INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CARLISLE CITY COUNCIL

We have audited the financial statements of Carlisle City Council for the year ended 31 March 2015 under the Audit Commission Act 1998. The financial statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement, the Collection Fund and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA / LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2014/15.

This report is made solely to the members of Carlisle City Council, as a body, in accordance with Part II of the Audit Commission Act 1998 and as set out in paragraph 48 of the Statement of Responsibilities of Auditors and Audited Bodies published by the Audit Commission in March 2010. Our audit work has been undertaken so that we might state to the members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of the Director of Resources and auditor

As explained more fully in the Statement of Responsibilities for the Statement of Accounts, the Director of Resources is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA / LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2014/15, and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards also require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Authority's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Director of Resources; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Foreword to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the financial position of Carlisle City Council as at 31 March 2015 and of its expenditure and income for the year then ended; and
- have been properly prepared in accordance with the CIPFA / LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2014/15 and applicable law.

Opinion on other matters

In our opinion, the information given in the Foreword for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we report by exception

We are required to report to you if:

- in our opinion the annual governance statement does not reflect compliance with 'Delivering Good Governance in Local Government: a Framework' published by CIPFA / SOLACE in June 2007; or
- we issue a report in the public interest under section 8 of the Audit Commission Act 1998; or
- we designate under section 11 of the Audit Commission Act 1998 a recommendation as one that requires the Authority to consider it at a public meeting and to decide what action to take in response; or
- we exercise any other special powers of the auditor under the Audit Commission Act 1998.

We have nothing to report in these respects.

Conclusion on the Authority's arrangements for securing economy, efficiency and effectiveness in the use of resources

Respective responsibilities of the Authority and the auditor

The Authority is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

We are required under Section 5 of the Audit Commission Act 1998 to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The Code of Audit Practice issued by the Audit Commission requires us to report to you our conclusion relating to proper arrangements, having regard to relevant criteria specified by the Audit Commission in October 2014.

We report if significant matters have come to our attention which prevent us from concluding that the Authority has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

Scope of the review of arrangements for securing economy, efficiency and effectiveness in the use of resources

We have undertaken our review in accordance with the Code of Audit Practice, having regard to the guidance on the specified criteria, published by the Audit Commission in October 2014, as to whether the Authority has proper arrangements for:

- securing financial resilience; and
- challenging how it secures economy, efficiency and effectiveness.

The Audit Commission has determined these two criteria as those necessary for us to consider under the Code of Audit Practice in satisfying ourselves whether the Authority put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2015.

We planned our work in accordance with the Code of Audit Practice. Based on our risk assessment, we undertook such work as we considered necessary to form a view on whether, in all significant respects, the Authority had put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

Conclusion

On the basis of our work, having regard to the guidance on the specified criteria published by the Audit Commission in October 2014, we are satisfied that, in all significant respects, Carlisle City Council put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2015.

Certificate

We certify that we have completed the audit of the financial statements of Carlisle City Council in accordance with the requirements of the Audit Commission Act 1998 and the Code of Audit Practice issued by the Audit Commission.

SECTION 1 – FOREWORD

1.1 Introduction

The City Council must prepare and publish a Statement of Accounts annually. Its purpose is to give electors, local taxpayers, Council Members, employees and other interested parties clear information about the Council's finances. The accounts presented are of a Single Entity as the Council has no relationships that require it to prepare Group Accounts.

The aim is to provide information on:

- the cost of providing Council services in 2014/15
- how these services were paid for;
- what assets the Council owned at the end of the financial year; and
- what was owed, to and by, the Council at the end of the financial year.

This foreword gives a guide to the most important matters included in the Statement of Accounts. The Statement for the year ended 31 March 2015 has been produced by the Director of Resources and consists of the following: -

(i) The Statement of Responsibilities for the Statement of Accounts

This sets out the respective responsibilities of the Council and the Director of Resources for preparing the Statement of Accounts.

(ii) The Movement in Reserves Statement

This Statement shows the movement in the year on the different reserves held by the Council, analysed into "usable reserves" (i.e. those that can be applied to fund expenditure or reduce local taxation) and other reserves. The "Surplus or (deficit) on the provision of services" line shows the true economic cost of providing the Council's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance for Council Tax setting purposes. The "Net increase/decrease before transfers to earmarked reserves" line shows the statutory General Fund Balance before any discretionary transfers to or from earmarked reserves undertaken by the Council.

(iii) The Comprehensive Income and Expenditure Statement

This Statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement. The Comprehensive Income and Expenditure Statement (CIES) is prepared in accordance with the requirements of the Service Reporting Code of Practice.

(iv) The Balance Sheet

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Council. The net assets of the Council (assets less liabilities) are matched by the reserves held by the Council. Reserves are reported in two categories. The first category of reserves are usable reserves, i.e. those reserves that the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the capital receipts reserve that may only be used to fund capital expenditure or repay debt). The second category of reserves are those that the Council is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example revaluation reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line "adjustments between accounting basis and funding basis under regulations".

(v) The Cash Flow Statement

The Cash Flow statement shows the changes in cash and cash equivalents of the Council during the reporting period. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as; operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Council.

(vi) Notes to the Accounts

These explain in more detail a number of entries in the core financial statements and include details of the Accounting Policies used in the preparation of the accounts.

(vii) The Collection Fund

This shows the total income received by the Council from council tax and business rates and how this has been distributed to all precepting organisations it is collected for, including the Council.

(viii) The Annual Governance Statement

This explains the framework within which internal control has been managed and reviewed by the Council during the year of account.

1.2 Revenue Expenditure and Financing

Revenue expenditure generally relates to resources which are used within a year and which are paid for from council tax, business rates, government grants, fees and charges for services and other income received by the Council.

Summary Service Expenditure Comparison of Budget to Actual

The table below shows a comparison of the Council's revised budget with its performance for 2014/15. More detailed information is shown in the Comprehensive Income and Expenditure Statement on page 10.

2014/15 Revenue Budget	£000
Approved Budget (Council Resolution - February 2014)	12,501
Carry Forward requests (2013/14 Outturn)	768
Revised Budget 2014/15 as at March 2015	13,269
Non-Recurring Expenditure	
Transformation Costs (Transformation Reserve)	96
Revised Budget 2014/15	13,365

	Revised Budget £000	Actual £000	Variance £000
Local Environment	6,046	5,254	(792)
Deputy Chief Executives	4,220	4,159	(61)
Economic Development	2,748	2,269	(479)
Chief Executives	559	431	(128)
Resources	1,251	488	(763)
Governance	(1,519)	(2,033)	(514)
Corporate	60	(332)	(392)
Service Expenditure	13,365	10,236	(3,129)
Parish Precepts	478	478	0
Total	13,843	10,714	(3,129)
<u>Transfers to/(from) Reserves</u>			
Residents Parking Reserve	0	116	116
Building Control Reserve	0	74	74
Energy Efficiency Advice Centre Reserve	0	(9)	(9)
Transformation Reserve	(96)	(96)	0
City Centre Reserve	0	42	42
Car Park Enhancement Reserve	0	151	151
Repairs & Renewals Reserve	0	550	550
Economic Investment Reserve	0	128	128
Business Rate Retention Volatility Reserve	0	39	39
Leisure Reserve	0	150	150
General Fund Balance	(656)	1,520	2,176
Total Transfer from Reserves	(752)	2,665	3,417
Financed by:			
Precept from Collection Fund	(6,458)	(6,459)	(1)
Business Rate Retention	(3,471)	(3,809)	(338)
Revenue Support Grant	(3,162)	(3,111)	51
Total Grants	(13,091)	(13,379)	(288)
Total	(13,843)	(10,714)	3,129
Contribution to General Fund Balance	0	0	0

The Council has total usable reserves of £8.041million, of which the total earmarked reserves held by the Council are £3.098million as at 31 March 2015 (£1.860 million at 31 March 2014). Further details can be found at note 4.5. The Council was under spent by £3.129million against the revised budget. This resulted in a lower use of reserves in 2014/15 than expected. However, of the under spend, £671,600 is earmarked for carry forward into future years and £1.060million has been placed into earmarked reserves.

The Council has other unusable reserves totalling £93.0million at 31 March 2015 (£109.566million at 31 March 2014). Certain reserves are kept to manage the accounting processes for assets and retirement benefits and do not represent usable resources for the Council.

For a more detailed analysis of the breakdown of income and expenditure and explanation of variances from the budget a revenue outturn report for 2014/15 has been prepared which provides additional information on the year end position. This is available upon request from the Director of Resources.

1.3 Capital Expenditure and Financing

Capital expenditure relates to spending on the acquisition, creation and enhancement of fixed assets that generally have a life in excess of one year. This spending is usually paid for from borrowing, the sale of assets, specific government and other grants, capital balances and occasionally from revenue balances. Spending on assistance to the private sector for renovation grants, disabled facilities grants and other housing improvement schemes is also classed as capital expenditure and is known as Revenue Expenditure funded from capital under statute, because the spending does not generate an asset to the Council.

(i) Capital Expenditure

The Council's revised capital programme for 2014/15 was approved at £8.184million. Overall capital spending for 2014/15, totalled £4.397million, resulting in an underspend of £3.787million of which £2.270million has been reprofiled to future years. The overall programme can be summarised as follows:

	£000	£000
Revenue Expenditure funded from Capital Under Statute		
Disabled Facilities Grants	591	
Empty Properties Initiatives	177	
Harraby School and Community Campus	1,100	
CCTV	89	
Other Schemes	4	
		1,961
Capital Investment on Assets		
Old Town Hall	247	
Planned Major Repairs	475	
Industrial Estates	41	
Equipment, Vehicles & Plant	313	
IT & Software Implementation Projects	193	
Play & Multi-Use Games Areas	75	
Strategic Property Purchases	304	
Art Centre	612	
Other Schemes	176	
		2,436
		4,397
Assets acquired via exchange	2,313	
		2,313
		6,710

The programme has been financed as follows:

	£000
Capital Receipts	1,073
Specified Capital Grant	681
Other Capital Grants and Contributions	322
Direct Revenue Financing	288
Unfinanced Capital Expenditure (See para 1.5(ii))	2,033
Assets acquired via asset exchange	2,313
	6,710

(i) Borrowing

The Council has powers to borrow money for capital purposes under Section 1 of the Local Government Act 2003. The Council currently has a stock issue of £15million as its external borrowing liabilities. The Council has not yet taken advantage of the Prudential Borrowing regime introduced in April 2004, although this position is regularly reviewed in the light of total available capital resources.

(ii) Capital Receipts

The Council is dependent on capital receipts generated from the sale of its assets to pay for a significant proportion of its capital spending. This includes capital receipts arising from the sale of former council houses now owned by Riverside as part of the housing stock transfer agreed in 2002.

1.4 Pension Liability

The full implementation of IAS 19 Employee Benefits has led to a Pensions Liability being recognised in the balance sheet. This liability stands at £45.849million at 31 March 2015.

The liability shows the underlying long-term commitments that the Council has to pay in respect of retirement benefits. The total liability of £45.849million has had a significant effect on the net worth of the Council as shown in the balance sheet, but statutory arrangements to deal with the funding deficit mean that the financial position of the Council remains healthy. The deficit on the local government pension scheme will be made good by increasing contributions over the remaining working life of employees, following an assessment by the scheme's actuary.

1.5 Significant Issues

(i) Revaluation of Assets

A full revaluation of all Property assets has been undertaken as at 31 March 2015. Included in the Comprehensive Income and Expenditure Statement within Services are downward Revaluations totalling £1.590million in relation to Property, Plant and Equipment. Investment properties have also been revalued in line with the Code and this has seen a net reduction in value of £0.464million.

(ii) Usable Capital Receipts Set Aside

In previous years, £14.5million of unapplied usable capital receipts was transferred into the Capital Adjustment Account. The effect of this transfer reduced the Council's Capital Financing Requirement which in turn reduced the Council's Minimum Revenue Provision (MRP) liability. During 2014/15 £2.033million of cash from these receipts was used for capital expenditure, and this has reduced the available cash balance of these transferred receipts as at 31 March 2015 to £3,609,053.

The cash from these receipts is held within investments on the balance sheet and is available to fund capital expenditure in 2015/16 and future years.

(iii) Economic Climate

The effect of the economic climate continued in 2014/15 as budget expectations took into account the expected effects of lower interest rates and other falls in income. However, further reductions in government grant funding, together with further reductions in income impacted on the Council's finances and action was required to deal with the consequences of these on the revenue budget in order to achieve a balanced outturn position. The outcome of this can be seen in Note 4.12, where the continued transformation programme has seen expenditure reductions, with employee expenses reducing from £18.830million in 2013/14 to £16.734million in 2014/15. Other expenditure has also reduced from £46.814million in 2013/14 to £46.348million in 2014/15.

1.6 Major Influences on the Authority

During 2014/15 the Council has continued with its programme of transformational change in order to make savings and efficiency savings in light of reducing funding levels.

1.7 Accounting Policy Information

The accounts of the Council comply with the relevant accounting practices laid down by the Accounting Standards authorities and the 2014/15 Code of Practice on Local Authority Accounting.

1.8 Further Information

As part of the Council's policy of providing full information about the Council's affairs, further information regarding the accounts is available on request from the Director of Resources, Civic Centre, Rickergate, Carlisle. In addition, members of the public have a statutory right to inspect the accounts before the audit and to have a copy of the Statement of Accounts after the audit has been completed.

SECTION 2 - STATEMENT OF RESPONSIBILITIES FOR THE STATEMENT OF ACCOUNTS

2.1 The Responsibilities of the Council

The Council is required to:

- make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Council, that officer is the Director of Resources;
- manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets; and
- approve the Statement of Accounts.

2.2 The Responsibilities of the Director of Resources

The Director of Resources is responsible for the preparation of the Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing this statement of accounts, the Director of Resources has:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent; and
- complied with the local authority Code.

The Director of Resources has also:

- kept proper accounting records which were up to date; and
- taken reasonable steps for the prevention and detection of fraud and other irregularities;

The Director of Resources is required to give a true and fair view of the financial position of the Council at 31 March 2015 and its income and expenditure for the year ended 31 March 2015.

Signed:

Date:

29 May 2015

SECTION 4 – NOTES TO THE ACCOUNTS

4.0 Accounting Policies

4.0.1 General Principles

The Statement of Accounts summarises the Council's transactions for the 2014/15 financial year and its position at the year-end of 31 March 2015. The Council is required to prepare an annual Statement of Accounts by the Accounts and Audit Regulations 2011, which require the accounts to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2014/15 and the Service Reporting Code of Practice 2014/15, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

4.0.2 Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from the sale of goods is recognised when the Council transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Revenue from the provision of services is recognised when the Council can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption, they are carried as work in progress and included within inventories on the Balance Sheet.
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

4.0.3 Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments that mature in three months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Council's cash management.

4.0.4 Exceptional Items

When items of income and expense are material, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the accounts, depending on how significant the items are to an understanding of the Council's financial performance.

4.0.5 Prior Period Adjustments, Changes in Accounting Policies and Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance.

Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

4.0.6 Charges to Revenue for Non-Current Assets

Services, support services and trading accounts are debited with the following amounts to record the cost of holding fixed assets during the year:

- depreciation attributable to the assets used by the relevant service
- revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off
- amortisation of intangible fixed assets attributable to the service.

The Council is not required to raise council tax to cover these costs but is required to make an annual contribution to reduce its overall borrowing requirement. This is known as the Minimum Revenue Provision and is calculated as 4% of the Council's capital financing requirement at the start of the financial year. Depreciation, impairment losses, revaluation losses and amortisations are therefore replaced by a revenue provision in the Movement in Reserves Statement by way of an adjusting transaction with the Capital Adjustment Account for the difference between the two.

