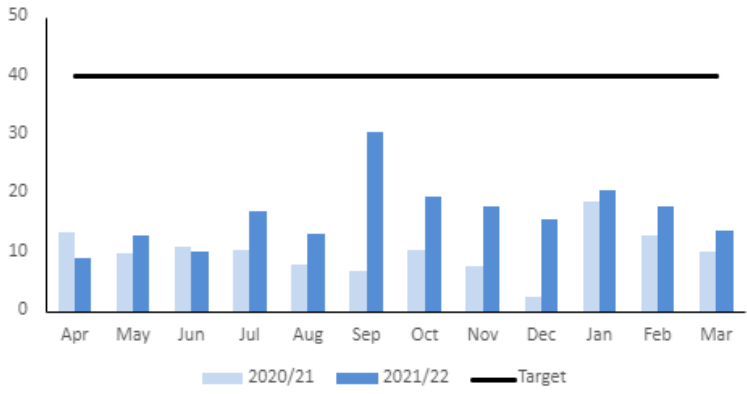

1.9 Non-Financial Performance

The year-end position of the Council's Service Standards is shown below:

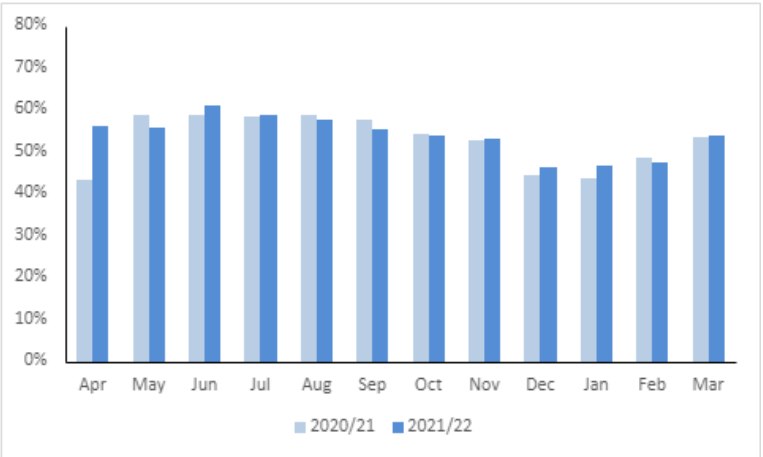

Percentage of Household Planning Applications processed within eight weeks

| Service Standard | 2021/22 | Performance by Month | Further Information |
|--------------------------------|---------------------------|---|---------------------|
| 80% (Nationally set target) | 95.6% (2020/21: 98.5%) |  <p>429 household planning applications were processed in the year compared with 274 last year.</p> | |
| | On target? | | |

1.10 Value for Money

The Council recognises its responsibility to achieve Value for Money (VFM) in service delivery. It seeks to incorporate VFM principles in delivering services by taking account of costs, quality of services and the local context.

1.11 Workforce

As at 31 March 2022 the Council employed 465 employees. This was split 251 females and 214 males. There were 307 full time employees with 158 part-time/job-share.

As at 31 March 2021 the Council employed 470 employees. This was split 238 females and 232 males. There were 324 full time employees with 146 part-time/job-share.

The Council is required to pay the Apprenticeship Levy and in 2021/22 paid over £45,436 into its Digital Apprenticeship Service Account. The Council accessed £40,946 of funding for apprenticeship training in 2021/22, with the balance carried forward being £54,961 which can be accessed in 2022/23.

1.12 Expenditure & Funding Analysis

The Expenditure and Funding Analysis shows how annual expenditure is used and funded from resources (government grants, rents, council tax and business rates) by the Council in comparison with those resources consumed or earned by the Council in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the council's directorates/services/departments. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement. The detail of the Expenditure and Funding Analysis can be found at Note 4.12.

1.13 Major Influences on the Authority

During 2021/22 the Council has continued to recognise that it will be required to make savings through its programme of transformational change considering reducing funding levels. Where possible these savings are being found on a non-recurring basis pending future notification of how the Fair Funding Review, Comprehensive Spending Review and Business Rates Retention system will affect the Council financially in the longer term.

In the summer of 2021, the decision was made to transition from a two-tier local authority structure to a two-Unitary authority structure for Cumbria. The geographical area covering Carlisle, Copeland and Allerdale will merge into the new Cumberland Council on 1 April 2023 and will subsume functions from the County Council as well. Local Elections were held in May 2022 to elect the Members for the new authority and a new Shadow Authority is now directing the process up to vesting day on 1 April 2023.

The Council has contributed £1,576,667 to an implementation reserve alongside the other Cumbrian Local Authorities. Of this £1,347,036 was paid over to the County Council during 2021/22 for them to defray the expenditure in relation to LGR transition. The City Council is the employing authority for the Programme Director and as such the balance of the contribution is held in the City Council accounts and expenditure is incurred against this. The total costs incurred are shown within exceptional items within the CIES.

1.14 Going Concern

These accounts have been prepared on the basis that the Council continues to operate as a going concern for the foreseeable future. Due to the economic and statutory environment in which local authorities operate it has been confirmed that as authorities cannot be created or dissolved without statutory prescription, it would not therefore be appropriate for their financial statements to be provided on anything other than a going concern basis.

Although that is the technical definition, to allow a going concern basis to be provided the Council can also clearly demonstrate that it can continue to meet its financial commitments as they occur via the delivery of its Medium-Term Financial Plan (MTFP). The usable cash reserves position (£16.896million) remains healthy and on the Balance Sheet the Current Assets position of £35.917million is lower than Current Liabilities position of £45.410million (excluding repayable borrowing) so liquidity in the short term is negative. This is primarily due to the Council being under-borrowed at 31 March as outlined in 1.4.

In preparing these Statement of Accounts, materiality has been guided by the External Auditors materiality level (£1.224million), but also has consideration to any item that it is thought would be of interest and significance to the reader of the accounts in the context of the activities of the Council (for example, employee remuneration).

1.15 Events after the Balance Sheet Date

Events taking place after the 31 March 2022 are not reflected in the financial statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2022, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information.

In the period since 31 March there has been an increased period of both political and economic volatility. Bank base rates have increased from 0.75% in March to 2.25% in September, with a further increase expected in November 2022. Inflation has also increased from 7% in March to 10.1% in September. The continued unrest in Ukraine is also increasing volatility in markets and economic activity. As these factors have changed since 31 March and were not present at the date of the balance sheet, any impact from these conditions would be deemed to be a non-adjusting post balance sheet event. It is likely that the worsening inflationary position will increase cost pressures on the Council in the future both in terms of general expenditure and expectations for pay awards. It is not possible to quantify the impact on the valuations of property, plant and equipment and investment properties due to the varied nature of the Council's asset holdings and would potentially require a detailed valuation exercise to estimate. Any impact would be dealt with as part of the valuation process for 2022/23.

These changes in economic circumstances will also impact on the pension liability and details of how this is impacted is included at note 4.42.

Increases in interest rates will impact on the Council's investment income achieved in 2022/23, with the Council investing mainly with UK banks. The Council's external borrowing is on fixed rate interest, so is unaffected by changes in PWLB rates as a result of bank rate changes, however any future borrowing required may be at a higher level than anticipated when the MTFP was produced.

1.16 Accounting Policy Information

The accounts of the Council comply with the relevant accounting practices laid down by the Accounting Standards authorities and the 2021/22 Code of Practice on Local Authority Accounting. The accounts reflect the changes to the Code in relation to the accounting requirement for infrastructure assets that was announced in November 2022.

1.17 Further Information

As part of the Council's policy of providing full information about the Council's affairs, further information regarding the accounts is available on request from the Corporate Director of Finance and Resources, Civic Centre, Rickergate, Carlisle. In addition, members of the public have a statutory right to inspect the accounts before the audit and to have a copy of the Statement of Accounts after the audit has been completed.

Signed:

A Taylor
Corporate Director of Finance and Resources

Date: 27 January 2023

SECTION 2 - STATEMENT OF RESPONSIBILITIES FOR THE STATEMENT OF ACCOUNTS

2.1 The Responsibilities of the Council

The Council is required to:

- make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Council, that officer is the Corporate Director of Finance and Resources;
- manage its affairs to secure economic, efficient, and effective use of resources and safeguard its assets; and
- approve the Statement of Accounts.

2.2 The Responsibilities of the Corporate Director of Finance and Resources

The Corporate Director of Finance and Resources is responsible for the preparation of the Statement of Accounts in accordance with proper practices as set out in the CIPFA (Chartered Institute of Public Finance Accountants)/LASAAC (Local Authority (Scotland) Accounts Advisory Committee) Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing this statement of accounts, the Corporate Director of Finance and Resources has:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent; and
- complied with the local authority Code.

The Corporate Director of Finance and Resources has also:

- kept proper accounting records which were up to date; and
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

The Corporate Director of Finance and Resources is required to give a true and fair view of the financial position of the Council at 31 March 2022 and its income and expenditure for the year ended 31 March 2022.

Signed:

Alison Taylor
Corporate Director of Finance and Resources

Date: 27 January 2023

SECTION 4 – NOTES TO THE ACCOUNTS

4.0 Accounting Policies

4.0.1 General Principles

The Statement of Accounts summarises the Council's transactions for the 2021/22 financial year and its position at the year-end of 31 March 2022. The Council is required to prepare an annual Statement of Accounts by the Accounts and Audit Regulations 2015 and the Accounts by the Accounts and Audit (amended) Regulations 2021, which require the accounts to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2021/22, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

4.0.2 Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from contracts with service recipients, whether for services or the provision of goods, is recognised when (or as) the goods or services are transferred to the service recipient in accordance with the performance obligations in the contract.
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure based on the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

4.0.3 Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments that mature in three months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Council's cash management.

4.0.4 Exceptional Items

When items of income and expense are material and out of the ordinary, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the accounts, depending on how significant the items are to an understanding of the Council's financial performance.

4.0.5 Prior Period Adjustments, Changes in Accounting Policies and Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance.

Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

4.0.6 Charges to Revenue for Non-Current Assets

Services, support services and trading accounts are debited with the following amounts to record the cost of holding fixed assets during the year:

- depreciation attributable to the assets used by the relevant service
- revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off
- amortisation of intangible fixed assets attributable to the service.

The Council is not required to raise council tax to cover these costs but is required to make an annual contribution to reduce its overall borrowing requirement. This is known as the Minimum Revenue Provision and is calculated as 3% of the Council's Capital Financing Requirement at the start of the financial year on a straight-line basis. Depreciation, impairment losses, revaluation losses and amortisations are therefore replaced by a revenue provision in the Movement in Reserves Statement by way of an adjusting transaction with the Capital Adjustment Account for the difference between the two.

4.0.7 Employee Benefits

Benefits Payable During Employment

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits (e.g. cars) for current employees and are recognised as an expense for services in the year in which employees render service to the Council. An accrual is made for the cost of holiday entitlements (or any form of leave, e.g. time off in lieu) earned by employees but not taken before the year-end which employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable in the following accounting year, being the period in which the employee takes the benefit. The accrual is charged to Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy and are charged on an accruals basis to the appropriate service line in the Comprehensive Income and Expenditure Statement on the earlier of when the Council can no longer withdraw the offer of those benefits or when the authority recognises costs for a restructuring that is within the scope of section 8.2 of the Code and IAS37 and involves the payment of termination benefits.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

Post-Employment Benefits

Employees of the Council are members of the Local Government Pension Scheme (LGPS) administered by Cumbria County Council.

The scheme is a funded defined benefit scheme meaning that the scheme provides retirement lump sums and pensions, earned as employees work for the Council. As a defined benefit scheme, it is shown within the Council's accounts using the following principles:

- The liabilities of the Cumbria Local Government Pension Scheme attributable to the Council are included in the balance sheet on an actuarial basis using the projected unit method. This basis uses an assessment of the future payments that will be made in relation to the retirement benefits earned to date by employees, after considering assumptions about mortality rates, employee turnover and earnings projections for employees.
- Liabilities are discounted to their value at current prices using a real discount rate of 2.8%.
- The assets of the LGPS attributable to the Council are included in the Balance Sheet at their fair value.
 - quoted securities – current bid price
 - unquoted securities – professional estimate
 - unitised securities – current bid price
 - property – market value

Around 52% of LGPS assets are held in equity investments and bond issues with the remainder held in property and other assets.

- The change in the net pension liability is analysed into six components and recognised in the Statements as follows:

Service Cost comprising:

- **Current service cost** – the increase in liabilities as a result of years of service earned this year is charged to service revenue accounts, based on where employees worked, within the Net Cost of Services section of the Comprehensive Income and Expenditure Statement.
- **Past service cost** – the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years is charged to Non-Distributed Costs within Net Cost of Services in the Comprehensive Income and Expenditure Statement.
- **Net Interest on the defined pension liability (asset)** – i.e. net interest expense for the authority – the change during the period in the net defined benefit liability (asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability (asset) at the beginning of the period – taking into account any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments.

Re-measurements comprising:

- **The return on plan assets** – excluding amounts included in net interest on the net defined benefit liability (asset) – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure
- **Actuarial gains and losses** – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial

valuation or because the actuaries have updated their assumptions – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure

- **Contributions paid to the Cumbria Local Government Pension Fund** – cash paid as employers' contributions to the pension fund. This is not accounted for as an expense.

Measurement bases applied in respect of the LGPS assets and liabilities are set out in note 4.42 to the Accounts.

Statutory provisions require the General Fund balance to be charged with the amount payable by the Authority to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. This therefore means that within the Movement in Reserves Statement, there are appropriations to and from the Pensions Reserve to remove the notional transactions for retirement benefits and replace them with debits for the amounts paid to the pension fund in the year and any such amounts payable but unpaid at the year-end.

The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Discretionary Benefits

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of decision and accounted for using the same policies as are applied to the LGPS.

4.0.8 Events after the Balance Sheet Date

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events;
- those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

4.0.9 Financial Instruments

Financial Liabilities

Financial Liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and are carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

(i) Borrowing

Borrowing is classed as either a long-term liability, repayable after 12 months or longer, or a current liability if it is repayable within a 12-month period. Borrowing is shown in the Balance Sheet at amortised cost using the effective interest rate that applies to the individual loans comprising the total borrowing held by the Council. For borrowing held by the Council, this means that the amount shown in the balance sheet represents the

outstanding principal payable to the lender and the interest on the borrowing that is charged to the Comprehensive Income and Expenditure Statement is the amount payable in the year under the loan agreement.

(ii) Creditors

Creditors are recognised when a contractual arrangement is entered into between the Council and a supplier to provide goods and services for an agreed price. The value of the creditors recognised in the balance sheet represents the current value of the outstanding liabilities of the Council at 31 March as a proxy for amortised cost.

Financial Assets Measured at Amortised Cost

Financial assets measured at amortised cost are recognised on the Balance Sheet when the authority becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement (CIES) for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the financial assets held by the authority, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the CIES is the amount receivable for the year in the loan agreement.

Any gains and losses that arise on the derecognition of an asset are credited or debited to the Financing and Investment Income and Expenditure line in the CIES.

Expected Credit Loss Model

The authority recognises expected credit losses on all of its financial assets held at amortised cost or either on a 12-month or lifetime basis. The expected credit loss model also applies to lease receivables and contract assets. Only lifetime losses are recognised for trade receivables (debtors) held by the authority.

Impairment losses are calculated to reflect the expectation that the future cash flows might not take place because the borrower could default on their obligations. Credit risk plays a crucial part in assessing losses. Where risk has increased significantly since an instrument was initially recognised, losses are assessed on a lifetime basis. Where risk has not increased significantly or remains low, losses are assessed on the basis of 12-month expected losses.

Financial Assets Measured at Fair Value through Profit and Loss

Financial assets that are measured at Fair Value through Profit and Loss are recognised on the Balance Sheet when the authority becomes a party to the contractual provisions of a financial instrument and are initially measured and carried at fair value. Fair value gains and losses are recognised as they arrive in the Surplus or Deficit on the Provision of Services.

The fair value measurements of the financial assets are based on the following techniques:

- instruments with quoted market prices – the market price
- other instruments with fixed and determinable payments – discounted cash flow analysis.

The inputs to the measurement techniques are categorised in accordance with the following three levels:

- Level 1 inputs – quoted prices (unadjusted) in active markets for identical assets that the authority can access at the measurement date.
- Level 2 inputs – inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly.
- Level 3 inputs – unobservable inputs for the asset.

Any gains and losses that arise on the derecognition of the asset are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

4.0.10 Government Grants and Contributions

Whether paid on account, by instalments or in arrears, government grants and third-party contributions and donations are recognised as due to the Council when there is reasonable assurance that:

- the Council will comply with the conditions attached to the payments, and
- the grants or contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired using the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants and contributions) or Taxation and Non-Specific Grant Income (non-ringfenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied reserve. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied reserve are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure.

4.0.11 Heritage Assets**Tangible and Intangible Heritage Assets (described in this summary of significant accounting policies as heritage assets)**

The majority of the Council's Heritage Assets are held in the Council's Museum. The Museum has four collections of heritage assets, Archaeology, Social History, Natural History and Fine and Decorative Arts, which are held in support of the primary objective of the Council's Museum, i.e. increasing the knowledge, understanding and appreciation of the Council's history and local area. Heritage Assets are recognised and measured (including the treatment of revaluation gains and losses) in accordance with the Council's accounting policies on property, plant, and equipment. However, some of the measurement rules are relaxed in relation to heritage assets as described below. The accounting policies in relation to heritage assets that are deemed to include elements of intangible heritage assets are also presented below. The Council's primary collections of heritage assets are accounted for as follows.

Museum Collection

The Council's museum collection consists of a significant number of artefacts including pictures, prints, sculptures, china, glass, porcelain, coins, medals archaeological items, as well as significant numbers of social and natural history items, costumes, and firearms. Museum collections are reported in the Council's balance sheet at insurance valuation which take into account current market values. These insurance valuations are reviewed on an annual basis as part of the overall insurance premium renewal process.

Acquisitions are made by purchase or donation. Acquisitions are initially recognised at cost and donations are recognised at valuation with valuations being based on appropriate insurance values. The Museum has a defined acquisitions and disposals policy for the period 2018 - 2021 that sets out the policy for the development of collections at the museum.

Heritage assets will not be subject to depreciation as it is not deemed appropriate to estimate a useful life for the assets held.

Statues, Monuments, and other historical buildings

The Council has a number of statues and monuments and other historical buildings that it does not consider that reliable cost or valuation information can be obtained. This is due to the historical significance of such items. However, in some cases, historical cost information is recorded, particularly those that were previously classified as Community assets. Therefore, those items that were previously categorised as Community Assets will be recognised at their historic cost. This will be re-evaluated so that the most appropriate valuation basis is used, and those previously not recognised (primarily statues and monuments) will not be recognised on the balance sheet although appropriate disclosures made.

Heritage Assets – General

The carrying amounts of heritage assets are reviewed where there is evidence of impairment for heritage assets, e.g. where an item has suffered physical deterioration or breakage or where doubts arise as to its authenticity. Any impairment is recognised and measured in accordance with the Council's general policies on impairment – see note 4.0.16 in this summary of significant accounting policies. The trustees of the Council's Museum will occasionally dispose of heritage assets which have a doubtful provenance or are unsuitable for public display. The proceeds of such items are accounted for in accordance with the Council's general provisions relating to the disposal of property, plant, and equipment.

Disposal proceeds are disclosed separately in the notes to the financial statements and are accounted for in accordance with statutory accounting requirements relating to capital expenditure and capital receipts.

4.0.12 Inventories and Long-Term Contracts

Stocks are reflected in the balance sheet at current prices. This is a departure from the requirements of the Code and IAS 2 Inventories, which requires stocks to be shown at the lower of cost or net realisable value where they are acquired through an exchange transaction.

4.0.13 Investment Property

Investment properties are those that are used solely to earn rentals and for capital appreciation or both. The definition is not met if the property is used in the production or supply of goods or services or for administrative purposes or is held for sale.

Investment properties are measured initially at cost and subsequently at fair value, based on the amount at which the asset could be exchanged between knowledgeable parties at arm's-length. As a non-financial asset, investment properties are measured at highest and best use. Properties are not depreciated but are revalued annually according to market conditions at the year-end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rentals received in relation to investment properties are credited to the Financing and Investment Income line and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

4.0.14 Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant, or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

The Council as Lessee

Operating Leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefitting from use of the leased property, plant, or equipment. Charges are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a rent-free period at the commencement of the lease).

The Council as Lessor

Operating Leases

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

4.0.15 Overheads and Support Services

The costs of overheads and support services are charged to those that benefit from the supply or service. The total absorption costing principle is used – the full cost of overheads and support services are shared between users in proportion to the benefits received, with the exception of:

- Corporate and Democratic Core – costs relating to the Council's status as a multifunctional, democratic organisation.
- Non- Distributed Costs – the cost of discretionary benefits awarded to employees retiring early and impairment losses chargeable on Assets Held for Sale.

