A Letter from Craig Nicholson Chairman of Stanwix Rural Parish Council

Dear Parish Plan Reader.

The Stanwix Rural Parish Plan you now have in front you proposes actions based solely upon responses to a co-operative exchange of ideas between residents and the Parish Council. These arise in turn from public meetings, a survey, and individual representations.

It is intended that The Plan should become an important tool for shaping the future of our communities, helping to protect and enhance both the parish and the quality of life enjoyed by its residents.

Of course some of the matters raised are beyond the Parish Council to deal with on its own, for this reason the Action Plan includes items that might be implemented with relative ease and others that will undoubtedly take more time.

Great care has been taken to avoid simply compiling a 'wish list' and all actions in The Plan are considered to be attainable. The Plan will be monitored to ensure that it evolves to meet the changing needs of the Parish, a process that will naturally lead to a full review.

In closing I offer the warmest thanks to all those who have been involved in the preparation and production of The Plan and, on their behalf, commend it to you.

Yours sincerely.

C. F. Nicholson.
Chairman.