4.0.7 Employee Benefits**Benefits Payable During Employment**

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits (e.g. cars) for current employees and are recognised as an expense for services in the year in which employees render service to the Council. An accrual is made for the cost of holiday entitlements (or any form of leave, e.g. time off in lieu) earned by employees but not taken before the year-end which employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable in the following accounting year, being the period in which the employee takes the benefit. The accrual is charged to Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy and are charged on an accruals basis to the appropriate service line in the Comprehensive Income and Expenditure Statement when the Council is demonstrably committed to the termination of the employment of an officer or group of officers or making an offer to encourage voluntary redundancy.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits

and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

Post Employment Benefits

Employees of the Council are members of the Local Government Pension Scheme (LGPS) administered by Cumbria County Council.

The scheme is a funded defined benefit scheme meaning that the scheme provides retirement lump sums and pensions, earned as employees work for the Council. As a defined benefit scheme it is shown within the Council's accounts using the following principles:

- The liabilities of the Cumbria Local Government Pension Scheme attributable to the Council are included in the balance sheet on an actuarial basis using the projected unit method. This basis uses an assessment of the future payments that will be made in relation to the retirement benefits earned to date by employees, after considering assumptions about mortality rates, employee turnover and earnings projections for employees.
- Liabilities are discounted to their value at current prices using a real discount rate of 3.2%.
- The assets of the LGPS attributable to the Council are included in the Balance Sheet at their fair value.
 - quoted securities – current bid price
 - unquoted securities – professional estimate
 - unitised securities – current bid price
 - property – market value

Around 85% of LGPS assets are held in equity investments and bond issues with the remainder held in property and other assets.

- The change in the net pension liability is analysed into seven components and recognised in the Statements as follows:

Service Cost comprising:

- **Current service cost** – the increase in liabilities as a result of years of service earned this year is charged to service revenue accounts, based on where employees worked, within the Net Cost of Services section of the Comprehensive Income and Expenditure Statement.
- **Past service cost** – the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years is charged to Non-Distributed Costs within Net Cost of Services in the Comprehensive Income and Expenditure Statement.
- **Net Interest on the defined pension liability (asset)** – i.e. net interest expense for the authority – the change during the period in the net defined benefit liability (asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability (asset) at the beginning of the period – taking into account any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments.

Re-measurements comprising:

- **The return on plan assets** – excluding amounts included in net interest on the net defined benefit liability (asset) – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure
- **Actuarial gains and losses** – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure
- **Contributions paid to the Cumbria Local Government Pension Fund** – cash paid as employers' contributions to the pension fund. This is not accounted for as an expense.

Measurement bases applied in respect of the LGPS assets and liabilities are set out in note 4.47 to the Accounts.

Statutory provisions require the General Fund balance to be charged with the amount payable by the Authority to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. This therefore means that within the Movement in Reserves Statement, there are appropriations to and from the Pensions Reserve to remove the notional transactions for retirement benefits and replace them with debits for the amounts paid to the pension fund in the year and any such amounts payable but unpaid at the year-end.

The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Discretionary Benefits

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of decision and accounted for using the same policies as are applied to the LGPS.

4.0.8 Events after the Balance Sheet Date

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events;
- those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

4.0.9 Financial Instruments

Financial instruments held by the Council are all classed as either financial liabilities or financial assets (loans and receivables) under the 2014/15 Code.

Financial Liabilities

Financial Liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and are carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are

based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

(i) Borrowing

Borrowing is classed as either a long-term liability, repayable after 12 months or longer, or a current liability if it is repayable within a 12 month period. Borrowing is shown in the Balance Sheet at amortised cost using the effective interest rate that applies to the individual loans comprising the total borrowing held by the Council. For borrowing held by the Council, this means that the amount shown in the balance sheet represents the outstanding principal payable to the lender and the interest on the borrowing that is charged to the Comprehensive Income and Expenditure Statement is the amount payable in the year under the loan agreement.

(ii) Creditors

Creditors are recognised when a contractual arrangement is entered into between the Council and a supplier to provide goods and services for an agreed price. The value of the creditors recognised in the balance sheet represents the current value of the outstanding liabilities of the Council at 31 March as a proxy for amortised cost.

Financial Assets

Loans and receivables are recognised on the Balance Sheet when the Authority becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the loans that the Authority has made, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the loan agreement.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made, the asset is written down and a charge made to the relevant service (for receivables specific to that service) or the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate.

Any gains and losses that arise on the de-recognition of an asset are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

(i) Loans and Receivables

Investments

Investments are classed as either long-term assets, repayable after 12 months or longer, or as current assets if repayable within a 12-month period. Investments are shown in the Balance Sheet at amortised cost using the effective interest rate of the individual investments. For all the investments that the Council has made, this means that the amount shown in the balance sheet is the amount of principal due to be repaid to the Council and the interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable by the Council under the loan agreement.

Debtors (including mortgages)

Debtors are recognised when a contractual arrangement is entered into between the council and a debtor for the Council to provide goods and services for an agreed sum. The value of debtors in the balance sheet represents the current value of the outstanding debts owed to the Council at 31 March as a proxy for amortised cost.

Car Loans

Car Loans are provided to staff deemed to be essential users at a discounted rate of interest and therefore meet the definition of a soft loan within the 2014/15 Code. The value of car loans provided has not been recalculated at fair value as the difference between interest at fair value and the actual loan interest charged is not considered material.

Further details on Financial Instruments can be found in note 4.36 to the Financial Statements.

4.0.10 Government Grants and Contributions

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Council when there is reasonable assurance that:

- the Council will comply with the conditions attached to the payments, and
- the grants or contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired using the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants and contributions) or Taxation and Non-Specific Grant Income (non-ringfenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied reserve. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied reserve are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure.

4.0.11 Heritage Assets

Tangible and Intangible Heritage Assets (described in this summary of significant accounting policies as heritage assets)

The majority of the Council's Heritage Assets are held in the Council's Museum. The Museum has four collections of heritage assets, Archaeology, Social History, Natural History and Fine and Decorative Arts, which are held in support of the primary objective of the Council's Museum, i.e. increasing the knowledge, understanding and appreciation of the Council's history and local area. Heritage Assets are recognised and measured (including the treatment of revaluation gains and losses) in accordance with the Council's accounting policies on property, plant and equipment. However some of the measurement rules are relaxed in relation to heritage assets as described below. The accounting policies in relation to heritage assets that are deemed to include elements of intangible heritage assets are also presented below. The Council's primary collections of heritage assets are accounted for as follows.

Museum Collection

The Council's museum collection consists of a significant number of artefacts including pictures, prints, sculptures, china, glass, porcelain, coins, medals archaeological items, as well as significant numbers of social and natural history items, costumes and firearms. Museum collections are reported in the Council's balance sheet at insurance valuation which take into account current market values. These insurance valuations are reviewed on an annual basis as part of the overall insurance premium renewal process.

Acquisitions are made by purchase or donation. Acquisitions are initially recognised at cost and donations are recognised at valuation with valuations being based on appropriate insurance values. The Museum has a defined acquisitions and disposals policy for the period 2010-2015 that sets out the policy for the development of collections at the museum.

Heritage assets will not be subject to depreciation as it is not deemed appropriate to estimate a useful life for the assets held.

Statues, Monuments and other historical buildings

The Council has a number of statues and monuments and other historical buildings that it does not consider that reliable cost or valuation information can be obtained. This is due to the historical significance of such items. However, in some cases, historical cost information is recorded, particularly those that were previously classified as Community assets. Therefore, those items that were previously categorised as Community Assets will be recognised at their historic cost. This will be re-evaluated so that the most appropriate valuation basis is used, and those previously not recognised (primarily statues and monuments) will not be recognised on the balance sheet although appropriate disclosures made.

Heritage Assets – General

The carrying amounts of heritage assets are reviewed where there is evidence of impairment for heritage assets, e.g. where an item has suffered physical deterioration or breakage or where doubts arise as to its authenticity. Any impairment is recognised and measured in accordance with the Council's general policies on impairment – see note 4.0.18 in this summary of significant accounting policies. The trustees of the Council's Museum will occasionally dispose of heritage assets which have a doubtful provenance or are unsuitable for public display. The proceeds of such items are accounted for in accordance with the Council's general provisions relating to the disposal of property, plant and equipment.

Disposal proceeds are disclosed separately in the notes to the financial statements and are accounted for in accordance with statutory accounting requirements relating to capital expenditure and capital receipts.

4.0.12 Intangible Asset

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Council as a result of past events (e.g. software licences) is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Council.

Internally generated assets are capitalised where it is demonstrable that the project is technically feasible and is intended to be completed (with adequate resources being available) and the Council will be able to generate future economic benefits or deliver service potential by being able to sell or use the asset. Expenditure is capitalised where it can be measured reliably as attributable to the asset and is restricted to that incurred during the development phase (research expenditure cannot be capitalised).

Expenditure on the development of websites is not capitalised if the website is solely or primarily intended to promote or advertise the Council's goods or services. Intangible assets are measured initially at cost. Amounts are only revalued where the fair value of the assets held by the Council can be determined by reference to an active market. In practice, no intangible asset held by the Council meets this criterion, and they are therefore carried at amortised cost. The depreciable amount of an intangible asset is amortised over its useful life to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. An asset is tested for impairment whenever there is an indication that the asset might be impaired – any losses recognised are posted to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact

on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

4.0.13 Inventories and Long Term Contracts

Stocks are reflected in the balance sheet at current prices. This is a departure from the requirements of the Code and IAS 2 Inventories, which requires stocks to be shown at the lower of cost or net realisable value where they are acquired through an exchange transaction.

4.0.14 Investment Property

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

Investment properties are measured initially at cost and subsequently at fair value, based on the amount at which the asset could be exchanged between knowledgeable parties at arm's-length. Properties are not depreciated but are revalued annually according to market conditions at the year-end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rentals received in relation to investment properties are credited to the Financing and Investment Income line and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

4.0.15 Jointly Controlled Operations and Jointly Controlled Assets

Jointly controlled operations are activities undertaken by the Council in conjunction with other venturers that involve the use of the assets and resources of the venturers rather than the establishment of a separate entity. The Council recognises on its Balance Sheet the assets that it controls and the liabilities that it incurs and debits and credits the Comprehensive Income and Expenditure Statement with the expenditure it incurs and the share of income it earns from the activity of the operation.

Jointly controlled assets are items of property, plant or equipment that are jointly controlled by the Council and other venturers, with the assets being used to obtain benefits for the venturers. The joint venture does not involve the establishment of a separate entity. The Council accounts for only its share of the jointly controlled assets, the liabilities and expenses that it incurs on its own behalf or jointly with others in respect of its interest in the joint venture and income that it earns from the venture.

4.0.16 Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

The Council as Lessee

Operating Leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefitting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a rent-free period at the commencement of the lease).

The Council as Lessor

Operating Leases

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

4.0.17 Overheads and Support Services

The costs of overheads and support services are charged to those that benefit from the supply or service in accordance with the costing principles of the CIPFA *Service Reporting Code of Practice 2014/15* (SeRCOP). The total absorption costing principle is used – the full cost of overheads and support services are shared between users in proportion to the benefits received, with the exception of:

- Corporate and Democratic Core – costs relating to the Council's status as a multifunctional, democratic organisation.
- Non Distributed Costs – the cost of discretionary benefits awarded to employees retiring early and impairment losses chargeable on Assets Held for Sale.

These two cost categories are defined in SeRCOP and accounted for as separate headings in the Comprehensive Income and Expenditure Statement, as part of Net Expenditure on Continuing Services.

4.0.18 Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Council and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged as an expense when it is incurred.

Deminimis levels have been set at:

- £5,000 for expenditure on individual items of vehicles, plant and equipment;
- £20,000 for expenditure on land, buildings and other structures.

Measurement

Assets are initially measured at cost, comprising:

- the purchase price

- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management

The Council does not capitalise borrowing costs incurred whilst assets are under construction.

The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition does not have commercial substance (i.e. it will not lead to a variation in the cash flows of the Council). In the latter case, where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the Council.

Donated assets are measured initially at fair value. The difference between fair value and any consideration paid is credited to the Taxation and Non-specific Grant Income line of the Comprehensive Income and Expenditure Statement, unless the donation has been made conditionally. Until conditions are satisfied, the gain is held in the Donated Assets Account. Where gains are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance to the Capital Adjustment Account in the Movement in Reserves Statement.

Assets are then carried in the Balance Sheet using the following measurement bases:

- infrastructure, community assets and assets under construction – depreciated historical cost
- dwellings – fair value, determined using the basis of existing use value for social housing (EUV-SH)
- all other assets – fair value, determined as the amount that would be paid for the asset in its existing use (existing use value – EUV).

Where there is no market-based evidence of fair value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of fair value.

Where non-property assets that have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for fair value.

Assets included in the Balance Sheet at fair value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year-end. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Exceptionally, gains might be credited to the Surplus or Deficit on the Provision of Services where they arise from the reversal of a loss previously charged to a service.

Where decreases in value are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

Impairment

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Depreciation is calculated on the following bases:

<u>Asset Category</u>	<u>Rate</u>	<u>Basis</u>
Dwellings & Other Buildings	Useful Life	Straight Line
Infrastructure Assets	Useful Life	Straight Line
Vehicles, Plant, furniture & Equipment	Useful Life	Straight Line
Intangible Assets	Useful Life	Straight Line

Where an item of Property, Plant and Equipment asset has major components whose cost is significant in relation to the total cost of the item, the components are depreciated separately.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

Componentisation

The Council has a policy on componentisation where any asset with a Gross Book Value of more than £1million and is subject to depreciation will be considered for componentisation where a component is deemed to be more than 5% of the assets value. This will primarily apply to buildings and the major components to be considered will be:

<u>Component</u>
Heating and Ventilation System
Windows
Electrical
Water Systems
Roofing
Lifts

Disposals and Non-current Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive

Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previous losses recognised in the Surplus or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to non-current assets and valued at the lower of their carrying amount before they were classified as held for sale; adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as Held for Sale, and their recoverable amount at the date of the decision not to sell.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale. When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal in excess of £10,000 are categorised as capital receipts and are required to be credited to the Capital Receipts Reserve, and can then only be used for new capital investment or set aside to reduce the Council's underlying need to borrow (the capital financing requirement). Receipts are appropriated to the Reserve from the General Fund Balance in the Movement in Reserves Statement.

The written-off value of disposals is not a charge against council tax, as the cost of non current assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

4.0.19 Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are made where an event has taken place that gives the Council a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. For instance, the Council may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Council becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (e.g. from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Council settles the obligation.

Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances

where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

Contingent Assets

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

4.0.20 Reserves

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge against council tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments, retirement and employee benefits and do not represent usable resources for the Council – these reserves are explained in the relevant policies.

4.0.21 Revenue Expenditure Funded from Capital under Statute

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of council tax.

4.0.22 VAT

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

4.0.23 Council Tax / NNDR Income

The Council is required by statute to maintain a separate fund for the collection and distribution of amounts due in respect of Council Tax and National Non-Domestic Rates (NNDR). The Statutory Collection Fund (England) Statement is included as a supplementary statement in the accounts. In its capacity as billing authority the Council acts as an agent. During 2014/15 the Council collected and distributed NNDR on behalf of itself, the Government and Cumbria County Council. Council Tax was collected and distributed on behalf of the City Council, the County Council, the Police and Crime Commissioner for Cumbria and local town and parish councils.