4.0.16 Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Council and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged as an expense when it is incurred.

De-minimis levels have been set at:

- £5,000 for expenditure on individual items of vehicles, plant, and equipment.
- £20,000 for expenditure on land, buildings, and other structures.

Measurement

Assets are initially measured at cost, comprising:

- the purchase prices.
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management

The Council does not capitalise borrowing costs incurred whilst assets are under construction.

The cost of assets acquired other than by purchase is deemed to be its fair value unless the acquisition does not have commercial substance (i.e. it will not lead to a variation in the cash flows of the Council). In the latter case, where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the Council.

Donated assets are measured initially at current value. The difference between fair value and any consideration paid is credited to the Taxation and Non-specific Grant Income line of the Comprehensive Income and Expenditure Statement unless the donation has been made conditionally. Until conditions are satisfied, the gain is held in the Donated Assets Account. Where gains are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance to the Capital Adjustment Account in the Movement in Reserves Statement.

Assets are then carried in the Balance Sheet using the following measurement bases:

- infrastructure, community assets – depreciated historical cost
- assets under construction – historic cost
- dwellings – current value, determined using the basis of existing use value for social housing (EUV-SH)
- council offices – current value, determined as the amount that would be paid for the asset in its existing use (existing use value – EUV), except for a few offices that are situated close to the council's housing properties, where there is no market for office accommodation, and that are measured at depreciated replacement cost (instant build) as an estimate of current value
- surplus assets – the current value measurement base is fair value, estimated at highest and best use from a market participant's perspective
- all other assets – current value, determined as the amount that would be paid for the asset in its existing use (existing use value – EUV).

Where there is no market-based evidence of current value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of current value. This includes assets such as Cemeteries and Crematoria, Leisure Centres, Museums, Community Centres, Hostels and Public Conveniences.

Where non-property assets that have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for current value.

Assets included in the Balance Sheet at current value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their current value at the year-end. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains.

Exceptionally, gains might be credited to the Surplus or Deficit on the Provision of Services where they arise from the reversal of a loss previously charged to a service.

Where decreases in value are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

Impairment

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Depreciation is calculated on the following bases:

| Asset Category | Rate | Basis |
|--|-------------|---------------|
| Dwellings & Other Buildings | Useful Life | Straight Line |
| Infrastructure Assets | Useful Life | Straight Line |
| Vehicles, Plant, furniture & Equipment | Useful Life | Straight Line |
| Intangible Assets | Useful Life | Straight Line |

Where an item of Property, Plant and Equipment asset has major components whose cost is significant in relation to the total cost of the item, the components are depreciated separately.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

Componentisation

The Council has a policy on componentisation where any asset with a Gross Book Value of more than £1million and is subject to depreciation will be considered for componentisation where a component is deemed to be more than 5% of the assets value. This will primarily apply to buildings and the major components to be considered will be:

| Component |
|--------------------------------|
| Heating and Ventilation System |
| Windows |
| Electrical |
| Roofing |
| Cremator |

Disposals and Non-current Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and current value less costs to sell. Where there is a subsequent decrease to current value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in current value are recognised only up to the amount of any previous losses recognised in the Surplus or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to non-current assets and valued at the lower of their carrying amount before they were classified as held for sale; adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as Held for Sale, and their recoverable amount at the date of the decision not to sell.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale. When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal in excess of £10,000 are categorised as capital receipts and are required to be credited to the Capital Receipts Reserve and can then only be used for new capital investment or set aside to reduce the Council's underlying need to borrow (the capital financing requirement). Receipts are appropriated to the Reserve from the General Fund Balance in the Movement in Reserves Statement.

The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

4.0.17 Current and Fair Value Measurement

The Council measures some of its non-financial assets such as surplus assets and investment properties and some of its financial instruments such as equity shareholdings at current or fair value at each reporting date. Current or fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- a) in the principal market for the asset or liability, or
- b) in the absence of a principal market, in the most advantageous market for the asset or liability.

The Council measures the current or fair value of an asset or liability using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

When measuring the current or fair value of a non-financial asset, the council takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The council uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Inputs to the valuation techniques in respect of assets and liabilities for which current or fair value is measured or disclosed in the council's financial statements are categorised within the current or fair value hierarchy, as follows:

Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the authority can access at the measurement date

Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3 – unobservable inputs for the asset or liability.

4.018 Infrastructure Assets

Highways Network Infrastructure Assets

Highways network infrastructure assets include carriageways, footways and cycle tracks, structures (e.g. bridges), street lighting, street furniture (e.g. illuminated traffic signals, bollards), traffic management systems and land which together form a single integrated network.

Recognition

Expenditure on the acquisition or replacement of components of the network is capitalised on an accrual basis, provided that it is probable that the future economic benefits associated with the item will flow to the Authority and the cost of the item can be measured reliably.

Measurement

Highways network infrastructure assets are generally measured at depreciated historical cost. However, this is a modified form of historical cost - opening balances for highways infrastructure assets were originally recorded in balance sheets at amounts of capital undischarged for sums borrowed as at 1 April [1994 England and Scotland], [1996 Wales] which was deemed at that time to be historical cost.

Where impairment losses are identified, they are accounted for by the carrying amount of the asset being written down to the recoverable amount.

Depreciation

Depreciation is provided on the parts of the highways network infrastructure assets that are subject to deterioration or depletion and by the systematic allocation of their depreciable amounts over their useful lives.

Annual depreciation is the depreciation amount allocated each year.

Useful lives of the various parts of the highways network are assessed by the valuer using industry standards where applicable

Disposals and derecognition

When a component of the Network is disposed of or decommissioned, the carrying amount of the component in the Balance Sheet is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement, also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal).

The written-off amounts of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are transferred to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Where a part of the network is replaced, an adaptation provided in a separate update to the Code assumes that from the introduction of the IFRS based Code when parts of an asset are replaced or restored the carrying amount of the derecognised part will be zero because parts of infrastructure assets are rarely replaced before the part has been fully consumed.

4.0.19 Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are made where an event has taken place that gives the Council a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. For instance, the Council may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Council becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (e.g. from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Council settles the obligation.

Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required, or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

Contingent Assets

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

4.0.20 Reserves

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge against council tax for the expenditure.

Certain reserves are kept managing the accounting processes for non-current assets, financial instruments, retirement, and employee benefits and do not represent usable resources for the Council – these reserves are explained in the relevant policies.

4.0.21 Revenue Expenditure Funded from Capital under Statute

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of council tax.

4.0.22 VAT

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

4.0.23 Council Tax / Non-Domestic Rates (NDR) Income

The Council is required by statute to maintain a separate fund for the collection and distribution of amounts due in respect of Council Tax and Non-Domestic Rates (NDR). The Statutory Collection Fund (England) Statement is included as a supplementary statement in the accounts. In its capacity as billing authority the Council acts as an agent. During 2021/22 the Council collected and distributed NDR on behalf of itself, the Government and Cumbria County Council. Council Tax was collected and distributed on behalf of the City Council, the County Council, the Police and Crime Commissioner for Cumbria and local town and parish councils.

Council Tax accrued income for the year and Council Taxpayers debtors, creditors, and provision for bad debts at the 31 March are shared between the major preceptors and the Council based on their percentage share of the total demands/precepts for the year. Business rates accrued income for the year as well as business ratepayers, debtors, creditors and provisions for bad debts and appeals are shared between the Council (40%), Government (50%) and Cumbria County Council (10%).

Collection Fund Debtors are reviewed collectively at the balance sheet date by debt type and provision is made for impairment based on the historical evidence of default in each category. The Council's share of the Collection Fund Debtors shown in the balance sheet is net of this bad debt provision.

In accordance with the current accounting code of practice the Council's Comprehensive Income and Expenditure Statement includes its share of accrued council tax and business rates income. Where this amount is more or less than the amount to be credited to the General Fund under statute, there is an adjusting transfer in the Movement in Reserves Statement, between the General Fund Balance and the Collection Fund Adjustment Account. This account holds the Council's share of the Collection Fund Surplus or Deficit at the 31 March. The Council's Balance Sheet includes the net creditor/debtor position with the Government and major preceptors for taxes collected on their behalf and not yet paid to them or taxes paid to them but not yet collected from taxpayers.

A.4 Demise of the Organisation

Given local government reorganisation, Carlisle City Council will cease to exist on 31 March 2023. The assets and liabilities of this Council will transfer to the new Cumberland Council on 1 April 2023 and there will be continuation of service delivery between Carlisle City Council and the new Cumberland Council.

4.1 Accounting Standards that have been issued but have not yet been adopted

The following Accounting Standards have been issued but have yet to be adopted that could impact the Council.

- IFRS16 Leases (but only for those local authorities that have decided to adopt IFRS16 in the 2022/23 year, which the Council has decided not to).
This standard will require local authorities that are lessees to recognise most leases on their balance sheets as right-of-use assets with corresponding lease liabilities. The impact will be mainly presentational; the revenue impact will be neutral. The Council has limited exposure as a lessee so there is expected to be minimal impact. The adoption of this standard has been deferred until 1 April 2024.
- Annual Improvements to IFRS Standards 2018-2020. The annual IFRS improvement programme notes 4 changed standards: IFRS1; IAS37; IFRS16 and IAS41.
- Property, Plant and Equipment: Proceeds before intended use (Amendments to IAS 16).

The Council does not anticipate that the above amendments will have a material impact on the information provided in the financial statements.

4.2 Critical Judgements in applying Accounting Policies

In applying the accounting policies set out in Note 4.0, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

- There is a high degree of uncertainty about future levels of funding for local government. However, the Council has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Council might be impaired as a result of a need to close facilities and reduce levels of service provision.
- Local Government Reorganisation will see the Council merge with Copeland Borough Council, Allerdale Borough Council and Cumbria County Council to form a new Unitary Authority, Cumberland Council. Therefore, future planning will incorporate the financial position of all four authorities to determine how the new Council will be able to function.

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, and expenses. Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are described below:

| Item | Uncertainties | Effect if Actual Results Differ from Assumptions |
|---|--|---|
| Property Plant and Equipment (£89.571million at 31.03.22) | Assets are depreciated over useful lives that are dependent upon assumption about the level of repairs and maintenance that will be incurred in relation to individual assets. The current capital programme includes funding for enhancements to Council property. | If the useful lives of assets are reduced, depreciation will increase and the carrying amount of the asset falls. It is estimated that the annual depreciation charge for buildings, vehicles and plant would increase by £360,000 for every year that useful lives had to be reduced. A 10% change in those assets subject to revaluation (£55.430m) would change the value of those assets on the Balance Sheet by £5.543m and the depreciation charge to the CIES by £200,000. |
| Investment Property (£97.773m at 31.03.22) | At the valuation date, there were still residual uncertainties around the impact on valuations due to the Covid-19 pandemic. However, these implications on the valuation of properties could not be fully determined at the valuation date so specific adjustments to values were not made. | A 10% change in the valuations reported in the balance sheet would change the value of Investment Properties by £9.777m. |

| Item | Uncertainties | Effect if Actual Results Differ from Assumptions |
|---|--|--|
| Pension Liability (£41.753million at 31.03.22) | <p>Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of actuaries is engaged to provide the Authority with expert advice about the assumptions to be applied. At 31 March 2022 the net pension liability of £41.753m includes £186.712m in respect of the Authority's share of assets held by the Cumbria LGPS. This includes £16.991m in respect of the Authority's share of the schemes direct property investments and investments in unquoted property funds. The fair value measurement of these investments at 31 March 2022 is subject to the same material valuation uncertainty, outlined above in connection with the valuation of the Authority's investment and operational properties (PPE) at 31 March 2022.</p> | <p>The effects on the net pensions liability of changes in individual assumptions can be measured. For instance, a 0.1% increase in the discount rate assumption would result in a decrease in the pension liability of £3.787million.</p> |
| Business Rate Appeals Provision (£1.918million at 31.03.22) | <p>The Business Rate appeals provision is based on the best estimate of the likely outcome of outstanding appeals as at 31 March 2022. Appeals are dealt with by the Valuation Office Agency and as such are outside of the control of the Council.</p> | <p>If appeals are settled to different terms than those estimated, the effect will be reflected in the Collection Fund in future years. A 5% increase in the Net Debit of Business Rates, would require an increase in the provision of £0.737m. A 10% increase would require an increase in the provision of £0.966m.</p> |

| Item | Uncertainties | Effect if Actual Results Differ from Assumptions |
|-------------------------|--|--|
| Fair Value Measurements | When the fair value of financial assets and financial liabilities cannot be measured based on quoted process in active markets (ie Level 1 inputs), their fair value is measured using valuation techniques (eg quoted prices for similar assets or liabilities in active markets or the discounted cash flow (DCF) model). Where possible, the inputs to these valuation techniques are based upon observable data, but where this is not possible judgement is required in establishing fair values. These judgements typically include considerations such as uncertainty and risk. However, changes in the assumptions used could affect the fair value of the Council's assets and liabilities. Where Level 1 inputs are not available, the Council employs relevant experts to identify the most appropriate valuation techniques to determine fair value (for example for investment properties, the councils appointed valuers). | The council uses the discounted cash flow (DCF) to measure the fair value of some of its investment properties and financial assets. The significant unobservable inputs used in the fair value measurement include management assumptions regarding rent growth, vacancy levels (for investment properties) and discount rates - adjusted for regional factors (for both investment properties and some financial assets). Significant changes in any of the unobservable inputs would result in a significantly lower or higher fair value measurement for the investment properties and financial assets. |

4.3 Material Items of Income and Expense

The Council had the following items of material income and expenditure in 2021/22:

- Income relating to the administration and payments of Benefits (including Discretionary Housing Payments) was received from Central Government totalling £18,756,319 (2020/21 £19,920,899) with corresponding payments of benefits totalling £19,416,521 (2020/21 £22,308,524). Housing Benefit Overpayment Income of £549,301 was received in 2021/22, (2020/21 £329,508).
- Council tax income of £8,418,112 (2020/21 £8,122,721) was credited to the Comprehensive Income and Expenditure Statement.
- Retained Business Rates £6,564,648 (2020/21 £6,585,260).
- Net upward revaluations of Property Plant and Equipment of £1.037million (2020/21 – £2.784million downward revaluation).
- Net upward revaluations of Investment Property of £1.482million (2020/21 – £0.663million upward revaluation).
- Rental income from investment property of £4.249million (2020/21 £4.690million).
- Income in relation to COVID-19 Grant support to individuals and businesses received from Central Government totalling £14,049,409 with corresponding payments of £12,248,311.
- Income in relation to COVID-19 grant support to the Council received from Central Government totalling £1,141,105 with corresponding expenditure by the Council on COVID-19 related issues of £1,197,765.
- Income related to Sustainable Warmth Project of £19,955,000 was received in the year and accounted for as Capital Grant Receipts in Advance.
- £1,347,036 was paid to the County Council for the contribution to the LGR Implementation Reserve

Movement in Reserves Statement

4.4 Adjustments between accounting basis and funding basis under Regulations

This note details the adjustments that are made to Total Comprehensive Income and Expenditure recognised by the Council in the year in accordance with the proper accounting practice to the resources that are specified by statutory provision as being available to the Council to meet future capital and revenue expenditure. The following sets out a description of the reserves that the adjustments are made against.

General Fund Balance

The General Fund is the statutory fund into which all the receipts of the Council are required to be paid and out of which all liabilities of the council are to be met, except to the extent that statutory rules might provide otherwise. These rules can also specify the financial year in which liabilities and payments should impact on the General Fund Balance, which is not necessarily in accordance with proper accounting practice. The General Fund Balance therefore summarises the resources that the Council is statutorily empowered to spend on its services or on capital investment (or the deficit of resources that the Council is required to recover) at the end of the financial year.

Capital Receipts Reserve

The Capital receipts Reserve holds the proceeds from the disposal of land or other assets, which are restricted by statute from being used other than to fund new capital expenditure or to be set aside to finance historical capital expenditure. The balance on the reserve shows the resources that have yet to be applied for these purposes at year end.

Capital Grant Unapplied

The Capital Grants Unapplied Account (Reserve) holds the grants and contributions received towards capital projects for which the Council has met the conditions that would otherwise require repayment of the monies but which have yet to be applied to meet expenditure. The balance is restricted by grant terms as to the capital expenditure against which it can be applied and/or the financial year in which this can take place.

| | General Fund balances | Capital Receipts Reserve | Capital Grants Unapplied | Total Usable Reserves | Total Unusable reserves | Revaluation Reserve | Pensions Reserve | Capital Adjustment Account | Deferred Capital Receipts Reserve | Collection Fund Adjustment Account | Pooled Investments Adjustment | Short Term Compensated Absences | Total Authority Reserves |
|---|--------------------------|-----------------------------|-----------------------------|--------------------------|----------------------------|------------------------|---------------------|----------------------------------|---|--|-------------------------------------|---------------------------------------|-----------------------------|
| 2021/22 | £000 | £000 | £000 | £000 | £000 | £000 | £000 | £000 | £000 | £000 | £000 | £000 | £000 |
| Adjustments to the Revenue Resources (Amounts by which income and expenditure included in the Comprehensive Income and Expenditure Statement are different from revenue for the year calculated in accordance with statutory requirements:) | | | | | | | | | | | | | |
| Pension Costs | 3,444 | 0 | 0 | 3,444 | (3,444) | 0 | (3,444) | 0 | 0 | 0 | 0 | 0 | 0 |
| Financial Instruments | (578) | 0 | 0 | (578) | 578 | 0 | 0 | 0 | 0 | 0 | 578 | 0 | 0 |
| Council Tax and NDR | (6,057) | 0 | 0 | (6,057) | 6,057 | 0 | 0 | 0 | 0 | 6,057 | 0 | 0 | 0 |
| Holiday Pay | (49) | 0 | 0 | (49) | 49 | 0 | 0 | 0 | 0 | 0 | 0 | 49 | 0 |
| Reversal of entries included in the Surplus or Deficit on Provision of Services in relation to Capital Expenditure: | | | | | | | | | | | | | |
| Depreciation | 3,521 | 0 | 0 | 3,521 | (3,521) | 0 | 0 | (3,521) | 0 | 0 | 0 | 0 | 0 |
| Impairment Losses charged to CIES | (1,037) | 0 | 0 | (1,037) | 1,037 | 0 | 0 | 1,037 | 0 | 0 | 0 | 0 | 0 |
| Capital Grants and Contributions Applied | (3,969) | 0 | 0 | (3,969) | 3,969 | 0 | 0 | 3,969 | 0 | 0 | 0 | 0 | 0 |
| Capital Grants and Contributions Unapplied | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |

4.6 Nature and Purpose of Usable Reserves

The Council is required to maintain several reserves under the provisions of the Code. The reserves and their broad functions are as follows.

(a) Earmarked Reserves

This balance represents monies available to support revenue spending but which the Council have earmarked for specific purposes. Further details on individual earmarked reserves are contained within the Council's Medium-Term Financial Plan, available upon request from the Corporate Director of Finance and Resources.

(b) Deferred Credits This represents the balance of capital debtors recognised within long term debtors in respect of Housing Act Mortgage Debtors which remain outstanding at the year end and, therefore, cannot be counted within the usable capital receipts reserve.

(c) General Fund Balances

This balance represents the cumulative surplus available to the Council to support revenue spending and which has not been earmarked for a specific purpose.

(d) Business Rates S.31 Grant Reserve

This reserve holds the balance of Section 31 grants received to compensate the Council for loss of Business Rates income with the granting of expanded retail relief due to the Covid-19 pandemic. It will be used to offset the carried forward deficit on the collection fund in 2022/23.

(e) Capital Grants Unapplied

This represents capital grants that have been received and recognised in the Comprehensive Income and Expenditure Statement, but which have yet to be applied to finance capital expenditure.

(f) Usable Capital Receipts Reserve

Capital reserves are not allowed to be used for revenue purposes and in certain cases can only be used for specific statutory purposes. The Usable Capital Receipts Reserve is a reserve established for specific statutory purposes.

An explanation of Unusable Reserves is detailed in Note 4.39.