Council Tax accrued income for the year and Council Taxpayers debtors, creditors and provision for bad debts at the 31 March are shared between the major preceptors and the Council based on their percentage share of the total demands/precepts for the year. Business rates accrued income for the year as well as business ratepayers, debtors, creditors and provisions for bad debts and appeals are shared between the Council (40%), Government (50%) and the Police and Crime Commissioner for Cumbria (10%).

Collection Fund Debtors are reviewed collectively at the balance sheet date by debt type and provision is made for impairment based on the historical evidence of default in each category. The

Council's share of the Collection Fund Debtors shown in the balance sheet is net of this bad debt provision.

In accordance with the current accounting code of practice the Council's Comprehensive Income and Expenditure Statement includes its share of accrued council tax and business rates income. Where this amount is more or less than the amount to be credited to the General Fund under statute, there is an adjusting transfer in the Movement in Reserves Statement, between the General Fund Balance and the Collection Fund Adjustment Account. This account holds the Council's share of the Collection Fund Surplus or Deficit at the 31 March. The Council's Balance Sheet includes the net creditor/debtor position with the Government and major preceptors for taxes collected on their behalf and not yet paid to them or taxes paid to them but not yet collected from taxpayers.

4.1 Accounting Standards that have been issued but have not yet been adopted

The following Accounting Standards have been issued but have yet to be adopted.

- IFRS13 – Fair Value Measurement
- IFRIC21 – Levies
- IFRS1 : Meaning of effective IFRS
- IFRS3 : Scope of exceptions for joint ventures
- IFRS13 : Scope of paragraph 52 (portfolio exception) and
- IAS40 : Clarifying the interrelationship of IFRS Business combination and IAS40 Investment Property when classifying property as investment property-owner property

The effect of these changes will be assessed and where necessary figures will be restated in the Financial Statements for 2015/16.

4.2 Critical Judgements in applying Accounting Policies

In applying the accounting policies set out in Note 4.0, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

- There is a high degree of uncertainty about future levels of funding for local government. However, the Council has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Council might be impaired as a result of a need to close facilities and reduce levels of service provision.
- A payment into ESCROW was made in 2014/15 in relation to the land exchange undertaken with the Church Commissioners. This amount of £1.1million has been accounted for as a prepayment and is shown on the balance sheet in Payments in Advance. As the ESCROW is under joint control of the City Council and the Church Commissioners, it is not deemed to be classified as cash or cash equivalents. Once drawn down from the ESCROW account, the expenditure will be recognised in the capital programme.

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are described below:

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
Property Plant and Equipment (£42.195million at 31.03.15)	Assets are depreciated over useful lives that are dependent upon assumption about the level of repairs and maintenance that will be incurred in relation to individual assets. The current capital programme for major repairs has been reduced due to the Council directing its limited capital resources more strategically.	If the useful lives of assets are reduced, depreciation will increase and the carrying amount of the asset falls. It is estimated that the annual depreciation charge for buildings, vehicles and plant would increase by £101,000 for every year that useful lives had to be reduced.
Debtors & Creditors (£3.121 million and £6.660million at 31.03.15)	Debtors and creditor accruals are prepared on known invoices received/due, or are based on estimates of grant claims, accounting adjustments calculated from systems, e.g. Collection Fund.	Any creditors or debtors that are paid in 2015/16 that differ from the accrual made will result in the difference being funded from the 2015/16 budget.
Pension Liability (£45.849million at 31.03.15)	Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of actuaries is engaged to provide the Authority with expert advice about the assumptions to be applied.	The effects on the net pensions liability of changes in individual assumptions can be measured. For instance, a 0.1% increase in the discount rate assumption would result in a decrease in the pension liability of £3.048million
Business Rate Appeals Provision (£2.024million at 31.03.15)	The Business Rates appeals provision is based on the best estimate of the likely outcome of outstanding appeals as at 31 March 2015. Appeals are dealt with by the Valuation Office and as such are outside the control of the Council.	If appeals are settled to different terms than those estimated, the effect will be reflected in the Collection Fund in future years.

4.3 Material Items of Income and Expense

The Council had the following items of material income and expenditure in 2014/15:

- Income relating to the administration and payments of Benefits was received from Central Government totalling £29,886,106 (2013/14 £30,330,027) with corresponding payments of benefits totalling £30,973,999 (2013/14 £31,488,716). Housing Benefit Overpayment Income of £1,249,677 was received in 2014/15, (2013/14 £1,326,071).
- Council tax income of £6,476,000 (2013/14 £6,381,000) was credited to the Comprehensive Income and Expenditure Statement.
- Retained Business Rates £3,564,146 (2013/14 £2,919,000).
- The continued Transformation programme of the Council resulted in Termination payments of £332,430 (2013/14 £558,527) being made in the year. These were charged to services and included redundancy pay and pension costs. These items were funded from the Transformation Reserve and salary savings.

- Net Downward revaluations of Property Plant and Equipment of £1.590million (2013/14 £1.171million).
- Net Downward revaluations of Investment Property of £0.464million (2013/14 £7.079million).
- Rental income from investment property of £4.475million (2013/14 £4.389million).

Movement in Reserves Statement

4.4 Adjustments between accounting basis and funding basis under Regulations

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in the year in accordance with the proper accounting practice to the resources that are specified by statutory provision as being available to the Council to meet future capital and revenue expenditure.

2014/15	General Fund balance £000	Earmarked GF Reserves £000	Capital Receipts Reserve £000	Capital Grants Unapplied £000	Total Usable Reserves £000	Total Unusable reserves £000	Revaluation Reserve £000	Pensions Reserve £000	Capital Adjustment Account £000	Collection Fund Adjustment Account £000	Short Term Compensated Absences £000	Total Authority Reserves £000
Reversal of items debited or credited to the Comprehensive Income and Expenditure Statement (Amounts included in I&E to be removed for determining movement in general fund)												
Depreciation / Amortisation	2,200				2,200	(2,200)			(2,200)			0
Impairment/revaluation losses (charged to CIES)	1,564				1,564	(1,564)			(1,564)			0
Capital grant and contributions applied charged to CIES	(151)				(151)	151			151			0

Total Usable Reserves	5,184	(2,260)	3,092	6,016	(3,296)	5,321	8,041

4.6 Nature and Purpose of Reserves

The Council is required to maintain a number of reserves under the provisions of the Code. The reserves and their broad functions are as follows.

(a) Earmarked Reserves

This balance represents monies available to support revenue spending but which the Council have earmarked for specific purposes. Further details on individual earmarked

reserves are contained within the Council's Medium Term Financial Plan, available upon request from the Director of Resources.

- (b) **Deferred Credits** This represents the balance of capital debtors recognised within long term debtors in respect of Housing Act Mortgage Debtors which remain outstanding at the year end and, therefore, cannot be counted within the useable capital receipts reserve.
- (c) **General Fund Balances**
This balance represents the cumulative surplus available to the Council to support revenue spending and which has not been earmarked for a specific purpose.
- (d) **Capital Grants Unapplied**
This represents capital grants that have been received and recognised in the Comprehensive Income and Expenditure Statement but which have yet to be applied to finance capital expenditure.
- (e) **Useable Capital Receipts Reserve**
Capital reserves are not allowed to be used for revenue purposes and in certain cases can only be used for specific statutory purposes. The Useable Capital Receipts Reserve is a reserve established for specific statutory purposes.
- (f) **Capital Adjustment Account**
This account exists to capture those elements of capital accounting required by the Code other than those taken through the revaluation reserve.
- (g) **Pension Reserve**
This reserve captures those charges and movements required to be recognised under IAS 19 when calculating total gains and losses for the year but which are required to be excluded from the movement on general fund balances.
- (h) **Revaluation Reserve**
This reserve captures the cumulative surplus recognised (but not realised) on the revaluation of fixed assets held by the Council.
- (i) **Collection Fund Adjustment Account**
This account exists to capture the difference between the amount of income recognised in the Comprehensive Income and Expenditure Statement relating to the collection of Council Tax and that required by Statute to be charged to the General Fund.
- (j) **Employee Benefit Reserve**
This reserve exists to capture the difference between the amount of expenditure recognised in the Comprehensive Income and Expenditure Statement relating to accrued holiday pay and flexi time and that required by Statute to be charged to the General Fund.

Comprehensive Income and Expenditure

4.7 Exceptional Items

There are no exceptional items in 2014/15.

4.8 Other Operating Expenditure

2013/14 £000		2014/15 £000
452	Parish Council Precepts	478
(242)	Gains/Losses on disposal of non-current assets	(73)
210	Total	405

4.9 Financing and Investment Income and Expenditure

2013/14 £000		Note	2014/15 £000
1,300	Interest payable and similar charges		1,301
1,808	Net Interest on the defined benefit liability (asset)	4.22	1,415
(230)	Interest receivable and similar income		(281)
3,638	Income and expenditure in relation to investment properties and changes in their fair value	4.11	(518)
156	Surplus/Deficit on Trading Undertakings	4.13	71
6,672	Total		1,988

4.10 Taxation and Non Specific Grant Income

2013/14 £000		2014/15 £000
(6,381)	Council Tax Income	(6,476)
(2,919)	Non-Domestic Rates	(3,564)
(5,494)	Non-Ring-fenced Government Grants	(4,781)
(327)	Recognised Capital Grants & Contributions	(151)
0	Recognised Contribution - Exchanged Asset	(2,313)
(15,121)	Total	(17,285)

4.11 Investment Properties

Amounts that have been recognised in the Comprehensive Income and Expenditure Statement relating to investment property are:

2013/14 £000		2014/15 £000
(4,389)	Rental Income from investment property	(4,475)
1,102	Direct operating expenses arising from investment property that generated rental income during the period	977
7,079	Change in Fair Value of Investment Properties	464
(154)	(Gains)/Losses on Disposal of Investment Properties	2,516
3,638	Net (Gain)/Loss	(518)

4.12 Amounts reported for Resource Allocation Decisions

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the *Service Reporting Code of Practice* (SeRCOP). However, decisions about resource allocation are taken by the Council's Executive on the basis of budget reports analysed across directorates. These reports are prepared on a different basis from the accounting policies used in the financial statements. In particular:

- No charges are made in relation to capital expenditure (whereas depreciation, revaluation and impairment losses in excess of the balance on the Revaluation Reserve and amortisations are charged to services in the Comprehensive Income and Expenditure Statement)
- The cost of retirement benefits is based on cash flows (payment of employer's pensions contributions) rather than current service cost of benefits accrued in the year
- Expenditure on some support services is budgeted for centrally and not charged to directorates.

The income and expenditure of the Council's principal directorates recorded in the budget reports for the year is as follows:

(a) Service Expenditure

Directorate Income and Expenditure	Chief Executive £000	Deputy Chief Executive £000	Governance £000	Resources (incl Corporate) £000	Community Engagement £000	Economic Development £000	Local Environment £000	Total £000
2014/15								
Fees, charges and other service income	(134)	(49)	(5,323)	(482)	0	(2,100)	(4,057)	(12,145)
Interest and Other investment Income	0	0	0	(281)	0	0	0	(281)

(c) Reconciliation of directorate Income and Expenditure to Cost of Services in the Comprehensive Income and Expenditure Statement

This reconciliation shows how the figures in the analysis of directorate income and expenditure relate to the amounts included in the Comprehensive Income and Expenditure Statement.

2013/14 £000		2014/15 £000
13,160	Net expenditure in the directorate analysis	10,236
0	Add Services not included in the main analysis	0
6,218	Add amounts not reported to Management	7,362
(729)	Remove amounts reported to management not included in the Comprehensive Income and Expenditure Statement	1,251
18,649	Net Cost of Services in Comprehensive Income and Expenditure Statement	18,849

4.13 Trading Operations

A number of Council Services are operated on a commercial basis. The turnover and (surplus)/deficit of these services are shown below.

(Surplus)/ Deficit 2013/14 £000	Activity	Gross Expenditure 2014/15 £000	Gross Income 2014/15 £000	(Surplus) / Deficit 2014/15 £000
55	Building Cleaning & Maintenance	502	(461)	41
7	Highways	0	0	0
0	Transport	321	(321)	0
(31)	Parking Patrols & Cash Collection	230	(268)	(38)
0	Grounds	185	(185)	0
125	Other	92	(24)	68
156	Total Internal Trading	1,330	(1,259)	71

4.14 Agency Income and Expenditure

In the Council's capacity as Billing Authority it acts as an agent in collecting and distributing Council Tax income on behalf of the major preceptors and itself. Only the Council's share of income and expenditure is shown in the Comprehensive Income and Expenditure Statement (£6.476million).

The Council also acts as an agent in collecting National Non-Domestic Rates (NNDR) on behalf of the Government and County Council under the Business Rate Retention Scheme. Only the income received due to the City Council share (£3.809million) is recognised in the Comprehensive Income and Expenditure Statement.

The Council is required to maintain a separate fund for the collection and distribution of amounts due in respect of Council tax and NNDR. The Collection Fund is included as a supplementary statement.

4.15 Cumbria Business Rates Pool

During 2014/15, the Council participated in the Cumbria Business Rates Pool in order to benefit the Cumbria area by retaining any levies as a result of growth in Business Rates. The pool is made up of the County Council, Carlisle City Council, Allerdale Borough Council, Barrow Borough Council, Eden District Council and South Lakeland District Council.

The amount of retained growth kept by the Pool and redistributed is as follows:

2013/14 £000		2014/15 £000
	Retained Levy	
0	Allerdale Borough Council	360
0	Barrow Borough Council	350
0	Carlisle City Council	334
0	Eden District Council	320
0	South Lakeland District Council	692
0	Total Retained Levy	2,056
	Pooling Distribution of Retained Levy	
0	Allerdale Borough Council	170
0	Barrow Borough Council	163
0	Carlisle City Council	158
0	Eden District Council	140
0	South Lakeland District Council	291
0	Cumbria County Council	729
0	Volatility Reserve	405
0	Total	2,056

The distribution of the retained levy for the Council is shown within Business Rate Retention income in the Comprehensive Income and Expenditure Statement, along with the Council's own share of the growth achieved in the year (£333,479). The Council's share of the volatility reserve (£38,708) is held on the balance sheet as an earmarked reserve

4.16 Members Allowances

The Code of Practice on Local Authority Accounting requires that Local Authorities disclose details of allowances paid to elected members during the year. Details of allowances paid in 2014/15 are as follows:

2013/14 £000		2014/15 £000
	Type of Allowance	
247	Basic Allowance	247
84	Special Responsibility Allowance	85
10	Conference/Other Allowances	11
341	Total	343

4.17 Officers' Remuneration

The Accounts and Audit Regulations 2011 require that local authorities disclose details of the number of employees whose remuneration exceeds £50,000 in bands of £5,000. The table below includes senior employees who are also subject to additional disclosure below.

Remuneration includes any payments made on termination of employment, but does not include pension contributions.

The Accounts and Audit Regulations 2011 also now requires that local authorities disclose the individual remuneration details of senior employees by job title for a number of categories if their annual salary is above £50,000. For the purpose of disclosure, senior employees are defined by the Council as Director level and above.

Remuneration Banding (incl Termination Payments)	Number of Employees			
	2014/15	Left During Year	2013/14	Left During Year
Between £50,000 and £54,999	3	0	2	0
Between £55,000 and £59,999	0	0	1	1
Between £60,000 and £64,999	4	0	4	0
Between £65,000 and £69,999	1	1	0	0
Between £70,000 and £74,999	0	0	1	1
Between £75,000 and £79,999	0	0	0	0
Between £80,000 and £84,999	0	0	0	0
Between £85,000 and £89,999	1	0	0	0
Between £90,000 and £94,999	0	0	1	0
Between £95,000 and £99,999	0	0	0	0
Between £100,000 and £104,999	0	0	1	0
Between £105,000 and £109,999	1	0	0	0
Total Number of Employees (Including Senior Employees)	10	1	10	2

Post	Salaries, fees & allowances	Benefits in Kind (e.g car allowance)	Total Remuneration excluding pension contributions	Pension Contribution	Total Remuneration

Director of Resources	58	4	62	7	69
Total	449	36	485	53	538

The number of exit packages with total cost per band and total cost of the compulsory and other redundancies are set out in the table below:

	Number of Compulsory Redundancies		Number of other Agreed Departures		Total number of exit packages by cost band		Total cost of exit packages in each band	
	2013/14	2014/15	2013/14	2014/15	2013/14	2014/15	2013/14 £000	2014/15 £000
£0 - £20,000	4	1	14	4	18	5	143	42
£20,001 - £40,000	0	2	8	4	8	6	251	178
£40,001 - £60,000	1	0	1	1	2	1	95	48
£60,001 - £80,000	0	0	1	1	1	1	70	64
Total	5	3	24	10	29	13	559	332

4.18 External Audit Costs

The Council has incurred the following costs in relation to the audit of the Statement of Accounts, the certification of grant claims and statutory inspections and to non-audit services provided by the Council's external auditors.

2013/14 £000		2014/15 £000
70	Fees payable to the Grant Thornton with regard to external audit services carried out by the appointed auditor	71
17	Fees payable to the Grant Thornton for the certification of grant claims and returns	19
87	Total	90

4.19 Grant Income

The Council credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement in 2014/15.

2013/14 £000		2014/15 £000
	Credited to Taxation and Non Specific Grant Income	
250	Industrial Estates Grant	41
1	Chances Park Grant	0
14	Play Areas Contribution	74
0	Asset Exchange contribution	2,313
35	Old Town Hall	0
27	Castle Way Public Realm (S106)	8
0	Cenotaph Improvements	28
327	Total	2,464
	Credited to Services	
116	Economic Regeneration	188
58	Supporting Vulnerable People	92
30,330	Housing Benefit Subsidy	29,886
24	Benefits	12
744	Other Grants	702
10	Donated Assets	26
801	Revenue Expenditure funded by Capital	851
32,083	Total	31,757

4.20 Related Parties

The Council is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the council or to be controlled or influenced by the council. Disclosure of these transactions will allow readers to assess the extent to which the council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

Central Government

Central government has effective control over the general operations of the Council – it is responsible for providing the statutory framework within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many transactions that the Council has with other parties (e.g. council tax bills, housing benefits). Grants received from government departments are set out in the subjective analysis in Note 4.12 on reporting for resource allocation decisions. Grant receipts receivable at 31 March 2015 are shown in Note 4.19. As at 31 March 2015, the balance of Creditors owing to Central Government departments was £1.087million. The balance of debtors owed from Central Government departments was £0.388million.

Members

Members of the Council have direct control over the council's financial and operating policies. The total of members allowances paid in 2014/15 is shown in Note 4.16. All elected members of the Council were asked to declare any direct financial relationship through outside bodies or companies with the Council for the financial year 2014/15.

Eighteen Members declared an interest in Community Centres around the Carlisle area. The Council paid £296,500 to Community Centres during 2014/15.

2013/14 £000		2014/15 £000
16	Belah Community Centre	16
22	Botcherby Community Centre	22
36	Brampton Community Centre	36
31	Currock Community Centre	31
18	Denton Holme Community Centre	18
14	Greystone Community Centre	14
36	Harraby Community Centre	36
45	Longtown Community Centre	45
48	Morton Community Centre	48
18	Petteril Bank Community Centre	18
12	Yewdale Community Centre	12
296	Grants paid to Community Centres	296

Officers

During 2014/15 17 officers who are considered to be key management personnel were asked to declare any direct financial relationship through outside bodies or companies with the Council for the financial year 2014/15. The response rate was 100%.

There were no material transactions relating to members or senior officers of the Council during 2014/15.

Other Public Bodies

Other related party transactions are as follows:

- the City Council's transactions with the Cumbria County Council Pension Fund, which are shown in Note 4.22 to the Financial Statements. The balance owed to the Pension fund at 31 March, and shown as a creditor in the balance sheet was £362,682.

4.21 Termination Benefits

The Council terminated the contracts of a number of employees during 2014/15, incurring liabilities of £332,430 (£558,527 in 2013/14 to 29 officers). This total is payable to 13 officers from the Council who were made redundant as part of the Council's Transformation process.

4.22 Pension Costs

In 2014/15, the City Council paid an employer's contribution of £1,760,151 into the Cumbria County Council Pension Fund, representing 13.6% plus £972,100 deficit funding (2013/14: £1,473,008 representing 11.8% and £1,101,000 deficit funding) of pensionable pay. The contribution rate is based on the triennial actuarial valuation carried out at 31 March 2014 by the Fund's Actuary. This contribution rate is effective for the three-year period commencing 1 April 2014. The Council is also responsible for all pension payments relating to unfunded added years benefits awarded to its employees together with any related increases. In 2014/15 the value of these benefits amounted to £137,172 representing 1.2% of pensionable pay (2013/14 £127,527 and 1.1% respectively). The pension costs charged to the Comprehensive Income and Expenditure Statement in accordance with IAS 19 are as follows:

2013/14 £000		2014/15 £000
2,594	Current Service Cost	2,334
55	Administration Expenses	57
0	Past Service Cost / (Gain)	0
164	Curtailment Cost	204
(4,505)	Interest on Plan Assets	(4,881)
6,313	Pension Interest Costs	6,296
4,621	Total	4,010
(2,834)	Contributions paid to Pension Scheme	(2,934)
1,787	Contributions (to) / from Pension Reserve	1,076

4.23 Gains/Losses on Sale of Property, Plant and Equipment

The Comprehensive Income and Expenditure Statement includes gains and losses from the sale of Council assets. The value of the gains and losses for the year 2014/15 is as follows: -

2013/14 £000		2014/15 £000
(416)	Preserved Right To Buy Sales	(176)
174	Other	103
(242)	Total	(73)

4.24 Building Control

The Building (Local Authority Charges) Regulations 1998 require the disclosure of information regarding the setting of charges for the administration of the building control function. However, certain activities performed by the Building Control Unit cannot be charged for, such as providing general advice and liaising with other statutory authorities.

The following statement shows the total cost of operating the building control unit divided between the chargeable and non-chargeable activities:

2013/14				2014/15		
Charge-able £000	Non Charge-able £000	Total £000		Charge-able £000	Non Charge-able £000	Total £000
195	135	330	Expenditure			
10	6	16	Employee Costs	161	129	290
9	13	22	Transport Expenses	8	5	13
0	1	1	Supplies & Services	6	19	25
63	33	96	Agency & Contracted Services	3	0	3
			Central & Support Services	97	49	146
277	188	465	Total Expenditure	275	202	477
			Income			
(304)	0	(304)	Building Regulation Charges	(336)	0	(336)
(9)	(1)	(10)	Other Income	(13)	(1)	(14)
(313)	(1)	(314)	Total Income	(349)	(1)	(350)
(36)	187	151	(Surplus)/Deficit for the Year	(74)	201	127

4.25 Revenue Expenditure Funded from Capital Under Statute

Items of revenue expenditure funded from capital under statute, which are not financed by government grants, are written off to the Comprehensive Income and Expenditure Statement during the year. The value for 2014/15 is as follows: -

2013/14				2014/15		
Expend- iture £000	Grants Utilised £000	Amounts Written Off £000		Expend- iture £000	Grants Utilised £000	Amounts Written Off £000
739	(703)	(36)	Disabled Facilities Grants	591	(591)	0
0	0	0	Harraby Community Campus	1,100	(97)	(1,003)
97	(97)	0	Empty Properties Initiative	177	(161)	(16)
60	0	(60)	Leisure Initiatives	0	0	0
3	(1)	(2)	Other	93	(2)	(91)
899	(801)	(98)	Total	1,961	(851)	(1,110)

4.26 Discontinued Operations

The Housing Revenue Account was formally closed on 1 April 2005. All transactions relating to the former HRA are shown within the Comprehensive Income and Expenditure Statement as discontinued operations.

4.27 Downward Revaluations

During 2014/15 the value of Non-Current Assets that were revalued downward and charged to the surplus/deficit on Provision of Services within the Comprehensive Income and Expenditure Statement were £2.054million (2013/14: £8.250million). This was split between investment properties £0.464million (2013/14: £7.079million) and other items of Property, Plant and Equipment and surplus assets £1.590m (2013/14: £1.171million). Change in fair value of Investment Properties were charged to the Comprehensive Income and Expenditure Statement under Financing and Investment Income as per Note 4.9. Movements in other Property, Plant and Equipment are shown in the Comprehensive Income and Expenditure Account within Net cost of Services. The table below shows the service line that all downward revaluations were originally charged to.

2013/14 £000		2014/15 £000
137	Central Services to the Public	64
(240)	Cultural & Related Services	653
(16)	Environmental & Regulatory Services	185
20	Planning Services	4
7	Highways and Transport Services	238
779	Other Housing Services	(13)
687	Total Included in Net Cost of Services	1,131
484	Surplus/Deficit on Trading Undertakings	459
1,171	Total	1,590

4.28 Shared Services

During 2014/15 the Council continued to share services for ICT, Revenues and Benefits and Internal Audit. From April 2013, staff within the ICT shared service returned to their respective councils; however the ICT infrastructure continues to be shared, supporting the aims and objectives of the original arrangement.

Revenues and Benefits is hosted by Carlisle City Council and the partners are Copeland Borough Council and Allerdale Borough Council. The County Council is the host for the Internal Audit shared service with partners, Carlisle City Council and Copeland Borough Council and the Police and Crime Commissioner for Cumbria. The costs and income associated with all shared services are shown in the Net Cost of Services in the Comprehensive Income and Expenditure Statement.

The Revenues and Benefits shared service is primarily a sharing of staff and IT systems. All other costs associated with the running of the services are held by each individual authority. Therefore, the total cost of the Shared Service for 2014/15 was £3,326,052 (2013/14: £3,406,302) and contributions were received from Copeland totalling £931,295 (2013/14: £953,764) and Allerdale totalling £1,164,118 (2013/14: £1,192,206).

For all shared services, each Authority has accounted for its contracted share of Income and expenditure and its share of any debtors and creditors on the balance sheet.

(a) Depreciation

The following useful lives and depreciation rates have been used in the calculation of depreciation:

Asset Category	Rate	Basis
Dwellings & Other Buildings	10 – 50 Years	Straight Line
Infrastructure Assets	40 – 50 Years	Straight Line
Vehicles, Plant, furniture & Equipment	3 – 20 Years	Straight Line
Intangible Assets	3 – 5 Years	Straight Line

(b) Capital Commitments

At 31 March 2015, the Council has entered into a number of contracts for the construction or enhancement of Property, Plant and Equipment in 2015/16 and future years budgeted to cost £1,134,000. Similar commitments at 31 March 2014 were £1,317,000. The major commitments are:

	£000
Improvement Grant Commitments	187
Arts Centre	402
Old Town Hall	426
Other Capital Commitments	119
	1,134

(c) Effects of Changes in Estimates

In 2014/15, the Council made no material changes to its processes and techniques for making accounting estimates for Property, Plant and Equipment.

4.30 Bases of Valuation

From 1 April 1994 all of the City Council's property, plant and equipment have been valued on the basis recommended by CIPFA and in accordance with the Statement of Asset Valuation Principles and Guidance Notes issued by the Royal Institution of Chartered Surveyors (RICS). Details of the valuation bases applied are set out in Note 4.0 (Statement of Accounting Policies).

Valuations are carried out via an annual revaluation programme. Valuations for 2014/15 were carried out by B Vernon (Senior Estates Surveyor) RICS, T M Hargreaves (Hyde Harrington), BSc FRICS and RA Richardson (Hyde Harrington) BSc (Hons) MRICS, RICS as at 31 March 2015. Community Assets, Vehicles, Plant and Equipment and Infrastructure assets are all held at Historic Cost and are not subject to revaluations.

The table below shows the number and types of asset the Council reports on its balance sheet:

31 March 2014		31 March 2015
1	Civic Centre	1
11	Depots and Workshops	11
12	Off Street Car Parks	12
1	Leisure Centres	1
1	Swimming Pool	1
2	Museums	2
250ha	Parks & Recreation Grounds	250ha
1	Market Hall	1
3	Cemeteries	3
4	Hostels/Homeshares	4
1	Crematorium	1
75	Industrial Units	75
12	Community Centres	12
7	Industrial Estates	7

4.31 Investment Properties

There are no restrictions on the Council's ability to realise the value inherent in its investment property or on the Council's right to the remittance of income and the proceeds of disposal. The Council has no contractual obligations to purchase, construct or develop investment property. The Council has obligations for repairs & maintenance on some of its investment properties.

The Council does not classify any property interests held under operating leases as Investment Properties.

The fair value of Investment property held on the Balance Sheet is based on the valuations which are reviewed annually. Valuations for 2014/15 were carried out by B Vernon (Senior Estates Surveyor) RICS, T M Hargraves (Hyde Harrington), BSc FRICS and RA Richardson (Hyde Harrington) BSc (Hons) MRICS, RICS. These valuations were based on market conditions and known factors currently affecting specific assets, e.g. assets in the process of being marketed to sale.

2013/14 £000		2014/15 £000
94,863	Opening Balance at 1 April of Investment Property	88,411
0	Additions due to acquisitions	135
1,698	Additions to existing assets	209
0	Additions through Exchange of Assets	2,313
(696)	Disposals	(3,095)
(375)	Reclassifications	0
(7,079)	Net gains or losses from fair value adjustments	(464)
88,411	Closing Balance at 31 March of Investment Property	87,509

4.32 Intangible Assets

The Council accounts for its software as intangible assets, to the extent that the software is not an integral part of a particular IT system and accounted for as part of the hardware item of Property, Plant and Equipment. The intangible assets include both purchased licences and internally generated software.

All software is given a finite useful life, based on assessments of the period that the software is expected to be of use to the Council. All intangibles are amortised over a useful life of 5 years.

The carrying amount of intangible assets is amortised on a straight line basis. The amortisation of £59,960 charged to revenue in 2014/15 was charged to the relevant service heading.

2013/14 £000		2014/15 £000
	Cost or Valuation	
332	Valuation at 1 April	400
68	Additions acquired separately	14
400	Valuation at 31 March	414
	Amortisation

a) Statues, Monuments and Historic Landmarks

The Council's collection of statues, monuments and historic landmarks are carried at Historic cost where known. This is primarily assets that have been previously been classified as Community assets and includes, Dixons Chimney, West Walls, Castle Banks and the Public Realm works for the Roman Frontier.