Comprehensive Income and Expenditure

4.7 Exceptional Items

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--|-----------------|
| (28) | Flood | 0 |
| 35 | Covid-19 | 121 |
| 0 | Local Government Reorganisation - contribution to implementation reserve | 1,495 |
| 7 | | 1,616 |
| | | |

4.8 Other Operating Expenditure

| 2020/21 £000 | | Note | 2021/22 £000 |
|-----------------|--|------|-----------------|
| 688 | Parish Council Precepts | | 708 |
| 169 | (Gains)/Losses on disposal of non-current assets | 4.24 | 251 |
| 857 | Total | | 959 |
| | | | |

4.9 Financing and Investment Income and Expenditure

| 2020/21 £000 | | Note | 2021/22 £000 |
|-----------------|---|-------|-----------------|
| 407 | Interest payable and similar charges | 4.14 | 214 |
| 1,105 | Net Interest on the defined benefit liability (pension assets) | 4.42 | 1,075 |
| (237) | Interest receivable and similar income | 4.14 | (186) |
| (4,778) | Income and Expenditure in relation to investment properties and changes in their fair value | 4.11 | (4,916) |
| 341 | (Surplus)/Deficit on Trading Undertakings | | 277 |
| 24 | (Gain)/Loss on Financial Assets measured at Fair Value through Profit or Loss | 4.39f | (578) |
| (3,138) | Total | | (4,114) |
| | | | |

4.10 Taxation and Non-Specific Grant Income

| 2020/21 £000 | | Note | 2021/22 £000 |
|-----------------|---|------|-----------------|
| (8,123) | Council Tax Income | 4.14 | (8,418) |
| (6,585) | Non-Domestic Rates | 4.14 | (6,651) |
| (3,424) | Non-Ring-fenced Government Grants | 4.21 | (1,945) |
| (3,232) | Recognised Capital Grants & Contributions | 4.21 | (1,869) |
| (21,364) | Total | | (18,883) |
| | | | |

4.11 Investment Properties

Amounts that have been recognised in the Comprehensive Income and Expenditure Statement relating to investment property are:

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|---|-----------------|
| (4,690) | Rental Income from investment property | (4,249) |
| 897 | Direct operating expenses arising from investment property that generated rental income during the period | 815 |
| (663) | (Increase) / Decrease in Fair Value of Investment Properties | (1,482) |
| (322) | (Gains)/Losses on Disposal of Investment Properties | 0 |
| (4,778) | Net (Gain)/Loss | (4,916) |
| | | |

4.12 Expenditure & Funding Analysis

The Expenditure and Funding Analysis shows how annual expenditure is used and funded from resources (government grants, rents, council tax and business rates) by the Council in comparison with those resources consumed or earned by the Council in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the council's directorates/services/departments. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement.

| 2020/21 | | | | 2021/22 | | |
|--|--|---|---|--|--|---|

| | | | | |
| Difference between General Fund Surplus or Deficit and Comprehensive Income and Expenditure Statement Surplus or Deficit on Provision of Services | 6,372 | 1,277 | 5,025 | 12,674 |
| | | | | |

(a) Adjustments for Capital Purposes

Adjustments for capital purposes – this column adds in depreciation and impairment and revaluation gains and losses in the service line, and for:

- **Other Operating Expenditure** – adjusts for capital disposals with a transfer of income on disposal of assets and the amounts written off for those assets
- **Financing and Investment Income and Expenditure** – the statutory charges for capital financing i.e.. Minimum Revenue Provision and other revenue contributions are deducted from other income and expenditure as these are not chargeable under generally accepted accounting practices.
- **Taxation and Non-Specific Grant Income and Expenditure** – capital grants are adjusted for income not chargeable under generally accepted accounting practices. Revenue grants are adjusted from those receivable in the year to those receivable without conditions or for which conditions were satisfied throughout the year. The Taxations and Non-Specific Grant Income and Expenditure line is credited with capital grants receivable in the year without conditions or for which conditions were satisfied in the year.

(b) Net Change for the Pension Adjustments

Net change for the removal of pension contributions and the addition of IAS19 *Employee Benefits* pension related expenditure and income:

- **For Services** this represents the removal of the employer pension contributions made by the council as allowed by statute and the replacement with current service costs and past service costs.
- **For Financing and Investment Income and Expenditure** – the net interest on the defined benefit liability is charged to the Comprehensive Income and Expenditure Statement.

(c) Other Differences

Other differences between amounts debited/credited to the Comprehensive Income and Expenditure Statement and amounts payable/receivable to be recognised under statute:

- **For Financing and Investment Income and Expenditure** the other differences column recognises adjustments to the General Fund for the timing differences for premiums and discounts.
- The charge under **Taxation and Non-Specific Grant Income and Expenditure** represents the difference between what is chargeable under statutory regulations for Council Tax and NDR that was projected to be received at the start of the year and the income recognised under generally accepted accounting practices in the Code. This is a timing difference as any difference will be brought forward in the future Surpluses or Deficits on the Collection Fund.

4.14 Expenditure and Income Analysed by Nature

The Council's expenditure and income is analysed as follows:

| 2020/21 £000 | | Note | 2021/22 £000 |
|-----------------|---|------|-----------------|
| | Expenditure | | |
| 18,580 | Employee Benefit expenses | | 20,317 |
| 41,761 | Other Service expenses | | 37,083 |
| 6,372 | Depreciation, amortisation and impairment | | 2,484 |
| 407 | Interest payments | | 214 |
| 688 | Precepts and levies | | 708 |
| 960 | Gains on the disposal of assets | | 430 |
| (663) | Change in Fair Value of Investment Property | | (1,482) |
| 68,105 | Total Expenditure | | 59,754 |
| | Income | | |
| (9,360) | Revenue from contracts with service recipients | 4.15 | (10,828) |
| (424) | Fee, charge and other service income | | (202) |
| (237) | Interest and Investment Income | | (186) |
| (14,708) | Income from Council Tax, Non-Domestic Rates | 4.10 | (15,069) |
| (42,220) | Grants, Contributions and Reimbursements | 4.21 | (33,132) |
| (1,066) | Gain or Loss on Disposal of Non-Current Assets & Investment Property | | (131) |
| 24 | (Gain)/Loss on Financial Assets measured at Fair Value through Profit or Loss | | (578) |
| (67,991) | Total Income | | (60,126) |
| | | | |
| 114 | (Surplus) or Deficit on the Provision of Services | | (372) |
| | | | |

4.15 Revenue from Contracts with Customers

The Council collects income from various sources, e.g. raising debtor invoices or collecting income through the bank. Some income is received in advance of services being delivered, and some is received after the service has been delivered.

Most of the Council income is collected upon delivery of the service, e.g. car parking income, so income is recognised as soon as the performance obligation is performed. There are some services, however, where income is collected in advance of a service being delivered; the main areas being Development Control (Planning Fees) and Building Control Fees.

Development Control Fees

Development Control fees are paid upfront at the time the application is submitted and depending on the type or complexity of the application submitted in association with the fees, the work could be carried out over a period of up to potentially 6 months or even longer. Once a 'valid' application has been received, this is when the performance obligation is satisfied as the City Council has agreed to consider and decide on the planning application submitted.

As at 31st March 2022, there were 20 applications which were invalid for which a total of £50,025 had been paid upfront for. As this is immaterial, no adjustments have been made to the income as at 31st March 2022.

Building Control Fees

For a Building Control application to be valid, a fee must be paid. No work will be carried out unless the required fee is paid.

As at 31st March 2022, there were no invalid applications that have a financial value attributable to them. Overall, 744 applications were commenced in 2021/22, with 605 outstanding by the year end. The approximate value of the outstanding applications was £30,000. Therefore, no adjustments have been made to the income as at 31st March 2022.

Amounts included in the Comprehensive Income and Expenditure Statement for contracts with service recipients:

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|---|-----------------|
| | Revenue from contracts with service recipients | |
| (313) | Building Control | (422) |
| (618) | Development Control | (959) |
| (1,991) | Bereavement Services | (1,692) |
| (381) | Car Parking | (994) |
| (226) | Licensing | (270) |
| (4,590) | Rental Income from Properties | (4,251) |
| (1,241) | Other revenue from contracts with service recipients | (2,240) |
| (9,360) | Total included in Comprehensive Income & Expenditure Statement | (10,828) |
| 28 | Impairment of receivables or contract assets | 26 |

Amounts included in the Balance Sheet for contracts with service recipients:

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--|-----------------|
| | Receivables, which are included in debtors | |
| 16 | Building Control | 16 |
| 0 | Development Control | 7 |
| 192 | Bereavement Services | 155 |
| 63 | Car Parking | 47 |
| 906 | Rental Income from Properties | 1,000 |
| 59 | Other revenue from contracts with service recipients | 161 |
| 1,236 | Total included in Net Assets | 1,386 |

4.16 Agency Income and Expenditure

In the Council's capacity as Billing Authority it acts as an agent in collecting and distributing Council Tax income on behalf of the major preceptors and itself. Only the Council's share of income and expenditure is shown in the Comprehensive Income and Expenditure Statement (£8.418million) (2020/21 - £8.123million).

The Council also acts as an agent in collecting Non-Domestic Rates (NDR) on behalf of the Government and County Council under the Business Rate Retention Scheme. Only the income received due to the City Council share (£6.651million); 2020/21 (£6.585million) is recognised in the Comprehensive Income and Expenditure Statement.

The Council is required to maintain a separate fund for the collection and distribution of amounts due in respect of Council tax and NNDR. The Collection Fund is included as a supplementary statement in these accounts.

4.17 Cumbria Business Rates Pool

During 2021/22, the Council participated in the Cumbria Business Rates Pool to benefit the Cumbria area by retaining any levies that would otherwise be payable to Central Government because of growth in Business Rates. The pool is made up of Cumbria County Council, Carlisle City Council, Allerdale Borough Council, Barrow Borough Council, Copeland Borough Council, Eden District Council and South Lakeland District Council.

The amount of retained growth kept by the Pool and redistributed is detailed below. As the final Countywide pooling position was unknown at the time of publication, the estimates of retained levy and pool gains are shown below. The figures for Carlisle are based on actual retained levy calculations and estimated pool gains.

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--|-----------------|
| | Retained Levy | |
| 1,118 | Allerdale Borough Council | 1,207 |
| 480 | Barrow Borough Council | 205 |
| 1,257 | Carlisle City Council | 1,349 |
| 447 | Copeland Borough Council | 1,613 |
| 924 | Eden District Council | 708 |
| 1,359 | South Lakeland District Council | 2,237 |
| 5,585 | Total Retained Levy | 7,319 |
| | Pooling Distribution of Retained Levy | |
| 651 | Allerdale Borough Council | 727 |
| 321 | Barrow Borough Council | 210 |
| 712 | Carlisle City Council | 786 |
| 289 | Copeland Borough Council | 889 |
| 504 | Eden District Council | 411 |
| 734 | South Lakeland District Council | 1,191 |
| 2,374 | Cumbria County Council | 3,105 |
| 5,585 | Total | 7,319 |

The distribution of the retained levy for the Council is shown within Business Rate Retention income in the Comprehensive Income and Expenditure Statement, along with the Council's own share of the growth achieved in the year (£1,349,235).

4.18 Members Allowances

The Code of Practice on Local Authority Accounting requires that Local Authorities disclose details of allowances paid to elected members during the year. Details of allowances paid in 2021/22 are as follows:

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|----------------------------------|-----------------|
| 185 | Type of Allowance | 186 |
| 85 | Basic Allowance | 85 |
| 0 | Special Responsibility Allowance | 1 |
| | Conference/Other Allowances | |
| 270 | Total | 272 |
| | | |

4.19 Officers' Remuneration

The Accounts and Audit Regulations 2015 require that local authorities disclose details of the number of employees whose remuneration exceeds £50,000 in bands of £5,000. The table below includes senior employees who are also subject to additional disclosure below.

Remuneration includes any payments made on termination of employment but does not include pension contributions.

The Accounts and Audit Regulations 2015 also now requires that local authorities disclose the individual remuneration details of senior employees by job title for several categories if their annual salary is above £50,000. For disclosure, senior employees are defined by the Council as Director level and above.

| Remuneration Banding (incl Termination Payments) | Number of Employees | | | | | |
|---|---------------------|--------------------------|------------------|-----------|--------------------------|------------------|
| | 2020/21 | Given Notice During Year | Left During Year | 2021/22 | Given Notice During Year | Left During Year |
| Between £50,000 and £54,999 | 2 | 0 | 0 | 2 | 0 | 0 |
| Between £55,000 and £59,999 | 6 | 0 | 0 | 7 | 0 | 0 |

| Total | 427 | 37 | 464 | 86 | 550 |
| | | | | | |

The number of exit packages with total cost per band and total cost of the compulsory and other redundancies are set out in the table below:

| | Number of Compulsory Redundancies | | Number of other Agreed Departures | | Total number of exit packages by cost band | | Total cost of exit packages in each band | |
|---------------------|-----------------------------------|----------|-----------------------------------|----------|--|----------|--|--------------|
| | 2020/21 | 2021/22 | 2020/21 | 2021/22 | 2020/21 | 2021/22 | 2020/21 £000 | 2021/22 £000 |
| £0 - £20,000 | 0 | 0 | 0 | 2 | 0 | 2 | 0 | 17 |
| £20,001 - £40,000 | 0 | 0 | 1 | 1 | 1 | 1 | 33 | 23 |
| £100,001 - £150,000 | 0 | 0 | 0 | 1 | 0 | 1 | 0 | 117 |
| Total | 0 | 0 | 1 | 4 | 1 | 4 | 33 | 157 |
| | | | | | | | | |

4.20 External Audit Costs

The Council has incurred the following costs in relation to the audit of the Statement of Accounts, the certification of grant claims and statutory inspections and to non-audit services provided by the Council's external auditors.

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|---|-----------------|
| 96 | Fees payable to the external auditor with regard to external audit services carried out by the appointed auditors | 64 |
| 11 | Fees payable to the external auditors for the certification of grant claims and returns | 13 |
| 5 | CFO Insights | 5 |
| 112 | Total | 82 |
| | | |

From 2021/22 the external auditor for the certification of the Statement of Accounts and Value for Money Conclusion was Grant Thornton UK LLP and for the certification of the Housing Benefit Subsidy Claim was Mazars.

4.21 Grants, Contributions and Reimbursement Income

The Council credited the following grants, contributions and reimbursements to the Comprehensive Income and Expenditure Statement in 2021/22.

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--|-----------------|
| | Credited to Taxation and Non Specific Grant Income | |
| | Non Ringfenced Government Grants | |
| 1,492 | New Homes Bonus | 747 |
| 184 | Rural Services Delivery Grant | 193 |
| 1,748 | Covid-19 Emergency Funding | 616 |
| 0 | Lower Tier Services Grant | 389 |
| 3,424 | Total | 1,945 |
| | Recognised Capital Grants & Contributions | |
| 128 | Play Areas & Open Spaces Contribution | 229 |
| 2,048 | Sands Centre | 2 |
| 8 | Industrial Estates | 0 |
| 101 | On Street Charging Infrastructure | 97 |
| 847 | Carlisle Citadels | 926 |
| 90 | Towns Deal Projects | 285 |
| 10 | Swifts Wildlife Haven | 71 |
| 0 | Civic Centre | 15 |
| 0 | Disabled Facilities Grant | 195 |
| 0 | Litter Bininfrastructure | 24 |
| 0 | Future High Street Fund | 25 |
| 3,232 | Total | 1,869 |
| | Grants - Credited to Services | |
| 590 | Economic Regeneration | 886 |
| 989 | Supporting Vulnerable People | 1,263 |
| 19,921 | Housing Benefit Subsidy | 18,756 |
| 1,537 | Revenues and Benefits | 631 |
| 6,322 | Covid-19 | 1,949 |
| 1,194 | Other Grants | 323 |
| | Reimbursements - Credited to Services | |
| 31 | Economic Regeneration | 36 |
| 5 | Supporting Vulnerable People | 9 |
| 581 | Revenues and Benefits | 829 |
| 1 | Covid-19 | 0 |
| 419 | Other Reimbursements | 879 |
| | Contributions - Credited to Services | |
| (2) | Economic Regeneration | 0 |
| 178 | Revenues and Benefits | 177 |
| 1,526 | Other Contributions | 1,480 |
| 2,262 | Revenue Expenditure funded by Capital | 2,100 |
| 10 | Revenue Expenditure funded by Capital - capital grants unapplied | 0 |
| 35,564 | Total | 29,318 |
| 42,220 | Total Grants, Contributions and Reimbursements | 33,132 |

Covid-19 grant income credited to the CIES totals £2,565,373. A full breakdown of the Covid-19 funding received by the Council is provided in the Narrative report at 1.7(i).

4.22 Related Parties

The Council is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the council or to be controlled or influenced by the council. Disclosure of these transactions will allow readers to assess the extent to which the council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

Central Government

Central government has effective control over the general operations of the Council – it is responsible for providing the statutory framework within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many transactions that the Council has with other parties (e.g. council tax bills, housing benefits). Grants received from government departments are set out in the subjective analysis in Note 4.14 on reporting for resource allocation decisions. Grant receipts receivable at 31 March 2022 are shown in Note 4.21. As at 31 March 2022, the balance of Creditors owing to Central Government departments was £5.975million. The balance of debtors owed from Central Government departments was £1.091million.

Members

Members of the Council have direct control over the council's financial and operating policies. The total of members allowances paid in 2021/22 is shown in Note 4.18. All elected members of the Council were asked to declare any direct financial relationship through outside bodies or companies with the Council for the financial year 2021/22.

Fifteen declared an interest in Community Centres around the Carlisle area. The Council paid £190,200 to Community Centres during 2021/22 (2020/21 - £190,180).

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|---|-----------------|
| 11 | Belah Community Centre | 11 |
| 13 | Botcherby Community Centre | 13 |
| 22 | Brampton Community Centre | 22 |
| 21 | Currock Community Centre | 21 |
| 14 | Denton Holme Community Centre | 14 |
| 9 | Greystone Community Centre | 9 |
| 25 | Harraby Community Centre | 25 |
| 27 | Longtown Community Centre | 27 |
| 29 | Morton Community Centre | 29 |
| 12 | Petteril Bank Community Centre | 12 |
| 7 | Yewdale Community Centre | 7 |
| 190 | Grants paid to Community Centres | 190 |
| | | |

Officers

During 2021/22 21 officers who are key management personnel were asked to declare any direct financial relationship through outside bodies or companies with the Council for the financial year 2021/22. The response rate was 100%.

There were no material transactions relating to members or senior officers of the Council during 2021/22.

Other Public Bodies

Other related party transactions are as follows:

- the City Council's transactions with the Cumbria County Council Pension Fund, which are shown in Note 4.23 to the Financial Statements. The Council owed £74,319 to the Pension fund at 31 March for transactions in 2021/22, and this is shown as a creditor in the balance sheet.

4.23 Pension Costs

In 2021/22, the City Council paid an employer's contribution of £2,305,138 into the Cumbria County Council Pension Scheme, representing 19.9% (2020/21: £2,285,121 representing 19.9%) of pensionable pay. The contribution rate is based on the triennial actuarial valuation carried out at 31 March 2020 by the Fund's Actuary. This contribution rate is effective for the three-year period commencing 1 April 2020. The Council is also responsible for all pension payments relating to unfunded added years benefits awarded to its employees together with any related increases. In 2021/22 the value of these benefits amounted to £104,646 representing 0.90% of pensionable pay (2020/21: £40,147 and 0.35% respectively). The pension costs charged to the Comprehensive Income and Expenditure Statement in accordance with IAS 19 are as follows:

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--|-----------------|
| 3,682 | Current Service Cost | 4,735 |
| 92 | Administration Expenses | 93 |
| 0 | Past Service Cost / (Gain) | 90 |
| 66 | Curtailment Cost | 78 |
| (3,498) | Interest on Plan Assets | (3,599) |
| 4,603 | Pension Interest Costs | 4,674 |
| 4,945 | Total | 6,071 |
| (2,563) | Contributions paid to Pension Scheme | (2,627) |
| 2,382 | Contributions (to) / from Pension Reserve | 3,444 |
| | | |

The reassessment of the pension liability for the effects of the McCloud judgement are shown in the above figures. Further detail can be found at note 4.42.

4.24 Gains/Losses on Sale of Property, Plant and Equipment

The Comprehensive Income and Expenditure Statement includes gains and losses from the sale of Council assets. The value of the gains and losses for the year 2021/22 is as follows: -

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--------------|-----------------|
| 169 | Other | 251 |
| 169 | Total | 251 |
| | | |

4.25 Revenue Expenditure Funded from Capital Under Statute

Items of revenue expenditure funded from capital under statute, which are not financed by government grants, are written off to the Comprehensive Income and Expenditure Statement during the year. The value for 2021/22 is as follows: -

| 2020/21 | | | | 2021/22 | | |
|--------------------------|----------------------------|-----------------------------------|----------------------------------|--------------------------|----------------------------|-----------------------------------|
| Expend- iture £000 | Grants Utilised £000 | Amounts Written Off £000 | | Expend- iture £000 | Grants Utilised £000 | Amounts Written Off £000 |
| 1,905 | (1,905) | 0 | Disabled Facilities Grants | 1,992 | (1,992) | 0 |
| 1,074 | (252) | (822) | Temporary Leisure Facilities | 0 | 0 | 0 |
| 0 | 0 | 0 | Future High Street Fund Projects | 100 | (100) | 0 |
| 126 | (105) | (21) | Other | 44 | (8) | (36) |
| 3,105 | (2,262) | (843) | Total | 2,136 | (2,100) | (36) |
| | | | | | | |

4.26 Revaluations Charged to CIES

During 2021/22 the value of Non-Current Assets that were revalued and charged to the surplus/deficit on Provision of Services within the Comprehensive Income and Expenditure Statement were £2.519million (2020/21: £2.121million). This was split between investment properties £1.482million (upward revaluation) (2020/21: £0.663million (upward revaluation) and other items of Property, Plant and Equipment and surplus assets £1.037million (upward revaluation) (2020/21: £2.784million (downward revaluation). Change in fair value of Investment Properties were charged to the Comprehensive Income and Expenditure Statement under Financing and Investment Income as per Note 4.9. Movements in other Property, Plant and Equipment are shown in the Comprehensive Income and Expenditure Account within Net cost of Services. The table below shows the service line that all revaluations were originally charged to.