Other statues and monuments are not recorded on the balance sheet as valuation is not considered to be possible. These include the following assets:

- Market Cross, Greenmarket
- Queen Victoria Statue, Bitts Park
- James Creighton Statue, Hardwicke Circus,

- James Steel Statue, English Street
- Earl of Lowther Statue, The Crescent
- Cenotaph, Rickerby Park
- War Memorial, Greenmarket
- War Memorial, Richardson St Cemetery
- War Memorial, Botcherby Community Centre
- War Memorial, Stanwix Cemetery
- Hyssop Holme Well, Etterby

b) Pictures, Prints and Sculptures

The Council's collection of pictures, prints and sculptures is reported in the Balance Sheet at insurance valuation. The schedule covers some 4,800 items. The insurance cover is renewed annually and valuations are adjusted to reflect market indices or any known changes to values. There is one item that has an individual valuation of £600,000 and this is a painting from 1868 titled Risen at Dawn; Gretchen Discovering Faust's Jewels, by Dante Gabriel Charles Rossetti. There are a further 4 items with an individual valuation of £250,000 each and a further 10 items valued over £100,000 each.

c) China, Glass and Porcelain

The Council's collection of china, glass and porcelain is reported in the Balance sheet at insurance valuation. The schedule covers some 800 items. The insurance cover is renewed annually and valuations are adjusted to reflect market indices or any known changes to values. There are no significant individual items, the largest single valuation being £15,000 for a figurine.

d) Archaeology

The Council's collection of archaeology is reported in the Balance sheet at insurance valuation. The schedule covers some 20,000 items. The insurance cover is renewed annually and valuations are adjusted to reflect market indices or any known changes to values.

e) Natural History

The Council's collection of natural history is reported in the Balance sheet at insurance valuation. The schedule covers some 816,500 items. The insurance cover is renewed annually and valuations are adjusted to reflect market indices or any known changes to values.

f) Other Museum collection

The Council's other museum collections include items of social history, silver, coins and medals, fire-arms, musical instruments and costumes and clothing and is reported in the Balance sheet at insurance valuation. The schedule covers c.22,000 items. The insurance cover is renewed annually and valuations are adjusted to reflect market indices or any known changes to values. There is one significant item within this part of the collection that is valued at £500,000.

g) Civic Regalia

The Council's Civic Regalia is reported in the Balance sheet at insurance valuation. The insurance cover is renewed annually and valuations are adjusted to reflect market indices or any known changes to values.

h) Other heritage assets not included in the balance sheet

The Council's owns other items that are classified as heritage assets but which do not hold a valuation and for which it would not be cost effective to obtain a valuation. These include:

- Mayoral picture gallery, Civic Centre
- Various pictures, sculptures and paintings, 1st floor Civic Centre

4.34 Heritage Assets: Summary of Transactions

2010/11 £000	2011/12 £000	2012/13 £000	2013/14 £000		2014/15 £000
38	15	36	23	Cost of Acquisitions of heritage assets Statues, Monuments and Historic landmarks	71
0	15	36	23	Total Cost of Purchases	71
0	15	29	10	Value of Heritage Assets acquired by Donation Museums Collection - Pictures, Prints & Sculptures	26
0	15	29	10	Total Donations	26
0	(15)	(29)	(10)	Impairment recognised in the period Museums Collection - Pictures, Prints & Sculptures	(26)
0	(129)	(35)	(23)	Statues and Monuments	(71)

The Code of Practice requires a five year summary of transactions, but where this is not practicable for any period prior to 1 April 2010, only periods after this date need be disclosed. As the records held in connection with heritage assets were very fragmented, it has therefore not been possible to gather the data to enable a five year summary of transactions.

4.35 Heritage Assets: Further information on the Museum's Collections

The collections fall into four main areas: Archaeology, Social History, Natural Sciences and Fine and Decorative Arts. Human history collections are centred on the **Social History** of Carlisle District, and the **Archaeology** of North Cumbria; **Natural Sciences** encompasses the flora, fauna and geology of Cumbria; and **Fine and Decorative Arts** includes British fine and decorative art, with particular reference to North Cumbria.

Fine and Decorative Art

a) Scope of the Collections

Wide ranging fine art collection consisting of 4,800 paintings, watercolours, drawings, prints, photographs, sketch books and sculpture by mainly British artists dating from about 1650 to the present day. This collection is mostly of regional significance but also includes works of national importance. Notable elements include:

Purchase Scheme 1933-75 (200 works)

Collection of 20th century British art including works of national importance. Key artists represented include: Stanley Spencer, William Rothenstein, Wyndham Lewis, Esmond Lowinsky, Vanessa Bell, Lucien Pissarro, Charles Ginner, L S Lowry, John Nash, Eric Ravilious, Carel Weight, Peter Blake and Roger de Grey.

Emily and Gordon Bottomley Bequest 1949 (600 works)

Collection of 19th and 20th century British art including works of national importance. Key artists represented include Pre-Raphaelites: Dante Gabriel Rossetti, Elizabeth Siddal, William Morris, Edward Burne-Jones, Ford Madox Brown and Arthur Hughes. Other key artists represented include Samuel Palmer, Charles Ricketts and Paul Nash.

Carel Weight Bequest 1999 (91 works)

Important collection of late 19th and 20th century mainly British art. Key artists represented include Lucien Pissarro, Stanley Spencer, L S Lowry, Thomas Barclay Hennell and Carel Weight.

Pre-Raphaelite Collection (48 works)

Nationally important collection of works by the Pre-Raphaelites acquired from the Howard family, William Rothenstein, the Purchase Scheme and Gordon Bottomley. Key artists listed above.

Local Art and Artists Collection (1,000 works)

Important collection of works by local and visiting artists many of which relate to northern Cumbria. Key artists represented include Sam Bough, William James Blacklock, Winifred Nicholson, Sheila Fell, Julian Cooper, Donald Wilkinson, Jem Southam and Keith Tyson.

Decorative Art (1,500 items)

Wide ranging collection mostly consisting of ceramics including the Williamson Bequest (1940) of 800 pieces of 18th and 19th century English porcelain, all major factories represented. The bequest also includes a 17th century table clock by Joseph Knibb of London. Textiles include a good collection of quilts (40). Items associated with the Arts and Crafts Movement include costume, textiles, furniture, ceramics and metalwork. A small collection of musical instruments includes strings by the Forster family and a decorated violin by Andrea Amati (1564).

Natural Sciences**a) Scope of the collections**

Regionally significant collections of zoological, botanical and geological material, totalling some quarter of a million specimens. These collections are particularly strong in material of Cumbrian provenance and provide a unique resource relating to the landscape and biodiversity of the region.

Zoology (c. 210,000 items)

Significant collection of British birds and mammals (mounts and skins) and birds' eggs; some vertebrate skeletal material; extensive and significant collections of British insects; British and foreign Mollusca.

Botany (c. 26,000 items)

Lakeland and British herbaria, including mosses and lichens.

Fungi (c. 1,500 items)

Developing collection of Cumbrian fungi with special focus on montane and grassland species.

Geology (c.9,000 items)

Substantial holdings of fossil, rock and mineral material. Includes a major Cumbrian mineral collection and an important 19th century fossil collection

Cumbria Biodiversity Data Centre (570,000 records)

Tullie House operates the local biodiversity data centre for Cumbria, in partnership with a number of funding organisations. The computer database presently includes some 50,000 records deriving from specimens in the collections.

Social History**a) Scope of Collections** (c.22,000 items)

A wide-ranging collection of objects, ephemera and photographs (plus a limited range of oral history recordings and audio visual footage) relating to personal, community and working life in

Carlisle district from the 1644-5 Civil War onwards. This includes a large collection of men's, ladies', children's and infants' costume and accessories dating from 1700 to the present.

The collections include a good general representation of working, domestic and recreational activities. Material includes items from the 1745 Jacobite Rising, 17th/18th century silver of the city and its trade guilds, coins and medallions from 16th to 20th centuries, Carlisle made watches, long case clocks and firearms, State Management branded pub material, traditional Cumbrian sports trophies and accessories, ephemera relating to 20th Carlisle Pageants and fairs, tools, equipment and products of local industry and agriculture, the Blue Streak Rocket Project Archive, costumes of notable individuals including Margery Jackson and Pilot Tadeusz Felc.

Archaeology

a) Scope of Collections (c.20,000 items)

The collections cover the period from the arrival of humans into Cumbria up to the 1644-5 Civil War. It consists of artefacts and their associated documentation covering the whole period. This documentation includes original paper documents, photographs, digital records, publication offprints and other secondary sources. In addition, the museum is a repository for excavation archives undertaken by various bodies in the area, including English Heritage, Oxford Archaeology North, and North Pennines Archaeological Trust.

There are important items within the collections from the whole period. These include: rough-out material from the Langdale stone axes factories, pottery from Ehenside Tarn and Old Walls, a stone spear-mould from Croglin, a gold neck-ring from Greysouthern, and cemetery material from Garlands and Aglionby, which date to the prehistoric period. The material relating to the Roman occupation includes an internationally important collection of inscribed and sculptured stones from Carlisle and Hadrian's Wall as well as domestic and military material. The post-Roman and Early Medieval period includes objects from Viking burials at Ormside, Hesket and Cumwhitton and a Saxon sword from the River Thames. The medieval life of the city is represented by coins struck at the Carlisle Mint, ceramics from Carlisle and further away, city bell, muniment chest and stocks. The Elizabethan period is covered by weights and measures and racing bells. In addition, there is a fine collection of British coinage of all periods. A notable point about the collection is that the waterlogged conditions that can be found in the archaeological layers of Carlisle allow the preservation of wood and leather artefacts that do not survive in other places.

Preservation and Management

As the museum holds, and intends to acquire, archives, including photographs and printed ephemera. Its governing body will be guided by the Code of Practice on Archives for Museums and Galleries in the United Kingdom (3rd ed., 2002). The Council's policy on acquisition, disposals and management of Heritage assets provides further information on this.

4.36 Financial Instruments

(a) Financial Liabilities held at Amortised Cost

4	0	Car Loans	1	0
2,200	1,925	Non-Contractual Items	561	4,296
5,028	4,320	Total per Balance Sheet	3,121	6,660

(d) Gains and Losses on Financial Instruments

The gains and losses recognised in the Comprehensive Income and Expenditure Statement in 2014/15 relating to financial instruments are made up as follows:

2014/15	Financial Liabilities (measured at Amortised Cost) £000	Financial Assets (Loans & Receivables) £000	Financial Assets (Available for Sale) £000	Total £000
Interest Paid	1,301	0	0	1,301
Impairment Losses	0	269	0	269
Interest Payable and Similar Charges	1,301	269	0	1,570
Interest Received	0	(281)	0	(281)
(Gains)/Losses on Derecognition	0	0	0	0
Interest and Investment Income	0	(281)	0	(281)
Net (Gain)/Loss for year	1,301	(12)	0	1,289

Comparative information for financial year 2013/14 is as follows:

2013/14	Financial Liabilities (measured at Amortised Cost) £000	Financial Assets (Loans & Receivables) £000	Financial Assets (Available for Sale) £000	Total £000
Interest Paid	1,300	0	0	1,300
Impairment Losses	0	224	0	224
Interest Payable and Similar Charges	1,300	224	0	1,524
Interest Received	0	(230)	0	(230)
(Gains)/Losses on Derecognition	0	0	0	0
Interest and Investment Income	0	(230)	0	(230)
Net (Gain)/Loss for year	1,300	(6)	0	1,294

(e) Fair Value of Assets & Liabilities carried at Amortised Cost

Financial liabilities and financial assets represented by loans and receivables are carried in the Balance Sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that will take place over the remaining term of the instruments. The Council has based its fair value report on the borrowing/deposit rate for the same financial instrument from a comparable lender. A consistent approach has been applied to assets and liabilities. Other assumptions include:

- estimated fair values have been calculated using the equivalent market interest rates as at 31 March 2015;
- early repayment or impairment is not recognised; and
- the fair value of operational liabilities and receivables is taken to be the invoiced or billed amount.

31 March 2014			31 March 2015	
Carrying Amount	Fair Value		Carrying Amount	Fair Value
£000	£000		£000	£000
20,934	25,854	Financial Liabilities	18,774	23,799

The fair value is more than the carrying amount because the Council's loan portfolio includes a number of fixed rate loans where the interest payable is more than the rates available for similar loans at the Balance Sheet date. This commitment to pay interest above current market rates increases the amount that the Council would have to pay if the lender requested or agreed to the early repayment of the loans.

31 March 2014			31 March 2015	
Carrying Amount	Fair Value		Carrying Amount	Fair Value
£000	£000		£000	£000
22,255	22,281	Loans & Receivables	23,045	23,061

The fair value is more than the carrying amount because the Council's investment portfolio includes a number of fixed rate investments where the interest receivable is more than the rates available for similar loans at the Balance Sheet date. This guarantee to receive interest above current market rates increases the amount that the Council would receive if it agreed to the early repayment of the investments.

(f) Risks arising from Financial Instruments

The Council's activities expose it to a variety of financial risks:

- **credit risk** – the possibility that other parties might fail to pay amounts due to the Council;
- **liquidity risk** – the possibility that the Council might not have funds available to meet its payment commitments; and
- **market risk** – the possibility that a financial loss might arise for the Council as a result of movements in interest rates.

The Council's annual treasury management strategy focuses on these risks and seeks to minimise potential adverse effects on the resources available to fund services. The Council provides written principles for overall risk management as well as written policies within its treasury management strategy covering interest rate risk, credit risk and the investment of surplus cash balances.

(g) Credit Risk

Credit risk arises from deposits with banks and other financial institutions, as well as credit exposure to the Council's customers. Investments are not placed with credit rated banks and other financial institutions unless they have a minimum credit rating of Short-term P1, Support C or equivalent (Based on Moody's Credit Ratings). Some investments are placed with Building Societies that do not have a formal credit rating. This policy is dictated by the size of the Society (minimum £1billion Assets) and is grounded upon the strict regulatory regime with which all building societies must comply. The Council has a policy of not lending more than £4million of its surplus balances to any one institution, although with Government backed banks the limit is £8million, with no more than 50% held as non-specified investments i.e. investments with a period to maturity of more than one year or placed with an institution without a formal credit rating.

The following analysis summarises the Council's potential maximum credit risk exposure, based on the experience gathered over the last five financial years, on the level of default on loans and receivables and adjusted for current market conditions:

	Value at 31 March 2015 £000	% Default based on previous experience	% Default adjusted for current market conditions	Estimated maximum exposure to default £000
Deposits with banks and other financial institutions	20,277	Nil	Nil	0
Gross Operational Debtors	3,890	27.57%	33.47%	1,302
				1,302

The percentage defaults shown in the above table are high due to the potential bad debt provision of £1,251,000 in relation to Housing Benefit overpayments. The remainder of the bad debt provision relates to sundry debtors and car park fines.

The Council does not expect any losses in respect of non-performance by counter-parties in relation to its wholesale deposits.

The Council does not generally allow credit to its customers. The current value at 31 March 2015 of outstanding debt excluding Housing Benefit Overpayments is £0.927million. Of this amount £0.570 million is past its due date for payment. The aged-debt analysis of this sum is as follows:

2013/14 £000		2014/15 £000
640	Less than 3 months	523
27	3-5 months	11
45	More than 5 months	36
712	Total	570

During the period the movement on the bad debt provision that related to customers including Housing Benefit Overpayments was as follows:

2013/14 £000		2014/15 £000
886	Opening Balance	1,106
(4)	Write Offs in Year	(73)
224	(Decrease)/Increase to Provisions	269
1,106	Closing Balance	1,302

(h) Liquidity Risk

As the Council has ready access to borrowing from either the Public Works Loans Board, or from other financial institutions in the money market, there is no significant risk that it will be unable to raise finance to meet its commitments under financial instruments. The major risk facing the Council is that it will be bound to refinance nearly all of its borrowing in 2020, when interest rates may be less favourable than at present. However the current policy of the Council is not to refinance any of this debt at the moment due to the significant redemption premium it would be required to pay to the lender. This position will be reviewed as the loan moves nearer to maturity in the light of interest rates prevalent at the time. There are no other identified borrowing requirements in place at 31 March 2015.

The maturity analysis of loans and borrowings within financial liabilities is as follows:

2013/14 £000		2014/15 £000
483	Less than 1 year	483
0	1 - 2 years	0
0	2 - 5 years	0
15,000	Over 5 years	15,000
15,483	Total	15,483

(i) Market Risk

The Council is exposed to some risk due to movements in interest rates on its loans and investments. As nearly all of the Council's borrowing and investments have been placed at fixed rates, this risk has to a large extent been minimised. Nevertheless, there remain some risks:

- An increase in interest rates will result in a fall in the fair value of borrowings and investments.
- A decrease in interest rates will result in a rise in the fair value of borrowings and investments.
- The value of interest received from investments will rise or fall depending on increases and decreases in interest rates and will impact on the Comprehensive Income and Expenditure Statement.

Borrowings and investments are not carried in the Balance Sheet at fair value, so nominal gains and losses on fixed rate financial instruments have no impact on the Comprehensive Income and Expenditure Statement.

If interest rates had been 1% higher and all other variables were held constant the financial effect would have been:

	£000
Increase in interest payable on variable rate borrowings	0
Increase in interest receivable on variable rate investments	0
Impact on Surplus/Deficit on provision of services	0
Decrease in Fair Value of investments (Excluding Property Fund)	(77)
Decrease in Fair Value of Borrowings	(848)

The approximate impact of a fall in interest rates by 1% would have had the same impact as above, but would have reversed the movements.

The Council carries out its borrowing and investment function within parameters set out in its Treasury Management Strategy, which assesses interest rate exposure to feed into the budget process. Forecasts are updated regularly throughout the year, which allows any significant changes to interest rates to be reflected in current budget projections. The Treasury Management Strategy also advises on the limits for new variable and fixed-rate borrowing for the year. No new borrowing was undertaken in 2014/15.

4.37 Inventories

	Consumable Stores	Maintenance Materials	Total
2014/15	£000	£000	£000
Balance outstanding at 1 April	43	16	59
Purchases	369	23	392
Recognised as an expense in the year	(315)	(23)	(338)
Written off balances	1	0	1
Balance outstanding at 31 March	98	16	114

	Consumable Stores	Maintenance Materials	Total
2013/14 Comparative Figures	£000	£000	£000
Balance outstanding at 1 April	45	15	60
Purchases	261	22	283
Recognised as an expense in the year	(264)	(24)	(288)
Written off balances	1	3	4
Balance outstanding at 31 March	43	16	59

4.38 Construction Contracts

At 31 March 2015 the Council was carrying out no construction contracts.

4.39 Short Term Debtors

2013/14 £000		2014/15 £000
2,332	Central Government Bodies	388
525	Other Local Authorities	598
12	NHS Bodies	1
3,403	Bodies external to government	3,594
(1,244)	Bad debt provisions	(1,460)
5,028	Total	3,121

4.40 Cash and Cash Equivalents

2013/14 £000		2014/15 £000
(1,947)	Cash and Bank	203
150	Short Term Investments with maturity of less than 3 months	935
(1,797)	Total	1,138

4.41 Assets Held for Sale

2013/14 £000		2014/15 £000
470	Balance outstanding at 1 April	190
(30)	Revaluation losses	0
(250)	Disposals	(190)
190	Balance outstanding at 31 March	0

4.42 Short and Long Term Creditors

2013/14 £000	Short Term Creditors	2014/15 £000
(1,528)	Central Government Bodies	(1,087)
(682)	Other Local Authorities	(985)
0	NHS Bodies	0
0	Public Corporations and trading funds	(18)
(1,963)	Other Entities and Individuals	(4,410)
(147)	Employee Benefits	(160)
(4,320)	Total	(6,660)

Long Term Creditors relate to Section 106 agreements received that will be payable after 12 months. These are funds that have been received as part of planning consents agreed by the Council for further amenity work and projects that will be ongoing as part of a development. The long term element of these amounts to £926,954 in 2014/15 (2013/14: £1,109,305).

4.43 Provisions

The movement in the level of provisions held by the Council during 2014/15 is as follows: -

	1 April 2014	Additions in year	Used in year	31 March 2015
	£000	£000	£000	£000
Insurance Claims	368	0	(40)	328

Cemeteries Perpetuity Fund	75	0	0	75
Land Charges Provision	69	100	(5)	164
Rickergate Properties Ringfenced Account	111	37	0	148
Revenues & Benefits Provision	0	290	0	290
Other Provisions	71	10	(8)	73
Business Rate Appeals (City Council Share)	808	562	(560)	810
Total	1,616	999	(613)	2,002
Split as:				
Falling due within 1 year	1,288	562	(600)	1,250
Falling Due after 1 year	328	437	(13)	752

(i) Insurance Claims

The Council has established a provision totalling £328,000 to meet insurance claims arising from public liability, employer's liability, motor vehicle and other claims. This figure is based on the estimated gross value of claims against the Council at 31 March 2015 and the insurance provision will therefore cover this value in full. However it is expected that £232,000 will be reimbursed by the Council's insurers and through other third party claims. It is difficult to predict the expected timings of any outflows relating to insurance claims due to their complicated nature.

(ii) Municipal Mutual Insurance (MMI)

The Council has a liability under the scheme of arrangement entered into following the transfer of the assets and goodwill of MMI Ltd. to Zurich Municipal on the 1 April 1993. The liabilities of MMI Ltd. were not, however, transferred to Zurich Municipal and the company is exploring ways in which these liabilities can be transferred to another insurance company to enable MMI Ltd. to be wound up. During 2012/13 the Scheme of Arrangement was triggered giving rise to a liability for the Council. At 31 March 2015 the estimated maximum amount liable to clawback, in the event of the scheme being triggered, was £874,000. An initial levy of 15% was set by the Scheme administrators, Ernst and Young although there are indications from the Scheme Administrators that this could rise up to 28% in order to achieve a solvent run off for MMI. As such the Council established an initial provision of £175,000 to cover these liabilities. The first 15% was paid within 2013/14 and totalled £131,000. A further additional £70,000 was added to the provision in 2013/14 to take the total provided for up to the 28%. There has been no further call on this provision in 2014/15.

(iii) Other Provisions**a. Business Rate Retention Appeals**

An appeals provision has been established in accordance with the new scheme. The City Council share of the outstanding appeals is £809,578 and this is also reflected in the Collection Fund Statement. The overall provision for appeals within the Collection Fund is £2,023,945.

b. Cemeteries Perpetuity Fund

This fund is used to maintain and repair cemetery headstones where owners cannot be contacted. It was agreed in 2009 to use the fund to carry out essential repair work on memorials.

c. Land Charges Provision

A provision set up to meet the potential liabilities of claims relating to potential refunds of personal search fees.

d. Revenues & Benefits Provision

This provision is the balance of grants received in relation to additional workload anticipated as a result of welfare changes introduced and changes in demand for the service.

e. Rickergate Properties Ringfenced Account

This provision was previously held as a creditor and represents the net income from properties purchased in Rickergate with funds from North West Development Agency. The Homes and Communities Agency have now taken over control of this scheme and have informed the Council that this income does not need to be repaid to it as was previously the case, and can be used to fund any future costs on the scheme with their approval.

f. Other Provisions

The Council holds other minor provisions for liabilities with uncertain timing or amounts.

4.44 Unusable reserves

(a) Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

- Revalued downwards or impaired and the gains are lost
- Used in the provision of services and the gains are consumed through depreciation, or
- Disposed of and the gains are realised

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

2013/14 £000		2014/15 £000
20,495	Balance at 1 April	25,118
5,804	Upward Revaluation of Assets	1,845
(899)	Downward Revaluation of assets and impairment losses not charged to the Surplus/Deficit on Provision of Services	(462)
4,905	Surplus or Deficit on Revaluation of Non Current Assets not posted to the Surplus or Deficit on Provision of Services	1,383
(174)	Difference between Fair Value Depreciation and Historic Cost Depreciation	(262)
(108)	Accumulated gains on assets sold or scrapped	(4)
25,118	Balance at 31 March	26,235

(b) Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisitions, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction and enhancement.

The Account contains accumulated gains and losses on Investment Properties and gains recognised on donated assets that have yet to be consumed by the Council.

The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date the Revaluation reserve was created to hold such gains.

Note 4.4 provides details of the source of all the transactions posted to the Account.

2013/14 £000		2014/15 £000
127,281	Balance at 1 April	118,352
	Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement	
(2,086)	Charges for depreciation and impairment of non-current assets	(2,140)
(60)	Amortisation of Intangible Assets	(60)
(1,171)	Revaluation losses on Property, Plant and Equipment	(1,590)
(899)	Revenue Expenditure Funded from Capital under Statute	(1,961)
(1,082)	Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the CIES	(3,453)
(5,298)		(9,204)
282	Adjusting Amounts written out of the Revaluation reserve	266
(5,016)	Net written out amount of the cost of non-current assets consumed in the year	(8,938)
122,265		109,414
	Capital Financing Applied in the year	
1,394	Use of Capital Receipts Reserve to finance new capital expenditure	1,073
1,042	Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement that have been applied to capital financing	3,315
98	Application of grants to capital financing from the Capital Grants Unapplied Account	0
240	Statutory provision for the financing of capital investment charged against the General Fund	303
382	Capital expenditure charged against the General Fund	288
3,156		4,979
(7,079)	Movements in the market value of Investment Properties debited or credited to the Comprehensive Income and Expenditure Statement	(464)
10	Movement in Donated Assets Account credited to the Comprehensive Income and Expenditure Statement	26
118,352	Balance at 31 March	113,955

(c) Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Authority has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

2013/14 £000		2014/15 £000
(44,445)	Balance at 1 April	(33,645)
12,587	Remeasurements of the net defined benefit liability/(asset)	(11,128)
(4,621)	Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	(4,010)
2,834	Employer's pensions contributions and direct payments to pensioners payable in the year	2,934
(33,645)	Balance at 31 March	(45,849)

(d) Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax income and non-domestic rates income in the Comprehensive Income and Expenditure Statement as it falls due from council tax payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

2013/14 £000		2014/15 £000
65	Balance at 1 April	(112)
(177)	Amount by which council tax income and non domestic rates income credited to the Comprehensive Income and Expenditure Statement is different from council tax income calculated for the year in accordance with statutory requirements	(228)
(112)	Balance at 31 March	(340)

(e) Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, e.g., annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

2013/14 £000		2014/15 £000
(80)	Balance at 1 April	(147)
80	Settlement or cancellation of accrual made at the end of the previous period	147
(147)	Amounts accrued at the end of the current year	(160)
(67)	Amounts by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration charged in the year in accordance with statutory requirements	(13)
(147)	Balance at 31 March	(160)

(f) Available for Sale Reserve (Financial Instruments)

The Available for Sale Financial Instruments Reserve contains the gains made by the Council arising from increases in the value of its investments that have quoted market prices or otherwise do not have fixed or determinable payments. The balance is reduced when investments with accumulated gains are:

- Revalued downwards or impaired and the gains are lost;
- Disposed of and the gains are realised

2013/14 £000		2014/15 £000
0	Balance at 1 April	0

	Explanation of Movements in year	
1,567	Increase in underlying need to borrow (unsupported by Government Finance Assistance)	1,716
1,567	Increase/(decrease) in Capital Financing Requirement	1,716

4.46 Leases

The Council acts as lessor in respect of land and property owned by it and leased to tenants, and for sub-leases on contract hire cars supplied to its staff. The value of the income from rents associated with these agreements, and included within the Council's Comprehensive Income and Expenditure Statement in 2014/15 was £4.475m (£4.389m 2013/14). At 31 March 2015 the minimum lease payments under operating leases and contract hire agreements were as follows:

2014/15	Leased Cars £000	Property Leases £000	Total £000
Not later than 1 year	0	561	561
Later than 1 year and not later than 5 years	0	1,875	1,875
later than 5 years	0	32,400	32,400
Total	0	34,836	34,836

2013/14	Leased Cars £000	Property Leases £000	Total £000
Not later than 1 year	0	488	488
Later than 1 year and not later than 5 years	1	1,715	1,716
later than 5 years	0	32,720	32,720
Total	1	34,923	34,924

The capital value held within the balance sheet at 31 March 2015 in respect of land and property generating leasehold income is £87.509million (£88.411million 2013/14). This figure represents the gross value of the Investment Properties and as these are non-operational fixed assets, they are not subject to a depreciation charge. The total contingent rents recognised as income in the period were £2,505,030. (2013/14: £2,536,030).

(a) Operating Leases

Total operating lease rentals paid in 2014/15 amounted to £75,783 (2013/14: £48,402). At 31 March 2015 the minimum lease payments under operating leases and contract hire agreements was as follows:

Payments due:	Leased Cars £000	Total £000
Not later than 1 year	8	8
Later than 1 year and not later than 5 years	4	4
Total	12	12

Payments due:	Leased Cars £000	Total £000
Not later than 1 year	3	3
Later than 1 year and not later than 5 years	11	11
Total	14	14

The Council sub-leases contract hire cars to staff. There were no total future subleases payments expected to be received under non cancellable subleases at 31 March 2015 (2013/14 £1,069). There are no contingent rents associated with any of the leases.

4.47 Disclosure of Net Pension Assets/Liabilities

As part of the terms and conditions of employment of its officers, the Council offers retirement benefits. Although these will not become payable until relevant employees retire, the Council has a commitment to make the payments that should be disclosed at the time that employees earn their future entitlement.

The Council participates in the Local Government Pension Scheme as administered by Cumbria County Council. This is a funded defined benefit final salary scheme which means that both the Council and employees, who are members of the Scheme, pay contributions into a fund independent of the Council's own assets. The contributions are calculated at a level estimated to balance the pension liabilities with investment assets.

The principal risks to the Council of the scheme are the longevity assumptions, statutory changes to the scheme, structural changes to the scheme (i.e. large-scale withdrawals from the scheme), changes to inflation, bond yields and the performance of the equity investments held by the scheme. These are mitigated by to a certain extent by the statutory requirements to charge to the General Fund the amounts required by statute as described in the accounting policies note.

The cost of retirement benefits is recognised in the Net Cost of Services when they are earned by employees, rather when the benefits are eventually paid as pensions. However, the charge that is made against council tax is based on the cash payable in the year, resulting in the real cost of providing retirement benefits being reversed out in the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the Movement in Reserves Statement during 2014/15.

2013/14 £000		2014/15 £000
	Comprehensive Income and Expenditure Statement	
	<u>Net Cost of Services</u>	
2,649	Current Service Costs	2,391
164	(Gains)/Losses from Settlements	204
	<u>Financing and Investment Income & Expenditure</u>	
1,808	Net Interest Expense	1,415
4,621	Total Post Employment Benefits charged to Surplus or Deficit on Provision of Services	4,010
	<u>Other Comprehensive Income and Expenditure</u>	
	Remeasurements of the net defined benefit liability comprising:	
(1,053)	Return on Plan Assets (excluding the amount included in the net interest expense)	(11,959)
2,589	Actuarial Gains and losses arising on changes in demographic assumptions	0
(9,776)	Actuarial gains and losses arising on changes in financial assumptions	23,087
(4,347)	Other	0
(12,587)	Total Other Comprehensive Income & Expenditure	11,128
(7,966)	Net Charge to the Comprehensive Income & Expenditure Statement	15,138
	Movement in Reserves Statement	
4,621	Reversal of net charge made for retirement benefits in accordance with IAS 19	4,010
(2,834)	Actual amount charged against the General Fund Balance for pensions in the year	(2,934)
1,787	Contribution (to) / from Pension Reserve	1,076

(a) Assets and Liabilities in relation to Retirement Benefits

Reconciliation of present value of the scheme liabilities (Defined Benefit Obligation):

31 March 2014 £000		31 March 2015 £000
152,605	Benefit Obligation at beginning of period (1 April)	145,505
2,594	Current Service Cost	2,334
6,313	Interest on Pension Liabilities	6,296
708	Member Contributions	731
	Remeasurement (Gains) and Losses:	
2,589	Actuarial Gains/losses arising from changes in demographic assumptions	0
(14,123)	Actuarial Gains/Losses arising from changes in financial assumptions	23,087
164	Losses/(Gains) on Curtailments	204
(5,345)	Benefits/transfers paid	(5,505)
145,505	Benefit Obligation at end of period (31 March)	172,652

Reconciliation of the Movement in Fair Value of the scheme (Plan assets):

31 March 2014 £000		31 March 2015 £000
108,160	Fair Value of plan assets at beginning of period (1 April)	111,860
4,505	Interest on Plan Assets	4,881
	Remeasurement gain/(loss):	
1,053	The return on plan assets, excluding the amount included in the net interest expense	11,959
(55)	Other - Administration Expenses	(57)
2,834	Employer Contributions	2,934
708	Member Contributions	731
(5,345)	Benefits/transfers paid	(5,505)
111,860	Fair Value of plan assets at end of period (31 March)	126,803

Pension Assets and Liabilities recognised in the Balance Sheet:

The amount included in the Balance Sheet arising from the Council's obligation in respect of its defined benefit plan is as follows:

31 March 2014 £000		31 March 2015 £000
145,505	Present value of the defined benefit obligation	172,652
(111,860)	Fair Value of Plan Assets	(126,803)
33,645	Net Liability arising from defined benefit obligation	45,849

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the Balance Sheet date. Expected returns on equity investments reflect long-term real rates of return experienced in the respective markets.