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|---|-----------------|
| 999 | Community Services | (2,242) |
| 1,785 | Governance and Regulatory Services | 1,205 |
| 2,784 | Total Included in Net Cost of Services | (1,037) |
| | | |

Infrastructure Assets

In accordance with the Temporary Relief offered by the Update to the Code on infrastructure assets *[Local Government Circular 09/2022 Statutory Override Accounting for Infrastructure Assets for Scottish Local Authorities]* this note does not include disclosure of gross cost and accumulated depreciation for infrastructure assets because historical reporting practices and resultant information deficits mean that this would not faithfully represent the asset position to users of the financial statements.

The authority has chosen not to disclose this information as the previously reported practices and resultant information deficits mean that gross cost and accumulated depreciation are not measured accurately and would not provide the basis for the users of the financial statements to take economic or other decisions relating to infrastructure assets.

The infrastructure assets have a weighted average life of 48.7 years. If individual asset lives were decreased by 1 year, the weighted average life would be 47.7 years and would result in an increase in depreciation of £2,890 per year.

(a) Depreciation

The following useful lives and depreciation rates have been used in the calculation of depreciation:

| Asset Category | Rate | Basis |
|--|---------------|---------------|
| Dwellings & Other Buildings | 10 – 53 Years | Straight Line |
| Infrastructure Assets | 40 – 80 Years | Straight Line |
| Vehicles, Plant, Furniture & Equipment | 3 – 20 Years | Straight Line |
| Intangible Assets | 5 Years | Straight Line |

(b) Capital Commitments

At 31 March 2022, the Council has entered several contracts for the construction or enhancement of Property, Plant and Equipment in 2021/22 and future years; budgeted to cost £8,012,000. Similar commitments at 31 March 2021 were £23,684,000. The major commitments are:

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|-------------------------------|-----------------|
| 901 | Improvement Grant Commitments | 1,576 |
| 75 | Vehicle Replacements | 432 |
| 1,742 | Civic Centre Redevelopment | 12 |
| 19,544 | Sands Centre Development | 5,338 |
| 529 | Carlisle Citadels | 0 |
| 844 | Towns Deal Projects | 654 |
| 49 | Other Capital Commitments | 0 |
| 23,684 | | 8,012 |

(c) Effects of Changes in Estimates

In 2021/22, the Council made no material changes to its processes and techniques for making accounting estimates for Property, Plant and Equipment.

4.28 Bases of Valuation

From 1 April 1994 all the City Council's property, plant and equipment have been valued on the basis recommended by CIPFA and in accordance with the Statement of Asset Valuation Principles and Guidance Notes issued by the Royal Institution of Chartered Surveyors (RICS). Details of the valuation bases applied are set out in Note 4.0 (Statement of Accounting Policies).

Valuations are carried out via an annual revaluation programme. Valuations for 2021/22 were carried out by G Cooper (Senior Disposals Surveyor) MRICS and Chris Soar (MRCIS) of Montague Evans as at 31 March 2022. Community Assets, Vehicles, Plant and Equipment and Infrastructure assets are all held at Historic Cost and are not subject to revaluations. All assets subject to revaluation were revalued as at 31 March 2022.

The table below shows the number and types of asset the Council reports on its balance sheet:

| 31 March 2021 | | 31 March 2022 |
|------------------|----------------------------|------------------|
| 1 | Civic Centre | 1 |
| 11 | Depots and Workshops | 11 |
| 13 | Off Street Car Parks | 13 |
| 1 | Leisure Centres | 1 |
| 1 | Swimming Pool | 1 |
| 2 | Museums | 2 |
| 250ha | Parks & Recreation Grounds | 250ha |
| 1 | Market Hall | 1 |
| 3 | Cemeteries | 3 |
| 4 | Hostels/Homeshares | 4 |
| 1 | Crematorium | 1 |
| 75 | Industrial/Retail Units | 75 |
| 12 | Community Centres | 12 |
| 7 | Industrial Estates | 7 |

4.29 Investment Properties

There are no restrictions on the Council's ability to realise the value inherent in its investment property or on the Council's right to the remittance of income and the proceeds of disposal. The Council has no contractual obligations to purchase, construct or develop investment property. The Council has obligations for repairs and maintenance on some of its investment properties.

The Council does not classify any property interests held under operating leases as Investment Properties.

The fair value of Investment property held on the Balance Sheet is based on the valuations which are reviewed annually. Valuations for 2021/22 were carried out by G Cooper (Senior Disposals Surveyor) MRICS and Chris Soar (MRCIS) of Montague Evans as at 31 March 2022. These valuations were based on market conditions and known factors currently affecting specific assets, e.g. assets in the process of being marketed to sale.

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|---|-----------------|
| 90,590 | Opening Balance at 1 April of Investment Property | 95,158 |
| 4,603 | Additions to existing assets | 1,210 |
| (698) | Disposals | (77) |
| 663 | Net gains or losses from fair value adjustments | 1,482 |
| 95,158 | Closing Balance at 31 March of Investment Property | 97,773 |
| | | |

4.29a Fair Value Hierarchy

Details of the Council's investment properties and information about the fair value hierarchy as at 31 March 2022 are as follows:

| 2021/22 Recurring Fair Value Measurements using: | Quoted prices in active markets for identical assets (Level 1) £000 | Other Significant observable inputs (Level 2) £000 | Significant unobservable inputs (Level 3) £000 | Fair Value as at 31 March 2022 £000 |
|---|--|---|--|--|
| Development Land | 0 | 4,758 | 0 | 4,758 |
| Retail | 0 | 32,063 | 0 | 32,063 |
| Industrial Sites | 0 | 58,140 | 0 | 58,140 |
| Residential | 0 | 1,352 | 0 | 1,352 |
| Education | 0 | 180 | 0 | 180 |
| Office Units | 0 | 975 | 0 | 975 |
| Airport | 0 | 305 | 0 | 305 |
| Total | 0 | 97,773 | 0 | 97,773 |
| | | | | |

| 2020/21 Recurring Fair Value Measurements using: | Quoted prices in active markets for identical assets (Level 1) £000 | Other Significant observable inputs (Level 2) £000 | Significant unobservable inputs (Level 3) £000 | Fair Value as at 31 March 2021 £000 |
|--|--|---|---|--|
| Development Land | 0 | 4,833 | 0 | 4,833 |
| Retail | 0 | 32,335 | 0 | 32,335 |
| Industrial Sites | 0 | 54,991 | 0 | 54,991 |
| Residential | 0 | 1,322 | 0 | 1,322 |
| Education | 0 | 257 | 0 | 257 |
| Office Units | 0 | 1,128 | 0 | 1,128 |
| Airport | 0 | 292 | 0 | 292 |
| Total | 0 | 95,158 | 0 | 95,158 |
| | | | | |

4.29b Transfers between Levels of the Fair Value hierarchy

There were no transfers between Levels 1 and 2 during the year.

4.29c Valuation Techniques used to determine Level 2 and 3 Fair Values for Investment Properties**Significant Observable Inputs – Level 2**

The fair value for retail, (at market rents) has been based on the direct market evidence available at the time of valuation.

The industrial sites located in the local authority area are measured using the income approach, by means of the discounted cash flow method, where the expected cash flows from the properties are discounted (using a market-derived discount rate) to establish the present value of the net income stream. The approach has been developed using the council's own data requiring it to factor in assumptions such as the duration and timing of cash inflows and outflows, rent growth, occupancy levels, bad debt levels, maintenance costs, etc.

Significant Unobservable Inputs – Level 3

There are no Investment Properties measured at level 3.

4.29d Highest and Best Use of Investment Properties

In estimating the fair value of the authority's investment properties, the highest and best use of the properties is their current use.

4.29e Valuation Techniques

There has been no change in the valuation techniques used during the year for investment properties.

4.29f Reconciliation of Fair Value Measurements (using significant unobservable inputs categorised within Level 3 of the Fair Value Hierarchy)

| 2020/21 £000 | Assets categorised within Level 3 | 2021/22 £000 |
|-----------------|---|-----------------|
| 3,499 | Opening Balance | 0 |
| (9,466) | Transfers out of Level 3 | 0 |
| 2,241 | Total gains [or losses] for the period included in Surplus or Deficit on the Provision of Services resulting from changes in the fair value | 0 |
| 3,726 | Additions/enhancements | 0 |
| 0 | Disposals | 0 |
| 0 | Closing Balance | 0 |

Gains or losses arising from changes in the fair value of the investment property are recognised in Surplus or Deficit on the Provision of Services – Financing and Investment Income and Expenditure line.

4.29g Quantitative information about Fair Value Measurement in Investment Properties using significant Unobservable Inputs – Level 3

There are no Investment Properties measured at Level 3.

4.29h Valuation process for Investment properties

The fair value of the council's investment property is measured annually at each reporting date. All valuations are carried out by a combination of internal and external valuers, in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. The council's valuation experts work closely with finance officers reporting directly to the Corporate Director of Finance and Resources on a regular basis regarding all valuation matters.

4.30 Surplus Properties

The fair value of Surplus property held on the Balance Sheet is based on the valuations which are reviewed annually. Valuations for 2021/22 were carried out by G Cooper (Senior Disposals Surveyor) MRICS and Chris Soar (MRICS) of Montague Evans as at 31 March 2022. These valuations were based on market conditions and known factors currently affecting specific assets, e.g. assets in the process of being marketed to sale.

4.30a Fair Value Hierarchy

Details of the Council's Surplus properties and information about the fair value hierarchy as at 31 March 2022 are as follows:

| 2021/22 Recurring Fair Value Measurements using: | Quoted prices in active markets for identical assets (Level 1) £000 | Other Significant observable inputs (Level 2) £000 | Significant unobservable inputs (Level 3) £000 | Fair Value as at 31 March 2022 £000 |
|--|--|---|---|--|
| Development Land | 0 | 585 | 0 | 585 |
| Retail | 0 | 153 | 0 | 153 |
| Residential | 0 | 215 | 0 | 215 |
| Total | 0 | 953 | 0 | 953 |

| 2020/21 Recurring Fair Value Measurements using: | Quoted prices in active markets for identical assets (Level 1) £000 | Other Significant observable inputs (Level 2) £000 | Significant unobservable inputs (Level 3) £000 | Fair Value as at 31 March 2021 £000 |
|--|--|---|---|--|
| Development Land | 0 | 583 | 0 | 583 |
| Retail | 0 | 351 | 0 | 351 |
| Residential | 0 | 209 | 0 | 209 |
| Total | 0 | 1,143 | 0 | 1,143 |
| | | | | |

4.30b Transfers between Levels of the Fair Value hierarchy

There were no transfers between Levels 1 and 2 during the year.

4.30c Highest and Best Use of Surplus Properties

In estimating the fair value of the authority's surplus properties, the highest and best use of the properties is their current use.

4.30d Valuation Techniques used to determine Level 2 and 3 Fair Values for Investment Properties**Significant Observable Inputs – Level 2**

The fair value for retail, (at market rents) has been based on the direct market evidence available at the time of valuation.

Significant Unobservable Inputs – Level 3

There are no surplus assets measured at level 3.

4.31 Heritage Assets

Reconciliation of the Carrying Value of Heritage Assets held by the Authority

| | Statues, Monuments & historic Land- marks £000 | Pictures, Prints & Sculpture £000 | China, Glass & Porcelain £000 | Archaeol- ogy £000 | Natural History £000 | Other Museum Collection £000 | Civic Regalia £000 | Total £000 |
|--|--|--|--|--------------------------|----------------------------|---------------------------------------|--------------------------|---------------|

| Revaluations recognised in Revaluation Reserve | 0 | 4,636 | 0 | 0 | 0 | 0 | 0 | 4,636 |
| Valuation as at 31 March 2022 | 817 | 18,636 | 950 | 1,300 | 500 | 1,550 | 385 | 24,138 |

The Council undertook a revaluation of the pictures, prints and sculptures collection for insurance purposes in 2021/22 and change in values have been reflected in the balance sheet in 2021/22. The valuations for insurance purposes were undertaken by Adam Schoon (Antiques & Fine Art Valuer).

a) Statues, Monuments and Historic Landmarks

The Council's collection of statues, monuments and historic landmarks are carried at Historic cost where known. This is primarily assets that have been previously been classified as Community assets and includes, Dixons Chimney, West Walls, Castle Banks, and the Public Realm works for the Roman Frontier.

Other statues and monuments are not recorded on the balance sheet as valuation is not considered to be possible. These include the following assets:

- Market Cross, Greenmarket
- Queen Victoria Statue, Bitts Park
- James Creighton Statue, Hardwicke Circus,
- James Steel Statue, English Street
- Earl of Lowther Statue, The Crescent
- Cenotaph, Rickerby Park
- War Memorial, Greenmarket
- War Memorial, Richardson St Cemetery
- War Memorial, Botcherby Community Centre
- War Memorial, Stanwix Cemetery
- Hyssop Holme Well, Etterby

b) Pictures, Prints and Sculptures

The Council's collection of pictures, prints and sculptures is reported in the Balance Sheet at insurance valuation. The schedule covers some 5,000 items. The insurance cover is renewed annually and is adjusted to reflect market indices or any known changes to values. There is one item that has an individual valuation of £1,500,000 and this is a painting from 1868 titled Risen at Dawn: Gretchen Discovering Faust's Jewels, by Dante Gabriel Charles

Rossetti. There are a further 12 items with an individual valuation of £250,000 each and a further 16 items valued over £100,000 each.

c) China, Glass and Porcelain

The Council's collection of china, glass and porcelain is reported in the Balance sheet at insurance valuation. The schedule covers some 800 items. The insurance cover is renewed annually and is adjusted to reflect market indices or any known changes to values. There are no significant individual items, the largest single valuation being £15,000 for a figurine.

d) Archaeology

The Council's collection of archaeology is reported in the Balance sheet at insurance valuation. The schedule covers some 20,000 items. The insurance cover is renewed annually and is adjusted to reflect market indices or any known changes to values.

e) Natural History

The Council's collection of natural history is reported in the Balance sheet at insurance valuation. The schedule covers some 816,500 items. The insurance cover is renewed annually and is adjusted to reflect market indices or any known changes to values.

f) Other Museum collection

The Council's other museum collections include items of social history, silver, coins and medals, firearms, musical instruments and costumes and clothing and is reported in the Balance sheet at insurance valuation. The schedule covers c.22,000 items. The insurance cover is renewed annually and is adjusted to reflect market indices or any known changes to values. There is one significant item within this part of the collection that is valued at £500,000.

g) Civic Regalia

The Council's Civic Regalia is reported in the Balance sheet at insurance valuation. The insurance cover is renewed annually and is adjusted to reflect market indices or any known changes to values.

h) Other heritage assets not included in the balance sheet

The Council's owns other items that are classified as heritage assets, but which do not hold a valuation and for which it would not be cost effective to obtain a valuation. These include:

- Mayoral picture gallery, Civic Centre
- Various pictures, sculptures and paintings, 1st floor Civic Centre

4.32 Heritage Assets: Further information on the Museum's Collections

The collections fall into four main areas: Archaeology, Social History, Natural Sciences and Fine and Decorative Arts. Human history collections are centred on the **Social History** of Carlisle District, and the **Archaeology** of North Cumbria; **Natural Sciences** encompasses the flora, fauna and geology of Cumbria; and **Fine and Decorative Arts** includes British fine and decorative art, with particular reference to North Cumbria.

Fine and Decorative Art

a) Scope of the Collections

Wide ranging fine art collection consisting of 4,800 paintings, watercolours, drawings, prints, photographs, sketch books and sculpture by mainly British artists dating from about 1650 to the present day. This collection is mostly of regional significance but also includes works of national importance. Notable elements include:

Purchase Scheme 1933-75 (200 works)

Collection of 20th century British art including works of national importance. Key artists represented include Stanley Spencer, William Rothenstein, Wyndham Lewis, Esmond Lowinsky, Vanessa Bell, Lucien Pissarro, Charles Ginner, L S Lowry, John Nash, Eric Ravilious, Carel Weight, Peter Blake, and Roger de Grey.

Emily and Gordon Bottomley Bequest 1949 (600 works)

Collection of 19th and 20th century British art including works of national importance. Key artists represented include Pre-Raphaelites: Dante Gabriel Rossetti, Elizabeth Siddal, William Morris, Edward Burne-Jones, Ford Madox Brown, and Arthur Hughes. Other key artists represented include Samuel Palmer, Charles Ricketts, and Paul Nash.

Carel Weight Bequest 1999 (91 works)

Important collection of late 19th and 20th century mainly British art. Key artists represented include Lucien Pissarro, Stanley Spencer, L S Lowry, Thomas Barclay Hennell and Carel Weight.

Pre-Raphaelite Collection (48 works)

Nationally important collection of works by the Pre-Raphaelites acquired from the Howard family, William Rothenstein, the Purchase Scheme and Gordon Bottomley. Key artists listed above.

Local Art and Artists Collection (1,000 works)

Important collection of works by local and visiting artists many of which relate to northern Cumbria. Key artists represented include Sam Bough, William James Blacklock, Winifred Nicholson, Sheila Fell, Julian Cooper, Donald Wilkinson, Jem Southam and Keith Tyson.

Decorative Art (1,500 items)

Wide ranging collection mostly consisting of ceramics including the Williamson Bequest (1940) of 800 pieces of 18th and 19th century English porcelain, all major factories represented. The bequest also includes a 17th century table clock by Joseph Knibb of London. Textiles include a good collection of quilts (40). Items associated with the Arts and Crafts Movement include costume, textiles, furniture, ceramics, and metalwork. A small collection of musical instruments includes strings by the Forster family and a decorated violin by Andrea Amati (1564).

Natural Sciences**a) Scope of the collections**

Regionally significant collections of zoological, botanical, and geological material, totalling some quarter of a million specimens. These collections are particularly strong in material of Cumbrian provenance and provide a unique resource relating to the landscape and biodiversity of the region.

Zoology (c. 210,000 items)

Significant collection of British birds and mammals (mounts and skins) and birds' eggs; some vertebrate skeletal material; extensive and significant collections of British insects; British and foreign Mollusca.

Botany (c. 26,000 items)

Lakeland and British herbaria, including mosses and lichens.

Fungi (c. 1,500 items)

Developing collection of Cumbrian fungi with special focus on montane and grassland species.

Geology (c.9,000 items)

Substantial holdings of fossil, rock, and mineral material. Includes a major Cumbrian mineral collection and an important 19th century fossil collection

Cumbria Biodiversity Data Centre (570,000 records)

Tullie House operates the local biodiversity data centre for Cumbria, in partnership with several funding organisations. The computer database presently includes some 50,000 records deriving from specimens in the collections.

Social History**a) Scope of Collections (c.22,000 items)**

A wide-ranging collection of objects, ephemera, and photographs (plus a limited range of oral history recordings and audio-visual footage) relating to personal, community and working life in Carlisle district from the 1644-5 Civil War onwards. This includes a large collection of men's, ladies', children's and infants' costume and accessories dating from 1700 to the present.

The collections include a good general representation of working, domestic, and recreational activities. Material includes items from the 1745 Jacobite Rising, 17th/18th century silver of the city and its trade guilds, coins and medallions from 16th to 20th centuries, Carlisle made watches, long case clocks and firearms, State Management branded pub material, traditional Cumbrian sports trophies and accessories, ephemera relating to 20th Carlisle Pageants and fairs, tools, equipment and products of local industry and agriculture, the Blue Streak Rocket Project Archive, costumes of notable individuals including Margery Jackson and Pilot Tadeusz Felc.

Archaeology**a) Scope of Collections (c.20,000 items)**

The collections cover the period from the arrival of humans into Cumbria up to the 1644-5 Civil War. It consists of artefacts and their associated documentation covering the whole period. This documentation includes original paper documents, photographs, digital records, publication offprints and other secondary sources. In addition, the museum is a repository for excavation archives undertaken by various bodies in the area, including English Heritage, Oxford Archaeology North, and North Pennines Archaeological Trust.