The actual return on scheme assets in the year was a gain of £16,841,000 (2013/14: a gain of £7,831,000).

(b) Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. The Council's liabilities within the Cumbria County Council Pension Fund have been assessed by Mercer Human Resource Consulting Ltd, an independent firm of actuaries, with estimates being based on the latest full valuation of the scheme as at 31 March 2014.

The main assumptions used in their calculations are:

2013/14		2014/15
	Long-term expected rate of return on assets in the scheme:	
7.00%	Equity investments	6.50%
3.40%	Government Bonds	2.20%
4.30%	Other Bonds	2.90%
6.20%	Property	5.90%
0.50%	Cash/Liquidity	0.50%
	Mortality assumptions:	
	Longevity at 65 for current pensioners:	
23.00	Men	23.00
25.50	Women	25.60
	Longevity at 65 for future pensioners:	
25.70	Men	25.80
28.70	Women	28.80
2.40%	Rate of Inflation (CPI)	2.00%
3.90%	Rate of Increase in Salaries	3.50%
2.40%	Rate of increase in Pensions	2.00%
4.40%	Rate of discounting Scheme Liabilities	3.20%

Assets in the Cumbria Local Government Pension Scheme are valued at fair value, mainly market value for investments, and consist of the following categories by proportion:

2013/14			2014/15	
£000	Expected Return		£000	Expected Return
64,656	7.00%	Equity Investments	66,952	6.50%
17,450	3.40%	Government Bonds	23,332	2.20%
12,528	4.30%	Bonds	9,383	2.90%
7,942	6.20%	Property	13,441	5.90%
6,599	0.50%	Cash/Liquidity	4,438	0.50%
2,685		Other Assets	9,257	
111,860			126,803	

(c) Impact on the Council's Cash Flow

The objectives of the scheme are to keep employers' contributions at as constant a rate as possible. The County Council has agreed a strategy with the scheme's actuary to achieve a funding level of 100% over the next 3 years. Funding levels are monitored on an annual basis. The next triennial valuation is due to be completed on 31 March 2016.

The scheme will need to take account of the national changes to the scheme under the Public Pensions Services Act 2013. Under the Act, the Local Government Pension Scheme in England and Wales and the other main existing public service schemes may not provide benefits in relation to service after 31 March 2014. The Act provides for scheme regulations to be made within a common framework, to establish new career average revalued earnings schemes to pay pensions and other benefits to certain public servants.

The authority anticipated to pay £2,521,285 expected contributions to the scheme in 2014/15.

The weighted average duration of the defined benefit obligation for scheme members is 18 years in 2014/15 (18 years 2013/14).

The annual report of the Cumbria Local Government Pension Scheme is available from Cumbria County Council, The Courts, Carlisle.

4.48 Trust Funds

The City Council holds the accumulated balances of two bequests for which it is the sole trustee. The transactions and balances for these bequests are included in the movement of provisions in the Council's financial statements. The bequests for which the Council is sole trustee are shown below.

Bequest	Purpose	2014/15 Income £	2014/15 Expenditure £	Assets at 31 March 2015 £	Liabilities at 31 March 2015 £
Parker	Established in 1954 to benefit disabled children and other young residents of the city	2	0	1,342	0
District Nurses Amenity Fund	Established to provide amenities for nurses' homes and retirement allowances to nurses	8	0	7,165	0
Total		10	0	8,507	0

The Council also holds balances for two other charities, which it administers on behalf of the trustees. The transactions and balances for these charities are excluded from the Council's financial statements. These balances are: -

Charity	Purpose	2014/15 Income £	2014/15 Expenditure £	Assets at 31 March 2015 £	Liabilities at 31 March 2015 £
Mary Hannah Almshouses	Registered Housing Association	20,682	19,381	318,631	4,740
Carlisle Educational Charity	To provide grants to students	11,145	10,620	212,579	0
Total		31,827	30,001	531,210	4,740

4.49 Contingent Assets

(a) **Riverside (formerly Carlisle Housing Association (CHA))**

At 31 March 2015 £175,850 (31 March 2014 £416,452) was due from Riverside under the terms of the Preserved Right to Buy (PRTB) sharing agreement made as part of the transfer of the Council's housing stock in 2002. This has been accrued into the 2014/15 accounts and has been reflected in the total for capital receipts received in the year. Under the terms of the transfer the City Council will receive an agreed proportion of PRTB receipts for the first 15 years of the contract.

4.50 Contingent Liabilities

(a) **Home Housing Association**

During 1992/93 the City Council entered into a joint scheme with Home Housing Association to secure the development of two sites at Heysham Nursery and Gelt Road, Brampton to provide houses to rent. To fund the development programme, Home

Housing Association have raised a total of £100million through a stock issue, which will mature in 2037. In order to enable Home Housing Association to raise private finance from institutional investors all participating authorities, of which there were 29 in total, were required to enter into a standard form of guarantee in which they jointly and severally guarantee the loan stock raised by Home Housing Association. The maximum liability of each authority under the guarantee is £100million but because the liability is jointly and severally guaranteed, authorities would obviously not be prepared to expose themselves to the risk, however remote, of having to meet the full liability of the stock issue under their individual guarantee. Accordingly there is a counter indemnity and contribution arrangement whereby each participating authority undertakes to reimburse any other authority, or authorities, paying more than their proportionate share of the guarantee. An authority's proportionate share is determined by reference to the estimated development expenditure in that authority's area. If the guarantee were called in, the worst situation for this Council would be that once it had recovered any contribution from other authorities it would be left to fund no more than the cost of the development in its own area. The guarantee figure as at 31 March 2015 was £2,299,000. This cost would be offset wholly, or partly, by the sums recovered from repossessing the units from Home Housing Association and selling them on.

(b) Riverside (Formerly Carlisle Housing Association (CHA))

On 9 December 2002 the City Council completed the transfer of its housing stock to Riverside. Under the terms of the transfer the City Council is committed to providing, from the date of transfer, certain environmental and non-environmental warranties in favour of Riverside and lenders to the Association for periods of 25 years and 18 years respectively. The Council has insurance cover in place to meet the cost of claims arising from any breach of the environmental warranties in the first 12 years following the date of transfer. The reserve to the value of £488,000 which was set up to meet the future cost of insurance premiums in years 13 to 25 (£292,000) and the potential costs of any future claims (£196,000) was transferred into the General Fund Balance during 2014/15. In the period from the date of the transfer to 31 March 2015, the Council has not received any claims in respect of either environmental or non-environmental warranties.

(c) Environmental Enhancements

The Council recognises its responsibilities in relation to potential contamination works in the Carlisle area. Any potential works required would be included in the Council's capital programme as required.

(d) Business Rate Appeals

A provision has been included within the Collection Fund in relation to likely appeals made against Business Rates up to 31 March 2015. Local businesses can still appeal against the 2010 rating list in 2015/16 and beyond, however this is limited to periods after 1 April 2015. Due to the uncertainty around these potential appeals no provision has been included in the accounts.

4.51 Events after the Balance Sheet Date

The Statement of Accounts was authorised for issue by the Director of Resources on 29 May 2015. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2015, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information. One event that has taken place since 31 March relates to the TUPE transfer of staff to Copeland and Allerdale Borough Councils in relation to the ceasing of the Revenues and Benefits Shared Service. In total 63 staff transferred from the employment of the City Council with 54 staff remaining.

4.52 Authorisation for Issue

The draft Statement of Accounts were authorised for issue on 29 May 2015 by the Director of Resources, Peter Mason CPFA. The audited Statement of Accounts were re-authorised for issue on 22 September 2015 by the Financial Services & HR Manager, Alison Taylor CPFA for approval by the Audit Committee at its meeting on 25 September 2015. This is the date up to which post balance sheet events have been considered.

Cash-Flow Statement

4.53 Cash Flow Statement – Operating Activities

2013/14 £000		2014/15 £000
10,410	(Surplus) / Deficit on the Provision of Services	3,955
	Adjustments to the net surplus or deficit on the provision of services for non cash movements

SECTION 5 – SUPPLEMENTARY FINANCIAL STATEMENTS

5.1 The Collection Fund

The Collection Fund, established under the Local Government Finance Act 1988 (as amended), is an agent's statement that reflects the statutory obligation for billing authorities to maintain a separate Collection Fund. The statement shows the transactions of the billing authority in relation to the collection from taxpayers and distribution to local authorities and the Government of council tax and non-domestic rates.

2013/14 Council Tax £000		2014/15 Council Tax £000
48,548	Amounts required by statute to be credited to the Collection Fund Council Tax (showing the amount receivable, net of benefits discounts for prompt payment and transitional relief)	49,624
48,548	Total Income	49,624
	Amounts required by statute to be debited to the Collection Fund	
	Precepts and demands from Major Preceptors and the Authority - Council Tax	
35,984	Cumbria County Council	36,331
6,340	Police and Crime Commissioner for Cumbria	6,524
6,394	Carlisle City Council	6,459
	Impairment of debts/appeals for Council Tax	
(80)	Write Offs of uncollectable amounts	(101)
(28)	Allowance for Impairment	241
36	Contribution towards previous year's estimated Collection Fund Surplus - Council Tax	36
48,646	Total Expenditure	49,490
492	Opening Fund Balance - Council Tax Surplus/(Deficit)	394
394	Closing Fund Balance - Council Tax Surplus/(Deficit)	528
(98)	Movement on Fund Balance - Council Tax	134

2013/14 Non-Domestic Rates £000		2014/15 Non-Domestic Rates £000
41,345	Amounts required by statute to be credited to the Collection Fund Non Domestic Rates (showing the amount receivable, net of discretionary and mandatory reliefs)	41,141
41,345	Total Income	41,141
	Amounts required by statute to be debited to the Collection Fund	
	Shares of Non- Domestic rating income to major preceptors and the (billing) authority - Non-Domestic Rates	
3,891	Cumbria County Council	4,139
15,565	Carlisle City Council	16,556
19,456	Central Government	20,695
138	Transitional Protection payments non-domestic rates	276
181	Charge to General Fund for allowable collection costs for Non-Domestic Rates	181
0	Disregarded Amounts - Renewable Energy Schemes	17
	Impairment of debts/appeals for Non-Domestic Rates	
441	Write Offs of uncollectable amounts	317
60	Allowance for Impairment (Bad Debts)	25
2,021	Movement in Provision for Appeals	3
0	Contribution towards previous year's estimated Collection Fund Surplus - Non-Domestic Rates	(414)
41,753	Total Expenditure	41,795
0	Opening Fund Balance - Non-Domestic Rates	(408)
(408)	Closing Fund Balance - Non Domestic Rates Surplus/(Deficit)	(1,062)
(408)	Movement on Fund Balance - Non Domestic Rates	(654)

The Summary of the Collection Fund Balances is as follows:

2013/14 £000		2014/15 £000
0	Opening Fund Balance - Surplus/(Deficit) - Non-Domestic Rates	(408)
492	Opening Fund Balance - Surplus/(Deficit) - Council Tax	394
492	Total Opening Collection Fund Balance	(14)
(408)	Movement on Collection Fund - Non-Domestic Rates	(654)
(98)	Movement on Collection Fund - Council Tax	134
(506)	Total Movement on Collection Fund Balance	(520)
(408)	Closing Fund Balance - Surplus/(Deficit) - Non-Domestic Rates	(1,062)
394	Closing Fund Balance - Surplus/(Deficit) - Council Tax	528
(14)	Total Closing Collection Fund Balance - Surplus/(Deficit)	(534)

5.2 Notes to the Collection Fund

Council Tax

On the basis that surpluses and deficits are shared with the County Council and the Police and Crime Commissioner for Cumbria, the Council has accounted for the Collection Fund balance in its 2014/15 Statement of Accounts as follows:

- The £528,223 surplus is accounted for in line with the Code of Practice 2013 guidance, with the Council acting as the major precepting authorities' agent in the collection of Council Tax. The £68,266 Carlisle share of the surplus is shown as a balance on the Collection Fund adjustment Account. The £389,975 share is attributable to the County Council and the £69,982 attributable to the Police & Crime Commissioner is used in the calculation for the difference in cash collected on behalf of the precepting authorities and that paid out to them and the corresponding year end debtor or creditor in the Balance Sheet.

Non Domestic Rates

On the basis that surpluses and deficits are shared with Central Government and the County Council, the Council has accounted for the Collection Fund balance in its 2014/15 Statement of Accounts as follows:

The £1,062,399 deficit is accounted for in line with the Code of Practice 2013 guidance, with the Council acting as the major precepting authorities' agent in the collection of Business Rates. The £424,960 Carlisle share of the deficit is shown as a balance on the Collection Fund adjustment Account. The £531,199 share is attributable to Central Government and the £106,240 attributable to the County Council is used in the calculation for the difference in cash collected on behalf of the precepting authorities and that paid out to them and the corresponding year end debtor or creditor in the Balance Sheet.

Council Tax base calculation

The council tax base set for 2014/15, as a Band D equivalent, was as follows:

Band	No. of Properties	Ratio	Band D Equivalent
Disabled	40.00	5/9	22.22
A	13,500.17	6/9	9,000.11
B	9,418.63	7/9	7,325.60
C	6,362.39	8/9	5,655.46
D	4,663.34	9/9	4,663.34
E	2,319.52	11/9	2,834.97
F	978.90	13/9	1,413.96
G	318.88	15/9	531.46
H	19.75	18/9	39.50
	37,621.56		31,486.62
Second Homes	162.19		162.19
Relevant Amount	37,459.37		31,324.43
Estimated Collection Rate			98.50%
Council Tax Base = Relevant Amount (Band D Equivalent) x Collection Rate			30,854.56

Income from Business Ratepayers

National Non-Domestic Rates (NNDR) are paid by businesses. The Government specifies an annual rate in the pound (48.2p in 2014/15), and local businesses pay an annual NNDR bill calculated by multiplying the rateable value of their business premises by this annual rate. The Council is responsible for collecting rates due from the ratepayers in its areas

The total rateable value for the Council's area was £105,773,236 for the year 2014/15 (£105,817,481 in 2013/14).

Billing and Precepting Authorities

Carlisle City Council is the billing authority for council tax and NNDR bills and therefore collects all the income due for the year. The Council pays over to Cumbria County Council and Cumbria Police Authority amounts they have requested to provide their services in the Council area. These sums are known as precepts and for 2014/15 the values were: -

2013/14 £		2014/15 £
6,394,198	Carlisle City Council	6,458,881
35,984,366	Cumbria County Council	36,330,942
6,339,750	Cumbria Police Authority	6,524,444

Included in the amount for the City Council is a precept of £424,140 (2013/14: £399,350) which is collected on behalf of Parish Councils. This is paid in full directly from the Councils Comprehensive Income and Expenditure Statement.