There are important items within the collections from the whole period. These include: rough-out material from the Langdale stone axes factories, pottery from Ehenside Tarn and Old Walls, a stone spear-mould from Croglin, a gold neck-ring from Greysouthern, and cemetery material from Garlands and Aglionby, which date to the prehistoric period. The material relating to the Roman occupation includes an internationally important collection of inscribed and sculptured stones from Carlisle and Hadrian's Wall as well as domestic and military material. The post-Roman and Early Medieval period include objects from Viking burials at Ormside, Hesket and Cumwhitton and a Saxon sword from the River Thames. The medieval life of the city is represented by coins struck at the Carlisle Mint, ceramics from Carlisle and further away, city bell, muniment chest and stocks. The Elizabethan period is covered by weights and measures and racing bells. In addition, there is a fine collection of British coinage of all periods. A notable point about the collection is that the waterlogged conditions that can be found in the archaeological layers of Carlisle allow the preservation of wood and leather artefacts that do not survive in other places.

Preservation and Management

As the museum holds, and intends to acquire, archives, including photographs and printed ephemera. Its governing body will be guided by the Code of Practice on Archives for Museums and Galleries in the United Kingdom (3rd ed., 2002). The Council's policy on acquisition, disposals and management of Heritage assets provides further information on this.

4.33 Financial Instruments

(a) Categories of Financial Instruments

The following categories of financial instrument are carried in the Balance Sheet:

Financial Assets

| | Non Current | | Current | | Total |
|----------------------------------|------------------------|------------------------|------------------------|------------------------|------------------------|
| | Investments | Debtors | Investments | Debtors | |
| | 31-Mar 2022 £000 | 31-Mar 2022 £000 | 31-Mar 2022 £000 | 31-Mar 2022 £000 | 31-Mar 2022 £000 |

| | | | | | |

Financial Instruments Designated at Fair Value through Profit or Loss

The Council only holds one Financial Asset designated at Fair Value through Profit or Loss. This is the long-term investment held in the CCLA property fund. The Council originally invested £3million (before entry costs) in 2014/15. The investment now has a notional value of £3.867million. The notional gain from this investment is held in the Pooled Investment Fund Adjustment account. This investment is held as a long-term investment for the Council due to the illiquid nature of the holding. Therefore, fluctuations in property valuations will determine the gains and losses in fair value. The fund invests in different classifications of property and at 31 March 2022 had an overall fund value of £1.439billion, making the Council's investment 0.27% of the overall fund.

The Council has seen its initial investment grow by £1.030million since 2014/15 and has benefited from increased investment dividend returns over the period when compared to standard investments with banks and building societies.

Although historical performance is not a guarantee of future performance, the investment is held for the longer term and will be linked to the overall performance of the fund which will be affected by property values and rental income generated. Therefore, credit risk is considered to be low.

UK commercial property had a good start to the year, building on strong progress in 2021. In the industrials sub-sector, attractive rental growth reflected high tenant demand. Rental growth was harder to come by in office and retail, although the pressure on sector income continued

to ease as tenants emerged from Covid trading restrictions and protective payment measures. Valuations moved further upwards, supported by high transaction volumes which were significantly above trend and 35% higher than for the corresponding period last year. Accordingly, yields continued to tighten, and the average prime yield fell back to a level not seen since before the pandemic. Even high street retail saw some benefit from improved sentiment, though the biggest gainers were in industrial/distribution properties, and retail warehouses. It is likely that there may be further changes in the valuation of the council's investment over the forthcoming year, however, the Council's investment has made over 10% gains in investment valuation since the initial investment, and it continues to receive dividends that exceed the standard returns on investment through money market transactions.

(b) Income, Expense, Gains and Losses

| 2020/21 | | | 2021/22 | |
|---|--|--|---|--|
| Surplus or Deficit on the Provision of Services £000 | Other Comprehensive Income and Expenditure £000 | | Surplus or Deficit on the Provision of Services £000 | Other Comprehensive Income and Expenditure £000 |
| 24 | 0 | Net (Gains)/Losses on: | | |
| (73) | 0 | Financial Assets measured at Fair Value through Profit or Loss | (578) | 0 |
| | | Financial Assets measured at Amortised Cost | 28 | 0 |
| (49) | 0 | Total Net (Gains)/Losses | (550) | 0 |
| | | Interest Revenue: | | |
| (147) | 0 | Financial Assets measured at Fair Value through Profit or Loss | (122) | 0 |
| (90) | 0 | Financial Assets measured at Amortised Cost | (64) | 0 |
| (237) | 0 | Total Interest Revenue | (186) | 0 |
| | | Interest Expense: | | |
| 407 | 0 | Financial Liabilities measured at Amortised Cost | 214 | 0 |
| 407 | 0 | Total Interest Expense | 214 | 0 |
| | | | | |

(c) Fair Value of Assets & Liabilities carried at Amortised Cost

Financial liabilities and financial assets carried in the Balance Sheet at amortised cost. Their fair values are calculated as follows:

- The Council has based its fair value report on the borrowing/deposit rate for the same financial instrument from a comparable lender;
- A consistent approach has been applied to assets and liabilities;
- Estimated fair values have been calculated using the equivalent market interest rates as at 31 March 2022;
- Early repayment or impairment is not recognised; and
- The fair value of operational liabilities and receivables is taken to be the invoiced or billed amount;

- The valuation basis adopted in this report uses **Level 2** Inputs – i.e. inputs other than quoted prices that are observable for the financial asset/liability.

| 31 March 2021 | | | 31 March 2022 | |
|-------------------------|--------------------|--|-------------------------|--------------------|
| Carrying Amount £000 | Fair Value £000 | | Carrying Amount £000 | Fair Value £000 |
| 13,319 | 12,761 | Financial Liabilities held at amortised cost | 12,844 | 11,483 |
| 1,746 | 1,746 | Long Term Creditors | 1,572 | 1,572 |
| 3,097 | 3,097 | Short Term Operational Creditors | 7,163 | 7,163 |
| 18,162 | 17,604 | Total | 21,579 | 20,218 |
| | | | | |

The fair value is less than the carrying amount in 2021/22 because the Council's loan portfolio includes fixed rate loans where the interest rate payable is less than the rates available for similar loans at the Balance Sheet date.

| 31 March 2021 | | | 31 March 2022 | |
|-------------------------|--------------------|---|-------------------------|--------------------|
| Carrying Amount £000 | Fair Value £000 | | Carrying Amount £000 | Fair Value £000 |
| 5,002 | 5,002 | Financial Assets held at amortised cost | 12,007 | 12,006 |
| 113 | 113 | Long Term Debtors | 99 | 99 |
| 3,615 | 3,615 | Short Term Debtors | 2,478 | 2,478 |
| 6,802 | 6,802 | Cash & Cash Equivalent | 17,277 | 17,277 |
| 15,532 | 15,532 | Total | 31,861 | 31,860 |
| | | | | |

Short Term Debtors and Creditors are carried at cost as this is a fair approximation of their value.

(d) Fair Values of Financial Assets through Profit or Loss

Some of the Council's financial assets are measured at fair value on a recurring basis and are described in the following table, including the valuation techniques used to measure them.

| 2020/21 £000 | | Input Level in Fair Value Hierarchy | Valuation technique used to measure fair value | 2021/22 £000 |
|-----------------|--|---|---|-----------------|
| 3,289 | Financial Assets measured at Fair Value through profit or loss | Level 1 | Unadjusted quoted priced in active markets for identical shares | 3,867 |
| 3,289 | Total | | | 3,867 |
| | | | | |

(e) Risks arising from Financial Instruments

The Council's activities expose it to a variety of financial risks:

- **credit risk** – the possibility that other parties might fail to pay amounts due to the Council.
- **liquidity risk** – the possibility that the Council might not have funds available to meet its payment commitments; and
- **market risk** – the possibility that a financial loss might arise for the Council because of movements in interest rates.

The Council's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the resources available to fund services. Risk management is carried out by the Finance team, under policies approved by Council in the Annual Treasury Management Strategy Statement. The Council also maintains Treasury Management Practices (TMP's) that provide written principles for overall risk management as well as specific areas covering interest rate risk, credit risk and the investment of surplus cash.

(f) Credit Risk

Credit risk arises from deposits with banks and other financial institutions, as well as credit exposure from the Council's customers. This risk is minimised through the annual investment strategy, which is available on the council's website at www.carlisle.gov.uk.

Credit Risk Management Practices

The Council's credit risk management practices are set out in section 10 and appendix B of the Treasury Management Strategy Statement.

Investments are not placed with credit rated banks and other financial institutions unless they have a minimum credit rating of Short-term P1, Support C or equivalent (Based on Moody's Credit Ratings). Some investments are placed with Building Societies that do not have a formal credit rating. This policy is dictated by the size of the Society (minimum £1billion Assets) and is grounded upon the strict regulatory regime with which all building societies must comply. The Council has a policy of not lending more than £6million of its surplus balances to any one appropriately credit rated institution (specific counterparties have been increased to £10million), with no more than 50% held as non-specified investments i.e.. investments with a period to maturity of more than one year or placed with an institution without a formal credit rating.

The Council receives continual and up-to-date updates from its Treasury advisors on the credit ratings of all potential counterparties. As at 31 March the council's investment portfolio for Financial Assets held at amortised cost was as follows with the expected potential credit loss being immaterial.

| Counterparty | Principal £000 | Moody's Short Term Credit Rating | Historic Risk of Default | Expected Credit Loss £ |
|-------------------------|-------------------|--|-----------------------------|------------------------------|
| HSBC UK Bank Plc | 5,000,000 | A+ | 0.000% | 6 |
| Standard Chartered Bank | 1,000,000 | A+ | 0.004% | 37 |
| HSBC UK Bank Plc | 5,000,000 | A+ | 0.004% | 196 |
| Standard Chartered Bank | 1,000,000 | A+ | 0.007% | 72 |
| Standard Chartered Bank | 1,000,000 | A+ | 0.011% | 107 |
| Standard Chartered Bank | 1,000,000 | A+ | 0.015% | 152 |
| Standard Chartered Bank | 1,000,000 | A+ | 0.019% | 187 |
| Santander UK Plc | 7,000,000 | A+ | 0.023% | 1,592 |
| | 22,000,000 | | | 2,349 |
| | | | | |

Amounts arising from Expected Credit Losses

The following analysis summarises the Council's potential maximum credit risk exposure, based on the experience gathered over the last five financial years, on the level of default on loans and receivables and adjusted for current market conditions:

| | Value at 31 March 2022 £000 | % Default based on previous experience | % Default adjusted for current market conditions | Estimated maximum exposure to default £000 |
|---|-----------------------------------|---|---|--|
| Deposits with banks and other financial institutions | 33,151 | Nil | Nil | 0 |
| Gross Operational Debtors | 3,815 | 46.49% | 35.04% | 1,337 |
| | | | | 1,337 |

The percentage defaults shown in the above table are high due to the potential bad debt provision of £1,310,000 in relation to Housing Benefit overpayments. The remainder of the bad debt provision relates to sundry debtors and car park fines.

The Council does not expect any losses in respect of non-performance by counterparties in relation to its wholesale deposits.

The Council does not generally allow credit to its customers. The current value at 31 March 2022 of outstanding debt excluding Housing Benefit Overpayments is £1.742million. Of this amount £1.145million is past its due date for payment. The aged-debt analysis of this sum is as follows:

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--------------------|-----------------|
| 443 | Less than 3 months | 699 |
| 45 | 3-5 months | 6 |
| 416 | More than 5 months | 440 |
| 904 | Total | 1,145 |
| | | |

In determining expected credit losses for trade receivables, the Council utilises the lifetime expected credit loss measurement basis under the simplified approach as per the Code of Practice. This approach determines the age of debts and applies the historical likelihood of debt recovery for debts of similar ages.

During the period the movement on the bad debt provision that related to customers including Housing Benefit Overpayments was as follows:

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|-----------------------------------|-----------------|
| 1,424 | Opening Balance | 1,327 |
| (24) | Write Offs in Year | (18) |
| (73) | (Decrease)/Increase to Provisions | 28 |
| 1,327 | Closing Balance | 1,337 |
| | | |

(g) Liquidity Risk

The Council has a comprehensive cash flow management system that seeks to ensure that cash is available as needed. If unexpected movements happen, the council has ready access to borrowings from the money markets and the Public Works Loans Board. There is no significant risk that it will be unable to raise finance to meet its commitments under financial instruments. The budget set in February 2022 has identified a future borrowing requirement to finance new capital expenditure.

The maturity analysis of loans and borrowings within financial liabilities is as follows:

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|-----------------------|-----------------|
| 506 | Less than 1 year | 506 |
| 950 | Between 1 and 2 years | 950 |
| 1,425 | Between 2 - 5 years | 1,425 |
| 10,438 | Over 5 years | 9,963 |
| 13,319 | Total | 12,844 |
| | | |

(h) Market Risk

The Council is exposed to some risk due to movements in interest rates on its loans and investments. As nearly all the Council's borrowing and investments have been placed at fixed rates, this risk has to a large extent been minimised. Nevertheless, there remain some risks:

- An increase in interest rates will result in a fall in the fair value of borrowings and investments.
- A decrease in interest rates will result in a rise in the fair value of borrowings and investments.
- The value of interest received from investments will rise or fall depending on increases and decreases in interest rates and will impact on the Comprehensive Income and Expenditure Statement.

Borrowings and short-term investments are not carried in the Balance Sheet at fair value, so nominal gains and losses on fixed rate financial instruments have no impact on the Comprehensive Income and Expenditure Statement.

If interest rates had been 1% higher and all other variables were held constant the financial effect would have been:

| | £000 |
|---|---------|
| Increase in interest payable on variable rate borrowings | 0 |
| Increase in interest receivable on variable rate investments | 0 |
| Impact on Surplus/Deficit on provision of services | 0 |
| Decrease in Fair Value of investments (Excluding Property Fund) | 0 |
| Decrease in Fair Value of Borrowings | (1,255) |

The approximate impact of a fall in interest rates by 1% would have had the same impact as above but would have reversed the movements.

The Council carries out its borrowing and investment function within parameters set out in its Treasury Management Strategy, which assesses interest rate exposure to feed into the budget process. Forecasts are updated regularly throughout the year, which allows any significant changes to interest rates to be reflected in current budget projections. The Treasury Management Strategy also advises on the limits for new variable and fixed-rate borrowing for the year.

4.34 Short Term Debtors

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|-------------------------------|-----------------|
| 1,589 | Central Government Bodies | 1,091 |
| 1,998 | Other Local Authorities | 375 |
| 7,592 | Bodies external to government | 6,232 |
| (1,900) | Expected Credit Losses | (1,863) |
| 9,279 | Total | 5,835 |
| | | |

4.35 Cash and Cash Equivalents

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--|-----------------|
| 802 | Cash and Bank | 7,277 |
| 6,000 | Short Term Investments with maturity of less than 3 months | 10,000 |
| 6,802 | Total | 17,277 |
| | | |

4.36 Short and Long-Term Creditors

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--------------------------------|-----------------|
| (3,935) | Central Government Bodies | (5,975) |
| (421) | Other Local Authorities | (205) |
| (3,441) | Other Entities and Individuals | (4,213) |
| (45) | Employee Benefits | 49 |
| (7,842) | Total | (10,344) |
| | | |

Long Term Creditors relate to Section 106 agreements received that will be payable after 12 months. These are funds that have been received as part of planning consents agreed by the Council for further amenity work and projects that will be ongoing as part of a development. The long-term element of these amounts to £1,572,482 in 2021/22 (2020/21: £1,746,489).

4.37 Receipts in Advance

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|---|-----------------|
| (3,997) | Central Government Bodies | (9,843) |
| (66) | Other Local Authorities | (669) |
| (631) | Other Entities and Individuals | (593) |
| (4,694) | Total Revenue Receipts in Advance | (11,105) |
| | | |
| (932) | Central Government Bodies | (647) |
| 0 | Towns Deal Accelerated Fund | (1,040) |
| 0 | Future High Street Fund | (19,955) |
| 0 | Sustainable Warmth | (985) |
| (934) | Towns Deal | 0 |
| | Other Local Authorities | |
| (1,866) | Total Capital Grants Receipts in Advance | (22,627) |
| | | |

4.38 Provisions

The movement in the level of provisions held by the Council during 2021/22 is as follows: -

| | 1 April 2021 | Additions in year | Used in year | Unused Amounts reversed | 31 March 2022 |
|--|--------------|-------------------|--------------|-------------------------|---------------|
| | £000 | £000 | £000 | £000 | £000 |
| Insurance Claims | 244 | 0 | (183) | 0 | 61 |
| Cemeteries Perpetuity Fund | 75 | 0 | 0 | 0 | 75 |
| Land Charges Provision | 34 | 0 | 0 | 0 | 34 |
| Rickergate Properties Ringfenced Account | 172 | 29 | (23) | 0 | 178 |
| Other Provisions | 97 | 94 | (8) | 0 | 183 |
| Total | 622 | 123 | (214) | 0 | 531 |
| Business Rate Appeals (City Council Share) | 1,342 | 0 | (497) | (78) | 767 |
| Total (All Provisions) | 1,964 | 123 | (711) | (78) | 1,298 |
| Split as: | | | | | |
| Falling due within 1 year | 1,586 | 0 | (680) | (78) | 828 |
| Falling due after 1 year | 378 | 123 | (31) | 0 | 470 |

(i) Insurance Claims

The Council has established a provision totalling £60,954 to meet insurance claims arising from public liability, employer's liability, motor vehicle and other claims. This figure is based on the estimated gross value of claims against the Council at 31 March 2022 and the insurance provision will therefore cover this value in full. However, it is expected that £42,772 will be reimbursed by the Council's insurers and through other third-party claims. It is difficult to predict the expected timings of any outflows relating to insurance claims due to their complicated nature.

(ii) Municipal Mutual Insurance (MMI)

The Council has a liability under the scheme of arrangement entered into following the transfer of the assets and goodwill of MMI Ltd. to Zurich Municipal on the 1 April 1993. The liabilities of MMI Ltd were not, however, transferred to Zurich Municipal and the company is exploring ways in which these liabilities can be transferred to another insurance company to enable MMI Ltd. to be wound up. During 2012/13 the Scheme of Arrangement was triggered giving rise to a liability for the Council. At 31 March 2022 the estimated maximum amount liable to clawback, in the event of the scheme being triggered, was £1,043,159. An initial levy of 15% was set by the Scheme administrators, Ernst, and Young in January 2014, and this was increased to 25% in April 2016 to achieve a solvent run off for MMI. A total levy of £253,638 has been paid by the Council to date with a further £7,152 potentially required to be paid as at 31 March 2022.

Other Provisions**a. Business Rate Retention Appeals**

An appeals provision has been established in accordance with the new scheme. The City Council share of the outstanding appeals is £767,177 and this is also reflected in the Collection Fund Statement. The overall provision for appeals within the Collection Fund is £1,917,945.

b. Cemeteries Perpetuity Fund

This fund is used to maintain and repair cemetery headstones where owners cannot be contacted. It was agreed in 2009 to use the fund to carry out essential repair work on memorials.

c. Land Charges Provision

A provision set up to meet the potential liabilities of claims relating to potential refunds of personal search fees.

d. Rickergate Properties Ringfenced Account

This provision was previously held as a creditor and represents the net income from properties purchased in Rickergate with funds from North West Regional Development Agency. The Homes and Communities Agency have now taken over control of this scheme and have informed the Council that this income does not need to be repaid to it as was previously the case and can be used to fund any future costs on the scheme with their approval.

e. Other Provisions

The Council holds other minor provisions for liabilities with uncertain timing or amounts.

4.39 Unusable reserves**(a) Revaluation Reserve**

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

- Revalued downwards or impaired and the gains are lost
- Used in the provision of services and the gains are consumed through depreciation, or
- Disposed of and the gains are realised

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|---|-----------------|
| 45,025 | Balance at 1 April | 42,943 |
| 884 | Upward Revaluation of Assets | 7,929 |
| (2,059) | Downward Revaluation of assets and impairment losses not charged to the Surplus/Deficit on Provision of Services | (986) |
| (1,175) | Surplus or (Deficit) on Revaluation of Non Current Assets not posted to the Surplus or Deficit on Provision of Services | 6,943 |
| (907) | Difference between Fair Value Depreciation and Historic Cost Depreciation | (849) |
| 42,943 | Balance at 31 March | 49,037 |
| | | |

(b) Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction, or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisitions, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction, and enhancement.

The Account contains accumulated gains and losses on Investment Properties and gains recognised on donated assets that have yet to be consumed by the Council.

The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date the Revaluation reserve was created to hold such gains.

Note 4.4 provides details of the source of all the transactions posted to the Account.

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|---|-----------------|
| 122,857 | Balance at 1 April | 124,790 |
| | Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement | |
| (3,574) | Charges for depreciation and impairment of non-current assets | (3,515) |
| (14) | Amortisation of Intangible Assets | (6) |
| (2,784) | Revaluation losses on Property, Plant and Equipment | 1,037 |
| (3,105) | Revenue Expenditure Funded from Capital under Statute | (2,136) |
| (913) | Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the CIES | (382) |
| (10,390) | | (5,002) |
| 907 | Adjusting Amounts written out of the Revaluation reserve | 849 |
| (9,483) | Net written out amount of the cost of non-current assets consumed in the year | (4,153) |
| 113,374 | | 120,637 |
| | Capital Financing Applied in the year | |
| 2,615 | Use of Capital Receipts Reserve to finance new capital expenditure | 80 |
| 5,505 | Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement that have been applied to capital financing | 4,005 |
| 10 | Application of grants to capital financing from the Capital Grants Unapplied Account | 0 |
| 0 | Statutory provision for the financing of capital investment charged against the General Fund | 0 |
| 2,623 | Capital expenditure charged against the General Fund | 2,222 |
| 10,753 | | 6,307 |
| 663 | Movements in the market value of Investment Properties debited or credited to the Comprehensive Income and Expenditure Statement | 1,482 |
| 124,790 | Balance at 31 March | 128,426 |

(c) Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Authority has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--|-----------------|
| (47,322) | Balance at 1 April | (52,532) |
| (2,828) | Remeasurements of the net defined benefit (liability)/asset | 14,223 |
| (4,945) | Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement | (6,071) |
| 2,563 | Employer's pensions contributions and direct payments to pensioners payable in the year | 2,627 |
| (52,532) | Balance at 31 March | (41,753) |
| | | |

(d) Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax income and non-domestic rates income in the Comprehensive Income and Expenditure Statement as it falls due from council tax-payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

The deficit on the Business Rates Collection Fund for 2021/22 is larger than normal due to the continued granting of extended retail and nursery relief at the start of the COVID-19 pandemic in 2021/22. Government granted rating relief to businesses in these categories and compensated the billing authority for the loss of business rates collected with a Section 31 grant. Therefore, the £3.430million Carlisle share of the deficit which is shown in the Collection Fund Adjustment Account is offset by the additional income in General Fund where Section 31 grants are accounted for. This additional income has been set aside in an earmarked reserve to offset the recovery of the deficit in 2022/23.

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--|-----------------|
| (262) | Balance at 1 April | (9,570) |
| (9,308) | Amount by which council tax income and non domestic rates income credited to the Comprehensive Income and Expenditure Statement is different from council tax income calculated for the year in accordance with statutory requirements | 6,057 |
| (9,570) | Balance at 31 March | (3,513) |
| | | |

(e) Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, e.g., annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|---|-----------------|
| (243) | Balance at 1 April | (288) |
| 243 | Settlement or cancellation of accrual made at the end of the previous period | 288 |
| (288) | Amounts accrued at the end of the current year | (239) |
| (45) | Amounts by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration charged in the year in accordance with statutory requirements | 49 |
| (288) | Balance at 31 March | (239) |
| | | |

(f) Pooled Investment Fund Adjustment Account

The Pooled Investment Fund Adjustment Account contains the cumulative gains and losses made by the Council arising from increases in the fair value of its investments classified as fair value through profit and loss in accordance with Statutory Instrument 2018/1207 – Local Authorities (Capital Finance and Accountancy) (England) (Amendment) Regulations 2018, regulation 30K.

| 2020/21 £000 | | 2021/22 £000 |

| (24) | | 578 |
| 452 | Balance at 31 March | 1,030 |
| | | |

(g) Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the authority does not treat these gains as usable for financing new capital expenditure until they are backed by a cash receipt. When the deferred cash settlement eventually takes place, amounts are transferred to the capital receipts reserve.

| 2020/21 £000 | | 2021/22 £000 |

| 3,407 | Increase/(decrease) in Capital Financing Requirement | 14,636 |
| | | |

4.41 Leases

The Council acts as lessor in respect of land and property owned by it and leased to tenants, and for sub-leases on contract hire cars supplied to its staff. The value of the income from rents associated with these agreements and included within the Council's Comprehensive Income and Expenditure Statement in 2021/22 was £4.249million (£4.690million 2020/21). At 31 March 2022 the minimum lease payments under operating leases and contract hire agreements were as follows:

| 2020/21 £000 | Property Leases | 2021/22 £000 |
|-----------------|--|-----------------|
| 1,032 | Not later than 1 year | 998 |
| 3,692 | Later than 1 year and not later than 5 years | 3,597 |
| 50,815 | Later than 5 years | 49,970 |
| 55,539 | Total | 54,565 |
| | | |

The capital value held within the balance sheet at 31 March 2022 in respect of land and property generating leasehold income is £97.107million (£95.158million 2020/21). This figure represents the gross value of the Investment Properties and as these are non-operational fixed assets, they are not subject to a depreciation charge. The total contingent rents recognised as income in the period were £3,120,855; (2020/21: £3,026,544).

4.42 Disclosure of Net Pension Assets/Liabilities

As part of the terms and conditions of employment of its officers, the Council offers retirement benefits. Although these will not become payable until relevant employees retire, the Council has a commitment to make the payments that should be disclosed at the time that employees earn their future entitlement.

The Council participates in the Local Government Pension Scheme as administered by Cumbria County Council. This is a funded defined benefit scheme which means that both the Council and employees, who are members of the Scheme, pay contributions into a fund independent of the Council's own assets. The contributions are calculated at a level estimated to balance the pension liabilities with investment assets.

The principal risks to the Council of the scheme are the longevity assumptions, statutory changes to the scheme, structural changes to the scheme (i.e. large-scale withdrawals from the scheme), changes to inflation, bond yields and the performance of the equity investments held by the scheme. These are mitigated by to a certain extent by the statutory requirements to charge to the General Fund the amounts required by statute as described in the accounting policies note.

The cost of retirement benefits is recognised in the Net Cost of Services when they are earned by employees, rather when the benefits are eventually paid as pensions. However, the charge that is made against council tax is based on the cash payable in the year, resulting in the real cost of providing retirement benefits being reversed out in the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the Movement in Reserves Statement during 2021/22.

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--|-----------------|
| | Comprehensive Income and Expenditure Statement | |
| | <u>Net Cost of Services</u> | |
| 3,774 | Current Service Costs | 4,828 |
| 0 | Past Service Costs / (Gain) | 90 |
| 66 | (Gains)/Losses from Settlements | 78 |
| | <u>Financing and Investment Income & Expenditure</u> | |
| 1,105 | Net Interest Expense | 1,075 |
| 4,945 | Total Post Employment Benefits charged to Surplus or Deficit on Provision of Services | 6,071 |
| | <u>Other Comprehensive Income and Expenditure</u> | |
| | Remeasurements of the net defined benefit liability comprising: | |
| (25,008) | Return on Plan Assets (excluding the amount included in the net interest expense) | (13,094) |
| 0 | Actuarial (Gains) and losses arising on changes in demographic assumptions | (1,722) |
| 32,028 | Actuarial (gains) and losses arising on changes in financial assumptions | 0 |
| (4,192) | Experience (Gains)/Losses | 593 |
| 2,828 | Total Other Comprehensive Income & Expenditure | (14,223) |
| 7,773 | Net Charge to the Comprehensive Income & Expenditure Statement | (8,152) |
| | Movement in Reserves Statement | |
| 4,945 | Reversal of net charge made for retirement benefits in accordance with IAS 19 | 6,071 |
| (2,563) | Actual amount charged against the General Fund Balance for pensions in the year | (2,627) |
| 2,382 | Contribution (to) / from Pension Reserve | 3,444 |

There have been reductions in the discount rates during the year and a decrease in the CPI inflation assumption. There are also falls in investment markets over the period although there will be significant variation depending on the asset portfolio of the individual fund. The overall effect of these changes will vary from employer to employer but are likely to see deficits increase over the year.

(a) Assets and Liabilities in relation to Retirement Benefits

Reconciliation of present value of the scheme liabilities (Defined Benefit Obligation):

| 31 March 2021 £000 | | 31 March 2022 £000 |
|--------------------------|--|--------------------------|
| 194,548 | Benefit Obligation at beginning of period (1 April) | 225,183 |
| 3,682 | Current Service Cost | 4,735 |
| 4,603 | Interest on Pension Liabilities | 4,674 |
| 761 | Member Contributions | 757 |
| | Remeasurement (Gains) and Losses: | |
| (4,192) | Experience (Gains)/losses | 593 |
| 0 | Actuarial (Gains)/losses arising from changes in demographic assumptions | (1,722) |
| 32,028 | Actuarial (Gains)/Losses arising from changes in financial assumptions | 0 |
| 0 | Past Service Cost / (gain) | 90 |
| 66 | Losses/(Gains) on Curtailments | 78 |
| (6,313) | Benefits/transfers paid | (5,923) |
| 225,183 | Benefit Obligation at end of period (31 March) | 228,465 |

Reconciliation of the Movement in Fair Value of the scheme (Plan assets):

| 31 March 2021 £000 | | 31 March 2022 £000 |
|--------------------------|--|--------------------------|
| 147,226 | Fair Value of plan assets at beginning of period (1 April) | 172,651 |
| 3,498 | Interest on Plan Assets | 3,599 |
| | Remeasurement gain/(loss): | |
| 25,008 | The return on plan assets, excluding the amount included in the net interest expense | 13,094 |
| (92) | Other - Administration Expenses | (93) |
| 2,563 | Employer Contributions | 2,627 |
| 761 | Member Contributions | 757 |
| (6,313) | Benefits/transfers paid | (5,923) |
| 172,651 | Fair Value of plan assets at end of period (31 March) | 186,712 |

Pension Assets and Liabilities recognised in the Balance Sheet:

The amount included in the Balance Sheet arising from the Council's obligation in respect of its defined benefit plan is as follows:

| 31 March 2021 £000 | | 31 March 2022 £000 |
|--------------------------|--|--------------------------|
| 225,183 | Present value of the defined benefit obligation | 228,465 |
| (172,651) | Fair Value of Plan Assets | (186,712) |
| 52,532 | Net Liability arising from defined benefit obligation | 41,753 |

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the Balance

Sheet date. Expected returns on equity investments reflect long-term real rates of return experienced in the respective markets.

The actual return on scheme assets in the year was a gain of £16,693,000 (2020/21: a gain of £28,505,000).

(b) Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. The Council's liabilities within the Cumbria County Council Pension Fund have been assessed by Mercer Human Resource Consulting Ltd, an independent firm of actuaries, with estimates being based on the latest full valuation of the scheme effective from 1 April 2020.

The main assumptions used in their calculations are:

| 2020/21 | | 2021/22 |
|---------|---|---------|
| | Mortality assumptions: | |
| | Longevity at 65 for current pensioners: | |
| 22.70 | Men | 22.60 |
| 25.30 | Women | 25.30 |
| | Longevity at 65 for future pensioners: | |
| 24.30 | Men | 24.10 |
| 27.20 | Women | 27.10 |
| 2.70% | Rate of Inflation (CPI) | 3.40% |
| 4.20% | Rate of Increase in Salaries | 4.90% |
| 2.80% | Rate of increase in Pensions | 3.50% |
| 2.10% | Rate of discounting Scheme Liabilities | 2.80% |

It is noted that the assumptions used in the calculations at the 31 March may have changed significantly in the period since they were made. In particular, inflation has increased. The impact of potential changes in assumptions can be seen in the table below on sensitivity analysis.

Assets in the Cumbria Local Government Pension Scheme are valued at fair value, mainly market value for investments, and consist of the following categories by proportion:

| 2020/21 | | 2021/22 |
|----------------|--------------------|----------------|
| £000 | | £000 |
| 66,296 | Equity Investments | 65,536 |
| 29,869 | Government Bonds | 31,554 |
| 14,503 | Property | 16,991 |
| 6,043 | Cash/Liquidity | 5,228 |
| 55,940 | Other Assets | 67,403 |
| 172,651 | | 186,712 |

The table below shows the sensitivity impact on actuarial assumptions of a change in the assumptions used

| 2021/22 | | +0.1% p.a. discount Rate | +0.1% p.a. inflation | +0.1% Pay Growth | 1 Year Increase in Life Expectancy | +/-1% change in 2021/22 investment returns | |
|----------------------|---|--------------------------------|-------------------------|----------------------|---|---|----------------------|
| £000 | | £000 | £000 | £000 | £000 | £000 +1% | £000 -1% |
| 228,465 (186,712) | Liability Assets | 224,678 (186,712) | 232,316 (186,712) | 228,846 (186,712) | 235,341 (186,712) | 228,465 (188,566) | 228,465 (184,858) |
| 41,753 | Deficit / (Surplus) | 37,966 | 45,604 | 42,134 | 48,629 | 39,899 | 43,607 |
| 4,542 | Projected Service Cost for Next Year | 4,419 | 4,669 | 4,542 | 4,687 | 4,542 | 4,542 |
| 1,134 | Projected Net Interest Cost for Next Year | 1,064 | 1,245 | 1,147 | 1,329 | 1,082 | 1,186 |

(c) Impact on the Council's Cash Flow

The objectives of the scheme are to keep employers' contributions at as constant a rate as possible. The County Council has agreed a strategy with the scheme's actuary to achieve a funding level of 100% over the next 3 years. Funding levels are monitored on an annual basis. The latest triennial valuation was completed during 2019/20 and is based on a valuation as at 31 March 2019.

The scheme will need to take account of the national changes to the scheme under the Public Pensions Services Act 2013. Under the Act, the Local Government Pension Scheme in England and Wales and the other main existing public service schemes may not provide benefits in relation to service after 31 March 2014. The Act provides for scheme regulations to be made within a common framework, establishing new career average revalued earnings schemes to pay pensions and other benefits to certain public servants.

The authority anticipated to pay £2,346,329 expected contributions to the scheme in 2021/22. For 2022/23 the Council expects to pay total employer contributions of £2,523,000.

The weighted average duration of the defined benefit obligation for scheme members is 17 years in 2021/22 (17 years in 2020/21).

The annual report of the Cumbria Local Government Pension Scheme is available from Cumbria County Council, Cumbria House, Carlisle.

(d) Impact of McCloud Judgement

The Pension Liability reported in these statements take account of the judgement made in the Court of Appeal in the Sargeant/McCloud cases that ruled that the transitional protections afforded to older members when the Public Service Pension schemes were amended, constituted unlawful age discrimination.

4.43 Contingent Assets and Liabilities

There are no contingent assets for 2021/22. The items below are classified as contingent liabilities:

(a) Home Group

During 1992/93 the City Council entered a joint scheme with Home Group to secure the development of two sites at Heysham Nursery and Gelt Road, Brampton to provide houses to rent. To fund the development programme, Home Group have raised a total of

£100million through a stock issue, which will mature in 2037. In order to enable Home Group to raise private finance from institutional investors all participating authorities, of which there were 29 in total, were required to enter into a standard form of guarantee in which they jointly and severally guaranteed the loan stock raised by Home Group. The maximum liability of each authority under the guarantee is £100million but because the liability is jointly and severally guaranteed, authorities would obviously not be prepared to expose themselves to the risk, however remote, of having to meet the full liability of the stock issue under their individual guarantee. Accordingly, there is a counter indemnity and contribution arrangement whereby each participating authority undertakes to reimburse any other authority, or authorities, paying more than their proportionate share of the guarantee. An authority's proportionate share is determined by reference to the estimated development expenditure in that authority's area. If the guarantee were called in, the worst situation for this Council would be that once it had recovered any contribution from other authorities it would be left to fund no more than the cost of the development in its own area. The guarantee figure as at 31 March 2022 was £2,299,000. This cost would be offset wholly, or partly, by the sums recovered from repossessing the units from Home Group and selling them on.

(b) Riverside (Formerly Carlisle Housing Association (CHA))

On 9 December 2002 the City Council completed the transfer of its housing stock to Riverside. Under the terms of the transfer the City Council is committed to providing, from the date of transfer, certain environmental and non-environmental warranties in favour of Riverside and lenders to the Association for periods of 25 years and 18 years respectively. The Council had insurance cover in place to meet the cost of claims arising from any breach of the environmental warranties in the first 12 years following the date of transfer. The reserve to the value of £488,000 which was set up to meet the future cost of insurance premiums in years 13 to 25 (£292,000) and the potential costs of any future claims (£196,000) was transferred into the General Fund Balance during 2015/16. In the period from the date of the transfer to 31 March 2022, the Council has not received any claims in respect of either environmental or non-environmental warranties.

(c) Environmental Enhancements

The Council recognises its responsibilities in relation to potential contamination works in the Carlisle area. Any potential works required would be included in the Council's capital programme as required.

(d) Business Rate Appeals

A provision has been included within the Collection Fund in relation to likely appeals made against Business Rates up to 31 March 2022. Local businesses can appeal against the rating list in 2017/18 and beyond. Because most appeals against the 2010 Rating List will now have been lodged, it is difficult to quantify any potential new appeals against the updated 2017 list. Due to the uncertainty around these potential appeals the provision that has been included in the accounts is based on historical evidence of appeals being made and being successful, however it is recognised that any appeals could result in a liability for the Council that, if submitted, may not be covered by the appeals provision established.

(e) Dangerous Structures

The Council recognises it may have future responsibilities in relation to potential expenditure on dangerous structures in and around the Carlisle area that pose a risk to public safety in accordance with Section 78 of the Building Act 1984.

4.44 Events after the Balance Sheet Date

The Statement of Accounts was authorised for issue by the Corporate Director of Finance and Resources on 14 July 2022, and subsequently on 1 November 2022 and 27 January 2023. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2021, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information.

In the period since 31 March there has been an increased period of both political and economic volatility. Bank base rates have increased from 0.75% in March to 2.25% in September, with a further increase expected in November 2022. Inflation has also increased from 7% in March to 10.1% in September. The continued unrest in Ukraine is also increasing volatility in markets and economic activity. As these factors have changed since 31 March and were not present at the date of the balance sheet, any impact from these conditions would be deemed to be a non-adjusting post balance sheet event. It is likely that the worsening inflationary position will increase cost pressures on the Council in the future both in terms of general expenditure and expectations for pay awards. It is not possible to quantify the impact on the valuations of property, plant and equipment and investment properties due to the varied nature of the Council's asset holdings and would potentially require a detailed valuation exercise to estimate. Any impact would be dealt with as part of the valuation process for 2022/23.

These changes in economic circumstances will also impact on the pension liability and details of how this is impacted is included at note 4.42.

Increases in interest rates will impact on the Council's investment income achieved in 2022/23, with the Council investing mainly with UK banks. The Council's external borrowing is on fixed rate interest, so is unaffected by changes in PWLB rates as a result of bank rate changes, however any future borrowing required may be at a higher level than anticipated when the MTFP was produced.

4.45 Authorisation for Issue

The draft Statement of Accounts were authorised for issue 14 July 2022 by the Corporate Director of Finance and Resources, Alison Taylor CPFA. The audited Statement of Accounts were re-authorised for issue on 1 November 2022 by the Corporate Director of Finance and Resources, Alison Taylor, CPFA and approved by the Audit Committee at its meeting on 10 November 2022 pending final audit certification. The accounts were subsequently authorised for issue on 27 January 2023. This is the date up to which post balance sheet events have been considered.

Cash-Flow Statement

4.46 Cash Flow Statement – Operating Activities

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|--|-----------------|

SECTION 5 – SUPPLEMENTARY FINANCIAL STATEMENTS

5.1 The Collection Fund Statement

The Collection Fund, established under the Local Government Finance Act 1988 (as amended), is an agent's statement that reflects the statutory obligation for billing authorities to maintain a separate Collection Fund. The statement shows the transactions of the billing authority in relation to the collection from taxpayers and distribution to local authorities and the Government of council tax and non-domestic rates.

| 2020/21 Council Tax £000 | | 2021/22 Council Tax £000 |
|-----------------------------------|---|-----------------------------------|
| 66,884 | Amounts required by statute to be credited to the Collection Fund Council Tax (showing the amount receivable, net of benefits discounts for prompt payment and transitional relief) | 70,305 |
| 66,884 | Total Income | 70,305 |
| 49,654 | Amounts required by statute to be debited to the Collection Fund Precepts and demands from Major Preceptors and the Authority - Council Tax | 51,932 |
| 9,154 | Cumbria County Council | 9,435 |
| 8,175 | Police and Crime Commissioner for Cumbria | 8,411 |
| | Carlisle City Council | |
| 123 | Impairment of debts/appeals for Council Tax | 140 |
| 791 | Write Offs of uncollectable amounts | 299 |
| 239 | Allowance for Expected Credit Losses (Bad Debts) | (527) |
| | Contribution towards previous year's estimated Collection Fund Surplus - Council Tax | |
| 68,136 | Total Expenditure | 69,690 |
| 50 | Opening Fund Balance - Council Tax Surplus/(Deficit) | (1,202) |
| (1,202) | Closing Fund Balance - Council Tax Surplus/(Deficit) | (587) |
| (1,252) | Movement on Fund Balance - Council Tax | 615 |

| (25,029) | Total Closing Collection Fund Balance - Surplus/(Deficit) | (9,161) |
| | | |

5.2 Notes to the Collection Fund

Council Tax

On the basis that surpluses and deficits are shared with the County Council and the Police and Crime Commissioner for Cumbria, the Council has accounted for the Collection Fund balance in its 2021/22 Statement of Accounts.

The £587,456 deficit is accounted for in line with the Code of Practice 2021/22 guidance, with the Council acting as the major precepting authorities' agent in the collection of Council Tax. The £70,813 Carlisle share of the deficit is shown as a balance on the Collection Fund Adjustment Account. The £437,212 share is attributable to the County Council and the £79,431 attributable to the Police & Crime Commissioner is used in the calculation for the difference in cash collected on behalf of the precepting authorities and that paid out to them and the corresponding year end debtor or creditor in the Balance Sheet.

Non-Domestic Rates

On the basis that surpluses and deficits are shared with Central Government and the County Council, the Council has accounted for the Collection Fund balance in its 2021/22 Statement of Accounts as follows:

The £8,573,652 deficit is accounted for in line with the Code of Practice 2021/22 guidance, with the Council acting as the major precepting authorities' agent in the collection of Business Rates. This deficit is larger than normal due to the continuation of granting extended retail and nursery relief in 2021/22. Government granted rating relief to businesses in these categories and compensated the billing authority with a Section 31 grant. Therefore, the £3,429,462 Carlisle share of the deficit which is shown as a balance on the Collection Fund Adjustment Account is offset by the additional income in General Fund where Section 31 grants are accounted for. This additional income has been set aside in an earmarked reserve to offset the recovery of the deficit in 2022/23. The £4,286,826 share is attributable to Central Government and the £857,364 attributable to the County Council is used in the calculation for the difference in cash

collected on behalf of the precepting authorities and that paid out to them and the corresponding year end debtor or creditor in the Balance Sheet.

Council Tax base calculation

The council tax base set for 2021/22, as a Band D equivalent, was as follows:

| Band | No. of Properties | Ratio | Band D Equivalent |
|---|-------------------|-------|-------------------|
| Disabled | 36.31 | 5/9 | 20.17 |
| A | 14,646.20 | 6/9 | 9,764.13 |
| B | 10,323.84 | 7/9 | 8,029.65 |
| C | 7,062.03 | 8/9 | 6,277.36 |
| D | 5,382.99 | 9/9 | 5,382.99 |
| E | 2,780.39 | 11/9 | 3,398.26 |
| F | 1,132.89 | 13/9 | 1,636.40 |
| G | 382.71 | 15/9 | 637.85 |
| H | 23.75 | 18/9 | 47.50 |
| | 41,771.11 | | 35,194.31 |
| | | | |
| Relevant Amount | 41,771.11 | | 35,194.31 |
| Estimated Collection Rate | | | 98.50% |
| Council Tax Base = Relevant Amount (Band D Equivalent) x Collection Rate | | | 34,666.40 |
| | | | |

Income from Business Ratepayers

National Non-Domestic Rates (NNDR) are paid by businesses. The Government specifies an annual standard multiplier (51.2p in 2021/22), and local businesses pay an annual NNDR bill calculated by multiplying the rateable value of their business premises by this annual rate. The Council is responsible for collecting rates due from the ratepayers in its areas

The average total rateable value for the Council's area was £110,056,007 for the year (2020/21: £110,149,285).

Billing and Precepting Authorities

Carlisle City Council is the billing authority for council tax and NNDR bills and therefore collects all the income due for the year. The Council pays over to Cumbria County Council and Cumbria Police Authority amounts they have requested to provide their services in the Council area. These sums are known as precepts and for 2021/22 the values were: -

| 2020/21 £ | | 2021/22 £ |
|--------------|--------------------------|--------------|
| 8,204,780 | Carlisle City Council | 8,411,165 |
| 49,830,611 | Cumbria County Council | 51,931,668 |
| 9,187,223 | Cumbria Police Authority | 9,434,810 |

Included in the amount for the City Council is a precept of £708,289 (2020/21: £688,198) which is collected on behalf of Parish Councils. This is paid in full directly from the Councils Comprehensive Income and Expenditure Statement.

Debtors for Local Taxation

The total arrears on Council Tax at 31 March 2022 was £5,538,570. The City Council share of these arrears can be analysed as follows:

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|------------------------|-----------------|
| | Council Tax | |
| 12 | Less than three months | 10 |
| 21 | Three to Six months | 18 |
| 291 | Six months to One year | 255 |
| 307 | More than One year | 384 |
| 631 | Total | 667 |
| | | |

The total arrears on business rates at 31 March 2022 was £1,554,889 (including costs of £12,342). The City Council share of these arrears can be analysed as follows:

| 2020/21 £000 | | 2021/22 £000 |
|-----------------|---------------------------|-----------------|
| | Non-Domestic Rates | |
| 16 | Less than three months | 104 |
| 65 | Three to Six months | 69 |
| 358 | Six months to One year | 602 |
| 398 | More than One year | 780 |
| 837 | Total | 1,555 |
| | | |

SECTION 6 – ANNUAL GOVERNANCE STATEMENT

Scope of Responsibility

Carlisle City Council ('the Council') is responsible for ensuring that its business is conducted both in accordance with the law and proper, appropriate standards. In addition, the Council must seek to ensure that public money is safeguarded, properly accounted for, and used economically, efficiently and effectively. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs and facilitating the effective exercise of its functions, including arrangements for the management of risk.

The Council has approved and adopted a local Code of Corporate Governance ('the Code'), which is consistent with the principles of the CIPFA/Solace Framework 'Delivering Good Governance in Local Government'. A copy of the Code can be obtained from the Council's Corporate Director of Finance & Resources. The Council has also recognised the requirements of the 2010 CIPFA application note 'Statement on the Role of the Chief Financial Officer in Local Government (2015)' and the CIPFA Statement on the 'Role of the Head of Internal Audit (2010)'.

This statement explains how the Council has complied with the Code and application note and meets the requirements of regulation 6(1) and (2) of the Accounts and Audit Regulations 2015 in relation to the publication of a statement on internal control – the Annual Governance Statement.

Global Pandemic (Impact)

From March 2020 the Council was significantly affected by the Covid-19 Global Pandemic and has had to change some processes and adapt to new ways of working; however, the principles of the Council's governance framework are unchanged. The Council continued to work under these new measures, including maintaining a flexible approach to hybrid working as restrictions around the pandemic eased.

The Council continued to be involved in the local response to the pandemic including monitoring compliance with restrictions, administering business support grants and forming part of the Cumbria Resilience Forum, which shared information and coordinated local action outbreaks within the area

Local Government Re-Organisation

On 21 July 2021 the UK government announced that it intended to proceed with a two-unitary local government re-organisation (LGR) model within Cumbria. This means that from 31 March 2023 Carlisle will merge with Allerdale Borough Council, Copeland Borough Council and approximately half of a disaggregated Cumbria County Council to form a new unitary authority to be known as Cumberland Council. Carlisle City Council is working in collaboration with the other Councils to ensure a smooth transition to the new authority.

The Council's existing governance, risk management and internal control framework will remain unchanged by LGR, though clearly some plans, strategies and longer-term projects and aspirations have been curtailed or suspended where considered more economic or efficient to do so as a result of the government decision.

A comprehensive communication and briefing programme has been in place throughout 2021/22 to keep staff updated on progress against the LGR project. This includes regular corporate communications, staff briefings and a dedicated intranet page.

The Purpose of the Governance Framework

The governance framework comprises the systems, processes, culture and values by which the Council is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate and cost-effective services.

The system of internal control is a significant part of the Council's framework and is designed to enable it to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore provide only reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to:

- identify and prioritise the risks to the achievement of the Council's policies, aims and objectives;
- to evaluate the likelihood of those risks being realised and, if so realised, their impact; and,
- to manage the identified risks efficiently, effectively and economically.

The governance framework has been in place at the Council for the year ended 31 March 2022 and up to the date of approval of the Statement of Accounts for 2021/22.

The Governance Framework

The following are the key elements of the systems and processes that comprise the Council's governance arrangements:

The Council's vision of its purpose and intended outcomes

The Council's vision is proposed by the Executive as part of the Carlisle Plan ("the Plan") which is debated and agreed by full Council. This vision is then communicated through the Carlisle Plan itself, which is a guiding document for staff and members. An annual report will communicate the outcomes and performance of the Plan to residents and the end of year performance report presents the key outcomes to the Executive and Overview & Scrutiny Panels. The Carlisle Plan 2021-23 was adopted by Council on 14th September 2021, with a truncated timeline (ending 31 March 2023) to reflect Local Government Reorganisation.

Like many other local authorities, the Council declared a climate Emergency in 2019 and have now prepared and approved an Environmental Strategy, complemented by a detailed action plan, devised primarily to ensure the Council (including the new authority replacing Carlisle City) is carbon neutral by 2037.

The Council's vision – implications for governance arrangements

The Carlisle Plan not only contains the Council's vision but also the key objectives to be delivered in support of it. The plan is accompanied by a 'Plan on a Page', this sets out the key actions for fulfilling the plan.

Arrangements for Overview and Scrutiny are reviewed every year as part of the annual report - thus ensuring consistency with council priorities. Portfolios on the Executive are reviewed every year by the Leader of the Council.

Measuring the quality of service for users

The Council's Performance Management framework, including Service Standards ensures that elected Members and officers monitor performance in key service areas on a regular basis. User satisfaction is measured through a variety of channels such as the Customer Contact Centre, online surveys and social media. The Council has set equality objectives to further improve services for all users; these objectives are reported upon annually alongside an action plan for improvement. Impact of key decisions are recorded in each of the Executive papers ensuring that appropriate assessments form part of all the Council's key and non-key decisions.

Performance in services provided to customers is monitored through management information indicators, highlighting short and medium-term trends which are reported to the corporate Senior Management Team¹¹. Progress against Carlisle Plan priorities and key actions is reviewed quarterly and reported through the Executive and relevant Overview & Scrutiny Panels with progress made in 2021/22 detailed below:

PRIORITY – Economic growth

A clear strategy for the future vitality and viability of the city centre including development options for the regeneration opportunity sites (Carlisle Station, The Pools, Court Square, Caldew Riverside, and the Citadel) has been set out. The Council has received significant levels of funding from various sources to deliver this strategy and a dedicated Economic Development Programme Management Office has been established to ensure appropriate governance, financial and programme management arrangements are in place for these significant projects.

A programme of projects to improve the city centre have been developed and are progressing, including the appointment of various specialists to assist in delivery. These projects form part of the £9.1m of investment through the Future High Street Fund. This will support the delivery projects designed to improve the vitality and viability of the city centre, including the redevelopment of the former Central Plaza site.

A strategy for the city centre has been developed into a Town Investment Plan for the city. The Plan has secured £19.7m through the Towns Deal programme. The investment will support the delivery of projects within city centre and complement those in the Future High Street Fund programme. Business cases for six planned projects have been prepared, reviewed, approved and submitted to central government for final approval.

The business case for the improvements to Carlisle Station has been approved by government and £20m funding has been allocated to the project through the Borderlands Inclusive Growth Deal. Cumbria County Council is the delivery body for the project and is in the process of letting contracts for the works, which will commence in 2022/23. Final designs were progressed during the year and the further planning has progressed for wider elements of the project; planning applications have been submitted for the Citadel project and the City Council (along with Cumbria County Council) has agreed to transfer property to the University of Cumbria to enable development of the project.

¹¹ The Chief Executive, Deputy CEO, S151 Officer, Monitoring Officer and Corporate Director of Economic Development.

Progress has been ongoing on the St Cuthbert's Garden Village including the recent appointment of specialist legal and financial advisors to support project delivery and completion of compulsory purchase orders for the Carlisle Southern link road, which forms part of the project. Construction is planned to commence in 2022/23 with the completion and opening in 2024.

PRIORITY - Health and wellbeing

Significant progress has been made on the construction of the Sands Centre redevelopment. Full project risk management arrangements are in place to support risks associated with both the pandemic and Brexit implications.

Delivery of the World Health Organisation Health City Plan has continued through the year over various sub-projects and provision of grants to community groups to support delivery. Further plans have also been established to deliver the healthier city priority through partnership working.

Delivery of the Green Spaces strategy also progressed during the year, including publication of a Local Cycling and Walking Infrastructure Plan and improvements have been made to existing infrastructure and green spaces facilities.

Roles and Responsibilities

The City Council comprises 39 elected Members during 2021/22, who will remain in post for 2022/23 (Elections for members to the new shadow authorities for the two new unitary Councils were held in May 2022). The Council operates executive arrangements under the Local Government Act 2000 and has done so since September 2001. The Council operates the "Strong Leader" model whereby the Council appoints the Leader for a four-year period, who then nominates their Executive Portfolio Holders and decides the scope of their portfolios and the extent of delegated powers to each.

For 2021/22 the Executive comprises the Leader and five Executive Members, one of whom the Leader is required to nominate as Deputy Leader. The operation of the Executive itself is prescribed by the Executive Procedure Rules set out in the Council's Constitution. It meets normally on a four-weekly cycle, with the Leader having oversight over both the agenda and the Notice of Key Decisions to be considered by the Executive over the coming month.

The Leader has set out the powers and responsibilities that they have delegated to both Portfolio Holders and Officers in an extensive Scheme of Delegation, incorporated into the Constitution, that they review at least annually but usually more frequently in practice. Any amended Scheme of Delegation is held within the Governance Directorate and all Members of the Council receive a copy. The document is available publicly on the Council's website. All decisions made by the Executive, whether collectively or individually, are properly recorded and subject to call in and scrutiny by the Council's Overview and Scrutiny Panels, subject, of course, to the provisions applying to matters deemed urgent.

Under the Executive arrangements, the full Council is responsible for setting the Council's budget and policy framework within which the Executive must operate. The Council has three Overview and Scrutiny Panels: Health & Wellbeing, Economy Growth and Business & Transformation. These Panels undertake the statutory scrutiny role set out in the 2000 Act and assist with examining and commenting on those policies proposed by the Executive for adoption as part of the policy framework. The three Panels are supported by a dedicated Scrutiny Officer who services solely the scrutiny function of the Council to ensure transparency in the process.

Each Panel also has a nominated member of the Council's Senior Management Team to support it in its scrutiny function. The operation of the scrutiny function is set out in the Overview and Scrutiny Procedure Rules in the Council's Constitution.

The Council's Constitution reserves only 11 policies to full Council (meaning only Council can change or amend the 11 policy areas) and this means that decisions are able to be taken in a clear, transparent manner and from a corporate governance perspective, it is a great deal more certain where responsibility for decision making rests, i.e.. with the Council or the Executive.

The executive/scrutiny functions of the Council are supplemented by a number of regulatory Committees, established to deal with development control, licensing and certain non-executive employment matters. Their powers and Terms of Reference are set out in the Constitution, together with the delegated powers given by the Council to both the Committees and officers in respect of the various matters falling within the responsibility of the Committees. These powers are reviewed and approved by the Council annually.

The Council has an officer structure in place with roles, responsibilities and lines of communication clearly defined. Officers are led by the Senior Management Team, which, during 2021/22, comprised a Chief Executive, a Deputy Chief Executive and three Directors. The Team meets on a fortnightly basis to discuss corporate issues.

Codes of Conduct and Standards

The Council has always (since the introduction of the obligation to have one) had a formally adopted Code of Conduct for its elected Members, underpinned by the Nolan principles of Public Life (selflessness, integrity, objectivity, accountability, openness, honesty & leadership) together with approved arrangements for dealing with standards matters. These form part of the Council's suite of constitutional documents and all Members undertake to adhere to its provisions (standards of behaviour, declarations of interest, register of gifts/hospitality etc.) as part of their Declaration of Acceptance of Office when elected. The new Code of Conduct arrangements have been standardised across Cumbria as far as possible.

Oversight of the Members' Code of Conduct, to ensure both compliance and the proper training of Members, rests with the Council's Standards Committee, which comprises of 7 Members of the City Council who are advised by an Independent Person (appointment of 2 Independent Persons, ratified by Council). A Parish Member would be invited to attend the Committee if any complaint or matter related to a Parish Member. Training on both the Code itself and the ethical principles behind it is provided to all newly elected Members of the Council as part of the standardised induction process and it will also be available to all members of the Council to participate in. Further training for Members on relevant Standards issues is provided by way of follow-up sessions as issues arise.

The Members' Code of Conduct is supplemented by a protocol governing Member and Officer working which was adopted by the Council as an additional guide to the Council's expectations and its cultural approach to the day-to-day working relations between Members and Officers. Training on this, is again, provided as part of the Member Induction Programme. Other supplemental guidance documents, adopted by the Council to assist with probity and best practice, include the Planning Code of Conduct for those Members serving on the Development Control Committee and the Members' Protocol on the Use of IT provided by the Council. Training is provided in the Member Induction Programme. In-year training is also given to Members of the Development Control and Licensing Committees on the specialist issues and considerations that arise because of the particular work of those Committees.

Following a significant project by the Local Government Association, in December 2020 they published a template National Code of Conduct for local authorities to use. The Cumbrian Monitoring Officers agreed some local amendments as required and also so as to maintain the aspirational consistency across Cumbria. Carlisle City Council adopted the new Code in April 2021 and was the first of the Cumbrian Councils to do so. The Council also approved updated arrangements for dealing with matters and updated guidance. New areas explicitly covered included bullying, harassment and the use of social media. The Code of Conduct is contained within the Council's Constitution. The Council also has employee and management competency standards which highlight expected methods of work and behaviours. There is also a formal induction procedure for all new staff, supplemented by other information e.g. the Constitution, disciplinary procedures, etc.

During the year, the Council continued to develop and deliver its training schedule for both Members and officers to raise awareness of ethical governance issues across the Council, such as, for example, Procurement & Contracts and Budgetary Control issues and a Management Development Programme. This forms part of the Council's training programme with the Member programme being considered and agreed by the Members' Learning and Development Group.

Numerous e-learning packages (mandatory and optional) are also available to supplement the training schedule with further ones planned for future development; these will ensure that appropriate training can be targeted at relevant officers.

Standing Orders/Financial Procedure Rules

The Council's Contracts Procedure Rules and Financial Procedure Rules, together with the extent of delegation to officers in these areas, are set out extensively in the Council's Constitution. They define the overarching rules governing procurement by the Council and the powers and constraints on Members and officers in respect of the exercise of financial powers. The core documents, including authorised levels of spend, virement and "key decision" financial limits, are reviewed at least annually (and more frequently if circumstances arise) and updated by the Council. During the year the Directorate Scheme of Sub-Delegation to Officers continued to be developed which clearly set out any functions and named officers subject to such delegations and any terms and conditions attached to the sub-delegations.

The Council has revised and developed its risk management arrangements and has implemented a Risk Management Assurance Framework, incorporating the three lines assurance model. Risk assessment is overseen in the Council by a formal Corporate Risk Management Group (CRMG) made up of relevant officers and the Portfolio Holder for Finance, Governance and Resources. A representative from the Council's Insurance Brokers/Advisers provides ad-hoc support, as required. The Group, led by the Deputy Chief Executive, oversees the compilation and updating of both the corporate and operational risk registers maintained by the Council, where the main corporate and directorate-specific risks faced by the Council are scored against an agreed matrix and appropriate steps identified to mitigate such risks as far as possible. All risks are monitored through a management monitoring function in SharePoint.

The Council has introduced an Information Governance Framework including guidance on various requirements of the General Data Protection Regulation (GDPR), information governance risk assessment, the retention of records and, continues to develop records management arrangements. Face to face training and guidance on data protection continues to be delivered to Members and Officers during the year as well as the requirement for staff to undertake refresher e-learning training. The Information Governance Manager monitors compliance, amongst other duties, with the new

requirements of GDPR. The Council's Internal Audit function continues to review records management as part of all individual audits.

Ensuring Effective Counter-fraud and Anti-corruption Arrangements are Developed and Maintained

In accordance with the "Code of Practice on Managing the Risk of Fraud and Corruption (CIPFA, 2014)", the Council has a Counter Fraud and Corruption Policy in place as well as an Anti-Money Laundering Policy. Training on Fraud & Corruption was provided during the year and a supplementary e-learning training module on Money Laundering is available to all staff. Any investigations carried out during the year in relation to suspected fraud and corruption were undertaken by appropriately trained/experienced officers. Internal Audit continue to deliver an annual review of counter-fraud arrangements (started in 2019/20) to identify improvements against best practice and have also reviewed and suggested improvements to the Counter-Fraud Policy during 2021/22.

Ensuring effective management of change and transformation

The Council developed a savings strategy several years ago to deliver efficiency savings under the Government's efficiency agenda and has been successful in achieving a significant amount of revenue savings. The current savings programme has identified that a further £2.050 million is required to be found by 2023/24. Until further details are known of how the Fair Funding Review, Comprehensive Spending Review and the Business Rate Retention Scheme are to affect the Council, these savings have been found on a non-recurring basis where possible. The impact of COVID-19 on the Council's financial position was closely monitored during 2021/22 with shortfalls of income, additional expenditure, and the overall economic recovery and the impact on the Collection Fund being the main risks.

Managing transformational change effectively is critical to the successful delivery of the transformation programme and the delivery of the wider ambitions set out within the Carlisle Plan. The Corporate Director of Finance & Resources, supported by SMT, provides accountability for the delivery of the savings strategy thus ensuring that the transformation of Council services is controlled and managed effectively; with appropriate Corporate Directors being responsible for delivering individual schemes within the overall programme.

Financial Management Arrangements

The Council has a duty to comply the key principles contained within the revised CIPFA statement of the 'Role of the Chief Financial Officer in Local Government' and during 2021/22 the Council continued to comply with 5 key principles of the CIPFA statement.

The Council's Corporate Director of Finance & Resources is a qualified accountant and is a key member of both Senior Management Team (SMT) and Joint Management Team (JMT) and as such, has direct access to the Chief Executive. They lead and direct an adequately resourced, fit for purpose, finance function, comprising 20 officers, who support the proper administration of the Council's financial affairs, including leading the promotion and delivery of good financial management to safeguard public money at all times; to ensure the effective, efficient and economic use of resources; and to ensure that the short and long term implications of all material business decisions are fully considered and aligned to the Council's Medium Term Financial Plan.

The main controls for financial management are set out in the Constitution – these are the Budget and Policy Framework and the Financial Procedure Rules. These cover the arrangements for Financial Management, Financial Planning, Risk Management and Control of Resources, Financial Systems and Procedures and External arrangements. The Council also complies with the Prudential Framework for Local Authority Finance.

The Council has a Medium-Term Financial Planning process (MTFP) which integrates budget and corporate planning to match resources to the corporate priorities. The planning and monitoring framework is co-ordinated through the JMT which consists of the Executive Members and SMT. CIPFA introduced a Financial Management Code (FM Code) in 2019 with the intention it would be introduced from 2020/21. The FM Code is intended to improve the financial resilience of organisations by embedding enhanced standards of financial management. There are clear links between the FM Code and the Governance Framework, particularly around focus on achieving sustainable outcomes. The Council has undertaken work to ensure compliance with the code and will present the findings to the Audit Committee in September 2022.

All executive decisions are subject to a full impact assessment from a financial and legal perspective. In addition, full option appraisals are included for all business cases for specific projects.

The Council has a Procurement and Commissioning Strategy that ensures best value is achieved (supported by the financial procedures and standing orders) whilst ensuring obligations to stakeholders are achieved through the setting out of clear social, economic and environmental responsibilities.

Value for Money benchmarking exercises are usually undertaken across service areas when required, though no specific exercises were performed during 2021/22 due to resource issues as a result of the pandemic and the need to support the LGR process. However, the Council continued to procure services following appropriate, established processes designed to ensure value-for-money is achieved.

Regular meetings are held with identified budget managers from which budget-monitoring reports are prepared for both Capital and Revenue expenditure and considered by the Executive and Scrutiny. The Council is committed to improving the effectiveness of its budget monitoring arrangements and in strengthening the links between budget and performance monitoring.

The annual Statement of Accounts are produced in accordance with the statutory deadlines and year-end actual results are reported against budgets. The summary revenue position is shown within the narrative statement, comparing actual results against revised budgets. Out-turn reports produced for revenue and capital expenditure are presented to the Audit Committee and are considered by Executive, Scrutiny and Council. The Council is committed to making continuous improvements to comply with the Local Authority Code of Practice and International Financial Reporting Standards.

Ensuring effective arrangements are in place for the discharge of the Monitoring Officer function

The Corporate Director of Governance & Regulatory Services is the Council's Monitoring Officer with the Head of Legal Services acting as the deputy. These officers have a duty to report to the Council and the Executive in any case where they believe any proposal, decision or omission will give rise to unlawfulness or if any decision or omission has given rise to or would constitute maladministration.

The Council's Code of Corporate Governance determines that the Monitoring Officer is 'responsible to the Council for ensuring that agreed procedures are followed and that all applicable statutes and regulations are complied with'. In addition to this, the Monitoring Officer provides a range of functions relating to the conduct of Councillors (for example maintaining the Register of Members' Interests, Code of Conduct complaints etc), advising the Audit Committee and providing commentary on every report to the Executive and

Council. The Monitoring Officer conducts annual reviews of the Council's Constitution and makes recommendations for change, which are adopted by Council in May of each year.

As a member of the Senior Management Team and reporting directly to the Chief Executive, the Monitoring Officer has regular meetings (in addition to the actual meetings of SMT) with the Chief Executive and S151 officer in order to review current and likely future issues with legal, constitutional or ethical implications; thus ensuring the effective undertaking of his duties. The Authority also provides the Monitoring Officer with sufficient resources to undertake the role as required by the Local Government and Housing Act 1989.

Ensuring effective arrangements are in place for the discharge of the Head of Paid Service function

The Council's Head of Paid Service is the Town Clerk and Chief Executive and contained within the Council's Code of Corporate Governance is the principle of 'Developing the entities capacity, including the capacity of its leadership and individuals within it' incorporating the requirement of 'ensuring that elected and appointed leaders negotiate with each other regarding their respective roles early on in the relationship and that a shared understanding of roles and objectives is maintained'. The Council's Constitution clearly sets out their role and responsibilities in respect of management structures and the discharge of functions by the Council. They will report to Council on:

- the manner in which the discharge of functions is co-ordinated;
- the number and grades of officers required for the discharge of functions;
- the organisation of officers.

They are currently supported in their role by a Deputy and three Corporate Directors and has regular access to and contact with the Leader of the Council and the Executive, through formal meetings of the Executive and informal Joint Management Team meetings. The Chief Executive supports the Business and Transformation Scrutiny Panel and currently has direct line management responsibilities for Customer Services and ICT Services.

The Head of Paid Service introduced the concept of SMT sub-groups to encourage greater cross-directorate working on operational and corporate projects. Four sub-groups are established, each led by a member of SMT, and each with clear functions and terms of reference. The aim is to promote a culture of empowerment thus ensuring that operational decisions can be made at the correct level within the organisation. SMT receive regular feedback on the work of each sub-group.

Audit Committee

As a means of ensuring best practice, the Council has an established Audit Committee to oversee the workings of the corporate governance arrangements of the Council and to report to Council on these and related financial probity issues. The Audit Committee operates in accordance with CIPFA's "Audit Committees – Practical Guidance for Local Authorities (2013)". This is supplemented by the Council's Standards Committee, established under the Act to be responsible for conduct issues relating to elected Members.

The Council has a duty to comply with the key principles contained within the 2010 CIPFA statement of the 'Role of the Head of Internal Audit' and during 2021/22 the Council continued to comply with 5 key principles of the CIPFA statement.

The Designated Head of Internal Audit is also the Council's Head of Financial Services, who manages an in-house Internal Audit team comprising an Audit Services Manager

and two Auditors. Controls have been put into place to maintain the team's organisational independence, which are documented in the approved Internal Audit Charter. During 2021/22 the Audit Services Manager moved into a shared management arrangement between the City Council and Allerdale and Copeland Borough Councils, which will ensure a consistent approach is taken by Internal Audit by the three Councils, who will merge into one authority from 2023/24.

The scope of internal audit work covers all aspects of the organisation's risk management, internal control and governance frameworks and the Internal Audit annual report feeds into the preparation of the Council's Annual Governance Statement. Where appropriate, Internal Audit advises the organisation on emerging risks and undertake priority risk audit (hot assurance) work on new projects and developments as they take place.

An annual audit opinion is provided to the Audit Committee based on the work undertaken by Internal Audit during the year from the agreed risk-based audit plan, which includes a wide range of council operations along with risk management, internal control and governance considerations.

A **reasonable assurance** has been provided on the adequacy and effectiveness in respect of 2021/22, though the opinion emphasises significant concerns in relation to ICT Services. Two audits (one new and one follow-up) were undertaken within ICT services that identified ongoing concerns over the management of cyber-risk. The concerns are linked to resource shortages, due to high levels of vacancies within the service and recent recruitment exercises have been unsuccessful, while significant pressure is being placed on the service as a result of Local Government Re-Organisation. A number of outstanding audit recommendations have not been addressed as a result. It is essential given the ever-growing risks associated with cyber-security that the Council continues to address these concerns (as well as any further emerging risks) during 2022/23. In mitigation, these issues have been raised with the Audit Committee on a regular basis and are recognised and being acted on by Senior Management (including allocation of additional funding to support the Service). The capability and efforts of the ICT Service have continually been recognised and the service continues to operate against best practice to the full extent existing resource can allow. The team has procured further external resource to support management of the control environment. Internal Audit will continue to work closely with ICT services and report progress to Senior Management.

The audit opinion also highlighted concerns around additional resource pressures on Council officers from Local Government Re-Organisation, significant projects and ongoing pressures from the Covid-19 pandemic and the impact this may have on adherence to the Governance, Risk Management and Internal Control framework.

The Internal Audit team were subject to an External Quality Assessment in 2018/19. The assessment found the team to be compliant with Public Sector Internal Audit Standards. Actions to address minor recommendations for improvement have all been implemented. The team continue to perform annual self-assessments against the requirement of the Standards, with improvements for the coming year identified and actioned.

The Designated Head of Audit reports directly to the Council's section 151 officer and has direct access to the Senior Management Team (SMT) and Chief Executive as required. The Designated Head of Internal Audit and Audit Services Manager attend all Audit Committee meetings and have the opportunity for private dialogue with the Chair as appropriate. The Audit Services Manager also has the authority to report directly to the Chief Executive/Chair of Audit Committee if they have concerns about the suppression of audit evidence or the conduct of the designated Head of Internal Audit.

The resource available within Internal Audit is subject to a regular review and assessed as fit for purpose for 2021/22, though the team has experienced a long-term sickness during the year; however, the team achieved a similar level of coverage to previous years, enabling an unqualified opinion to be provided. The audit team has a range of skills and qualifications. The Designated Head of Internal Audit is CIPFA qualified and has 8 years' experience in Local Government Internal Auditing. The Audit Services Manager is PIIA qualified (and is undertaking examinations to be fully chartered) and has 12 years' experience in local government internal auditing. The Audit team maintain a record of all training and experience within their Quality Assurance and Improvement Programme.

Ensuring Compliance with Relevant Laws

Systems are in place to ensure that appropriate legal and financial advice is provided at relevant points in the decision-making process to ensure the vires of decisions made by the Council. All reports to Members requiring a decision incorporate an addendum from the Corporate Director of Governance & Regulatory Services (the Council's Monitoring Officer) and from the Corporate Director of Finance & Resources. This ensures that checks are made on the legal and financial consequences of any course of action prior to a decision being made. Both statutory officers are also members of the Joint Management Team and the Senior Management Team to ensure that financial and legal advice is available at the inception of any matter and when any issues relating to the Council's powers and duties are under consideration.

Similar representation by legal and financial officers is provided for on Officer Working Groups dealing with relevant policy issues so that a check is maintained on vires and financial issues at that level. Legal representation and advice is also provided as a matter of course at the Development Control, Regulatory and Licensing Committees to ensure that the quasi-judicial functions carried out by those Committees are undertaken lawfully. A legal adviser is also present at meetings of the Audit Committee, Standards Committee and Employment Panel and also at Appeal Panel meetings if necessary.

The Council has a variety of methods of receiving updates in legislative changes. In addition to the departmental roles in keeping up to date with legislative, regulatory and guidance changes, the Council subscribes to a corporate legal updating service which provides for daily updates directly to officers. The usual method of direct notification of legislative changes by Central Government also occurs on an ongoing basis. In addition, the legal services section ensures appropriate bulletins are promulgated to relevant clients.

Complaints and Whistle blowing

The Council operates a formal Corporate Complaints System in accordance with best practice recommended by the Local Government Ombudsman, giving members of the public capacity to complain about aspects of the Council's services with which they may be dissatisfied. The objective of the complaints process is to endeavour to resolve the complaint satisfactorily at local level, rather than it being referred to the Ombudsman, although this, of course, is always an entitlement of the complainant if they remain dissatisfied with the Council's handling of the matter. The complaints process has been streamlined during 2021/22.

The basis of the corporate complaints process is that the relevant Directorate deals with the complaint initially but, in the event of the complainant still being dissatisfied, the process provides an internal Right of Appeal initially to the Chief Executive or nominee and then, if necessary, to a small panel of three elected Members who review the position. This includes a formal hearing at which the complainant may attend, in an endeavour to resolve

the matter. Members of the Council's Appeal Panels receive training on the type of matters that they may consider in that role.

The Council has a Confidential Reporting Policy that is available to all members of staff.

Identifying the development needs of Members and senior officers

The Council has a formal induction and appraisal scheme, which is mandatory for all officers, including all senior managers, which was reviewed and stream-lined to focus on competencies and training needs. It is carried out each year and forms part of the review of the Carlisle Plan. Appraisals are recorded and there is monitoring of compliance by SMT along with an annual report to Members of the Business and Transformation Scrutiny Panel which includes the key findings of the biennial Employee Opinion Survey. The appraisal process has been developed to include team reflection on the cultures and values of the organisation as defined by the 3 C's; clear, committed and confident, and recruitment policies are in place that support the achievement of the Council's ethical values. A Workforce Development Plan has been approved (though partly curtailed as a result of LGR) and Service Plans include workforce planning and needs and mentoring and coaching programmes are in place to promote development of all Members and Officers.

The management competency framework was developed further with ongoing provision of a range of workshops to enhance the skills and knowledge of managers and supervisors to fulfil their roles more effectively whilst promoting the culture, values of the organisation as well as the expected behaviour of all employees. A member mentoring programme is in place for members and a coaching programme has been introduced for employees.

The Council has signed the 'Time to Change' pledge to stop stigma about mental health and achieved the Gold Better Health at Work Award. There is an employee well-being programme in place, incorporating an employee assistance programme, occupational health and counselling services to all officers of the Council. Regular health checks are offered to staff through health and wellbeing days, lunchtime learning sessions and access to Occupational Health nurses.

Clear channels of communication

The Council's Communication Policy and Consultation Policy clearly set out its commitment to high quality, open, timely, relevant communications and consultation that encourage feedback from all sections of its local communities. All decisions and reports are publicly available unless justifiable reasoning is provided to maintain confidentiality and the Council is dedicated to ensuring transparency through adherence to the Local Government Transparency Code. These policies underpin the Council's developing Community Empowerment and Engagement Policies that will ensure local people's involvement in the design and delivery of more responsive local services.

The Council works closely with local groups representing those that are in a minority in the local communities, including those with a disability and ethnic minorities, to ensure that their communications and consultation needs are met. There is an annual budget consultation involving the public, local businesses, staff and the Trade Unions. Further stakeholder engagement with the public is achieved through social media and other online surveys, alongside continued growth in social media capacity. The Council also engages with its institutional stakeholders through the Carlisle Partnership, a strategic partnership with local authorities, health, police, public agencies and the business sector.

Enhancing the accountability for service delivery and effectiveness of other public service providers

Whilst the Council continues to deliver most of its key services directly there are areas where services are commissioned. Arrangements are in place, to monitor both the administration of the services and the quality of that service and this information is reported back into the Council and monitored through the Overview and Scrutiny process.

These monitoring arrangements cover all those organisations deemed to be significant partnerships. However, many partnerships are contractual arrangements and definitions have been reviewed and revised to accommodate future monitoring and reporting requirements. This continues to form part of the monitoring process.

Enhanced monitoring arrangements for specific public services are embedded within the Council, and more robust challenges are made to partners/contractors to ensure that they are fulfilling their obligations and that the service provided continues to meet Members expectations. In respect of shared service agreements, the robust governance arrangements set up at the inception of the shared service continues to ensure that service delivery is effective and meets the partner's expectations.

The Council continues to review those organisations which receive grant aid from the Council. Many of these relate to third sector organisations with a significant contribution sum being made to local Community Centres.

Good governance in respect of Partnerships

The Council's key governance arrangements and procedures ensure that partnerships are entered into for the right reasons, all factors/implications are fully considered as part of the set-up process, the Council's role is clearly defined, expected outputs and outcomes are identified and the appropriate monitoring arrangements are in place. In all, the Council has robust management arrangements in place and a clear framework in which to operate. It is important to note that whilst these central control mechanisms exist, the actual appliance of and delivery of partnerships is the responsibility of individual service areas. Key control measures are outlined below:

The Council has a robust Partnership Policy in place that provides guidance on the nature and risks of partnerships. This Policy includes a clear definition of a partnership and, more specifically, what constitutes a significant partnership. Responsibilities for setting up, delivering and monitoring partnerships are clearly defined both in the Policy and in general working practices.

The Corporate Partnerships Register, maintained by Financial Services, is the central monitoring tool used to track all partnerships in progress. Consideration is given towards Exit / Succession strategies (if appropriate) at the initial set up and as part of the Annual Review.

A Business Case model, based around good practice measures, is used for all new proposed partnerships. These are considered by SMT. Proposed significant partnerships are also reported to the Executive.

The Council's Financial Procedure Rules contains specific guidance on officers' duties and responsibilities regarding partnerships. A flowchart provides an aid for officers to guide them through the partnership process. Supplementary guidance notes are also in place as well as the availability of one to one training and support to guide officers setting up new partnerships, through to annual reviews.

Operationally, risk assessments are maintained and shared with partners throughout the life of the partnership. Emerging significant risks are brought to the attention of the Council's Risk Management Group. Strategically, the Council manages the potential risk of new and existing partnerships through the Corporate Risk Register. The Corporate Risk Register is usually reviewed quarterly by the Risk Management Group and reported to Business and Transformation Scrutiny Panel and the Audit Committee. The group have met remotely and provided updates via email.

Significant partnerships are subject to a robust set of measures. Annual reviews are undertaken for all significant partnerships, which has been extended to include all Shared Service arrangements, the results of which form part of the statement of accounts. This reporting is co-ordinated by Financial Services and is considered by SMT and the Business and Transformation Scrutiny Panel, upon request.

Review of Effectiveness

The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the managers within the Council who have responsibility for the development and maintenance of the governance environment, the Designated Head of Internal Audit's annual report, and by comments made by the External Auditors and other reviewing agencies and inspectorates.

The following processes have been applied in maintaining and reviewing the effectiveness of the governance framework:

An effective Governance Framework is maintained by ensuring that the Council's Constitution is reviewed and updated on a regular basis. This includes both the Council's and the Leader's Schemes of Delegation for Corporate Directors and Chief Officers, and encompasses and defines the roles of the Council, the Executive and the standing Committees including Overview and Scrutiny, Standards Committee and the Audit Committee.

Regular meetings of the Council and its Committees are held during each year and all reports to the Executive include comments from the Council's Corporate Director of Finance & Resources and the Corporate Director of Governance & Regulatory Services – the latter also being the Council's Monitoring Officer. The aforementioned statutory officers also oversee the reports considered by the Council's Regulatory and Audit Committees.

The Council also undertakes a continuous review of its risk-management responsibilities by ensuring that each Directorate maintains an up-to-date Operational Risk Register. Any risks that are considered to affect the Council as a whole are incorporated into the Corporate Risk Register (CRR). This is reviewed and updated by the Corporate Risk Management Group that meets on a regular basis either via Teams or via email in 2021/22. Progress on the CRR is reported half yearly to Members. In accordance with the requirements of the CIPFA Code of Practice for Internal Audit, the Designated Head of Internal Audit reports to the Audit Committee on a regular basis, to appraise Members of any emerging control/governance/risk issues. The Designated Head of Internal Audit also presents an annual report that includes a statement of assurance relating to the Council's overall standard of internal control, which includes assurances obtained from self- assessment questionnaires of individual directorates, alongside the results of audit activity. The Council has also received external assurances in 2021/22 which inform this statement of assurance.

The Council also receives assurances from its external auditors, Grant Thornton, who provides annual opinions on the accuracy of the annual Statement of Accounts and on the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources. All recommendations provided through these opinions receive a management response and are implemented during the following year with progress being monitored by the Audit Committee.

The requirements outlined in the CIPFA/SOLACE document "Delivering Good Governance in Local Government" have been assessed. Where necessary any areas where action is required to ensure that the Council meets all of the defined requirements are identified on the Action Plan that forms part of this Statement.

Conclusion

We have been advised on the implications following the review of the effectiveness of the governance framework by the Audit Committee and that they continue to be regarded as fit for purpose in accordance with the governance framework. There are no significant weaknesses to report and no action points to consider.

We propose, over the coming year, to monitor and implement improvements to further enhance our governance arrangements. However, we are satisfied that any necessary improvements that were identified in the review of effectiveness are not deemed to be significant in nature and are therefore not reported as part of this statement.

Signed on behalf of Carlisle City Council

John Mallinson
Leader of Council

Jason Gooding
Chief Executive

Alison Taylor
Corporate Director of Finance & Resources

Date: 27 January 2023