SECTION 6 – ANNUAL GOVERNANCE STATEMENT

Scope of Responsibility

Carlisle City Council ('the Council') is responsible for ensuring that its business is conducted in accordance with the law and proper and appropriate standards, and that public money is safeguarded, properly accounted for, and used economically, efficiently and effectively. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs and facilitating the effective exercise of its functions, including arrangements for the management of risk.

The Council has approved and adopted a local Code of Corporate Governance ("the Code"), which is consistent with the principles of the CIPFA/Solace Framework '*Delivering Good Governance in Local Government*'. A copy of the Code can be obtained from the Council's Director of Resources. The Council has also recognised the requirements of the 2010 CIPFA application note '*Statement on the Role of the Chief Financial Officer in Local Government*' and the CIPFA Statement on the '*Role of the Head of Internal Audit (2010)*'.

This statement explains how the Council has complied with the Code and application note and also meets the requirements of regulation 4 (3) of the Accounts and Audit Regulations 2011 in relation to the publication of a statement on internal control – the Annual Governance Statement.

The Purpose of the Governance Framework

The governance framework comprises the systems, processes, culture and values by which the Council is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate cost-effective services.

The system of internal control is a significant part of the Council's framework and is designed to enable it to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore provide only reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to:

- identify and prioritise the risks to the achievement of the Council's policies, aims and objectives;
- to evaluate the likelihood of those risks being realised and, if so realised, their impact; and,
- to manage the identified risks efficiently, effectively and economically.

The governance framework has been in place at the Council for the year ended 31 March 2015 and up to the date of approval of the Statement of Accounts for 2014/15.

The Governance Framework

The following are the key elements of the systems and processes that comprise the Council's governance arrangements:

The Council's vision of its purpose and intended outcomes

The Council's vision is proposed by the Executive as part of the Carlisle Plan ("the Plan") which is debated and agreed by full Council. This vision is then communicated through the Carlisle Plan itself, which is a working document for staff and members. An annual report will communicate the outcomes and performance of the Plan to residents and the end of year performance presenting the key outcomes to the Executive and Overview & Scrutiny Panels.

The Council's vision – implications for governance arrangements

The Carlisle Plan is annually reviewed with Members to ensure that the vision and priorities are still relevant and consistent with Members' aspirations. The Carlisle Plan not only contains the Council's vision but also the key objectives to be delivered in support of the overall vision. Arrangements for Overview and Scrutiny are reviewed every year as part of the annual report - thus ensuring consistency with council priorities. Portfolios on the Executive are reviewed every year by the Leader of the Council.

Measuring the quality of service for users

The Council's Service Standards ensures that elected Members and officers monitor performance in key service areas on a regular basis. User satisfaction is measured through a variety of channels and media such as the Carlisle Focus surveys (user and resident). The Council has reached the 'achieving' level of the Equality Framework for Local Government. This external assessment has provided the Council with a detailed report identifying good practice and areas for further improvement and these recommendations have been incorporated into our equality objectives. The impact of key decisions are recorded in each of the Executive papers ensuring that impact assessments form part of all of the Council's key decisions.

Performance in services provided to customers was monitored through management information indicators, highlighting the short and medium term trends which are reported corporately to the Senior Management Team¹. Progress against Carlisle Plan priorities and key actions is reviewed quarterly and reported through the Executive and relevant Overview & Scrutiny Panels.

Service reviews included intensive business process mapping and, where appropriate, benchmarking both processes and output measures against similar authorities.

A new performance framework is being developed using the 2014/15 data as a baseline. With this in mind a Baseline Report has been produced that includes a selection of performance measures from inside and outside of the authority. The measures are not exhaustive and it is recognised that there are service areas that are not represented in the report, but the PRISM project will pick up all areas as 2015/16 progresses.

The Council currently has shared service arrangements in respect of ICT, Revenue and Benefits and Internal Audit. These arrangements have delivered financial savings to the Council whilst also improving the resilience in the services being provided and improving and maintaining services to the public. All of the Shared Services are underpinned by sound,

¹ The Chief Executive, Deputy CEO, s151 Officer, Monitoring Officer and Directors of Local Environment and Economic Development.

documented governance arrangements which encapsulate the agreements between the participating Councils. Assessor staff within the Revenues and Benefits Shared Service who were not originally employees of Carlisle City Council, returned to their respective authorities (Copeland and Allerdale) on 1st August 2015; however further work is required on the IT infrastructure and the Systems & Controls team, which will continue to support Carlisle, Allerdale and Copeland until said further work is complete.

Roles and Responsibilities

The City Council comprises 52 elected Members and holds elections by thirds in three years out of every four. The Council operates executive arrangements under the Local Government Act 2000 and has done so since September 2001. The Council operates the “Strong Leader” model whereby the Council appoints the Leader for a four year period, who then nominates his/her Executive Portfolio Holders and decides the scope of their portfolios and the extent of delegated powers to each.

Currently, the Executive comprises the Leader and five Executive Members, one of whom the Leader is required to nominate as Deputy Leader. The operation of the Executive itself is prescribed by the Executive Procedure Rules set out in the Council’s Constitution. It meets normally on a four-weekly cycle, with the Leader having oversight over both the agenda and the Notice of Key Decisions to be considered by the Executive over the coming month.

The Leader has set out the powers and responsibilities that he has delegated to both Portfolio Holders and Officers in an extensive Scheme of Delegation, incorporated into the Constitution, that he/she reviews at least annually but usually more frequently in practice. Any amended Scheme of Delegation is held within the Governance Directorate and all Members of the Council receive a copy. The document is available to all on the Council’s website. All decisions made by the Executive, whether collectively or individually, are properly recorded and subject to call in and scrutiny by the Council’s Overview and Scrutiny Panels, subject, of course, to the provisions applying to matters deemed urgent.

Under the Executive arrangements, the full Council is responsible for setting the Council’s budget and policy framework within which the Executive must operate. The Council has also established a series of Overview and Scrutiny Panels of which, currently, there are three (Community, Environment & Economy and Resources). These Panels undertake the statutory scrutiny role set out in the Act and assist with examining and commenting on those policies proposed by the Executive for adoption as part of the policy framework. The three Panels are supported by a dedicated Scrutiny Officer who services solely the scrutiny function of the Council to ensure transparency in the process. Each Panel also has a nominated member of the Council’s Senior Management Team to support it in its scrutiny function. The operation of the scrutiny function is set out in the Overview and Scrutiny Procedure Rules in the Council’s Constitution.

The Council’s Constitution reserves only 11 policies to full Council (meaning only Council can change or amend the 11 policy areas) and this means that decisions are able to be taken in a more clear and transparent manner and, from a corporate governance perspective, it is a great deal more certain where responsibility for decision making rests, i.e. with the Council or the Executive.

The executive/scrutiny functions of the Council are supplemented by a number of regulatory Committees, established to deal with development control, licensing and certain non-executive employment matters. Their powers and Terms of Reference are set out in the Constitution, together with the extensive delegated powers given by the Council to both the Committees and officers in respect of the various matters falling within the responsibility of the Committees. These powers are reviewed and approved by the Council annually.

The Council has an officer structure in place with roles, responsibilities and lines of communication clearly defined. Officers are led by the Senior Management Team, which, given the departure of the Director of Community Engagement during 2013/14, now comprises a Chief Executive, a Deputy Chief Executive and four Directors. The Team meets on a fortnightly basis to discuss corporate issues.

Codes of Conduct and Standards

The Council has formally adopted a Code of Conduct for its elected Members together with approved arrangements for dealing with standards matters. These form part of the Council's suite of constitutional documents and all Members undertake to adhere to its provisions (standards of behaviour, declarations of interest, register of gifts/hospitality etc) as part of their Declaration of Acceptance of Office when elected. The new Code of Conduct arrangements have been standardised across Cumbria as far as possible.

Oversight of the Members' Code of Conduct, to ensure both compliance and the proper training of Members, rests with the Council's Standards Committee, which comprises of 7 Members of the City Council who are advised by an Independent Person (appointment of 2 Independent Persons ratified by Council on 16th July 2013). A Parish Member would be invited to attend the Committee if any complaint or matter related to a Parish Member. Training on both the Code itself and the ethical principles behind it is provided to all newly elected Members of the Council as part of the standardised induction process and it will also be available to all members of the Council to participate in. Further training for Members on particular relevant Standards issues is provided by way of follow-up sessions as issues arise.

The Members' Code of Conduct is supplemented by a protocol governing Member and Officer working which was adopted by the Council as an additional guide to the Council's expectations and its cultural approach to the day-to-day working relations between Members and Officers. Training on this, is again, provided as part of the Member Induction Programme. Other supplemental guidance documents, adopted by the Council to assist with probity and best practice, include the Planning Code of Conduct for those Members serving on the Development Control Committee and the Members' Protocol on the Use of IT provided by the Council. Training is again provided in the Member Induction Programme. In-year training is also given to Members of the Development Control and Licensing Committees on the specialist issues and considerations that arise because of the particular work of those Committees.

The Council has its own Code of Officer Conduct. The Code was formally approved by Members in September 2010 and now forms part of the Constitution. There is also a formal Induction procedure for all new staff, supplemented by other information e.g. the Constitution, disciplinary procedures, etc.

During the year, the Council continued to develop and deliver its training schedule for both Members and officers to raise awareness of ethical governance issues across the Council, such as, for example, Procurement & Contracts and Budgetary Control issues. This forms part of the Council's training programme with the Member programme being considered and agreed by the Members' Learning and Development Group. Currently being planned are several e-learning packages so that appropriate training can be targeted at relevant officers.

Standing Orders/Financial Procedure Rules

The Council's Contracts Procedure Rules and Financial Procedure Rules, together with the extent of delegation to officers in these areas, are set out extensively in the Council's Constitution. They define the overarching rules governing procurement by the Council and the powers and constraints on Members and officers in respect of the exercise of financial powers. The core documents, including authorised levels of spend, virement and "key decision" financial limits, are reviewed at least annually (and more frequently if circumstances arise) and updated

by the Council. During the year a project to develop a Directorate Scheme of Sub-Delegations to Officers commenced which will clearly set out any functions and named officers subject to such delegations and any terms and conditions attached to the sub-delegations.

The Contract Procedure Rules were significantly changed during 2010/11 to reflect changes in procurement regulations and particularly electronic procurement and the use of framework agreements. These changes were adopted in October 2010, and as a result the Procurement and Commissioning Strategy was amended in early 2011 with an updated version being approved in October 2014 to reflect legislative changes.

The Council's Risk Management Strategy sets out how the Council approaches risk management. In terms of risk assessment, this is overseen in the Council by a formal Risk Management Group made up of relevant officers and the Portfolio Holder for Finance, Governance and Resources. A representative from the Council's Insurance Brokers/Advisers provides ad-hoc support, as required. The Group, lead by the deputy Chief Executive, oversees the compilation and updating of both the corporate and operational risk registers maintained by the Council, where the main corporate and directorate-specific risks faced by the Council are scored against an agreed matrix and appropriate steps identified to mitigate such risks as far as possible. All risks are monitored through the management monitoring function of Covalent, the Council's performance management system, soon to be transferred to Project Server.

Over the last two years the Council has been able offer Risk Management/Liability workshops and training days to Members, Senior Management and key officers. In 2013/14 this training was delivered by the Council's insurers, Travelers Insurance Co. Ltd. in conjunction with Berryman's Lace Mawer, Solicitors with additional training delivered in 2014/15 on general risk management and also on specific issues such as Event management, lead by our Claims Management Service providers, Gallagher Bassett.

Ensuring Effective Counter-fraud and Anti-corruption Arrangements are Developed and Maintained

The Council has a Counter Fraud and Corruption Policy in place as well as an Anti Money Laundering Policy. These have been reviewed and updated to ensure that the requirements of the Bribery Act 2011 are properly considered in the arrangements and in addition an Anti Bribery Strategy was developed and considered by the Members of the Audit Committee in April 2015 and formally approved by the Executive on 1st June. An e-learning module is under development to support the Council's counter-fraud and corruption suite of policies.

The Council completed the Audit Commission Fraud and Corruption Survey in 2014/15 and work is on-going on the National Fraud Initiatives (NFI).

Ensuring effective management of change and transformation

The Council developed a savings strategy several years ago in order to deliver efficiency savings under the Government's efficiency agenda and has been successful in achieving a significant amount of revenue savings. Its current transformation programme has identified that a further £4.686million of transformational savings must be delivered over the lifetime of the current MTFP 2015/16 – 2018/19. Of this sum £1.092million has been achieved with £1.720million still to be identified by 1st April 2016, with the balance of £1.874million being required for future years.

Managing transformational change effectively is critical to the successful delivery of the transformation programme and the delivery of the wider ambitions set out within the Carlisle Plan. The Deputy Chief Executive and the Director of Resources, supported by SMT, provides accountability for the delivery of the savings strategy thus ensuring that the transformation of Council services is controlled and managed effectively; with appropriate Directors being responsible for delivering individual schemes within the overall programme.

Financial Management Arrangements

The Council has a duty to comply the key principles contained within the revised CIPFA statement of the *'Role of the Chief Financial Officer in Local Government'* and during 2014/15 the Council continued to comply with 5 key principles of the CIPFA statement.

The Director of Resources is the Council's Chief Financial Officer; is a qualified accountant and is a key member of both Senior Management Team (SMT) and Joint Management Team (JMT) and as such, has direct access to the Chief Executive. He leads and directs an adequately resourced, fit for purpose, finance function, comprising of 15 officers, who support him in the proper administration of the Council's financial affairs, including leading the promotion and delivery of good financial management to safeguard public money at all times; to ensure the effective, efficient and economic use of resources; and to ensure that the short and long term implications of all material business decisions are fully considered and aligned to the Council's Medium Term Financial Plan.

The main controls for financial management are set out in the Constitution – these are the Budget and Policy Framework and the Financial Procedure Rules. These cover the arrangements for Financial Management, Financial Planning, Risk Management and Control of Resources, Financial Systems and Procedures and External arrangements. The Council also complies with the Prudential Framework for Local Authority Finance.

The Council has a Medium Term Financial Planning process (MTFP) which integrates budget and corporate planning to match resources to the corporate priorities. The planning and monitoring framework is co-ordinated through the JMT which consists of the Executive Members and SMT. The MTFP for 2016/17 to 2020/21 will be presented to Executive, Resources Overview and Scrutiny Panel (ROSP) and Council between July and September 2015.

Regular meetings are held with identified budget managers from which budget-monitoring reports are prepared for both Capital and Revenue expenditure and considered by the Executive and ROSP. The Council is committed to improving the effectiveness of its budget monitoring arrangements and in strengthening the links between budget and performance monitoring.

The annual Statement of Accounts has been produced to statutory deadlines and year-end actual results are reported against budgets. The summary revenue position is shown within the explanatory foreword, comparing actual results against revised budgets. Out-turn reports produced for revenue and capital expenditure are presented to the Audit Committee and are considered by Executive, ROSP and Council. The Council is committed to making continuous improvements to comply with the Local Authority Code of Practice and International Financial Reporting Standards and preparations are underway for the earlier close down of the accounts for 2017/18.

Ensuring effective arrangements are in place for the discharge of the Monitoring Officer function

The Director of Governance is the Council's Monitoring Officer with the Legal Services Manager acting as his deputy. These officers have a duty to report to the Council and the Executive in any case where they are of the opinion that any proposal, decision or omission will give rise to unlawfulness or if any decision or omission has given rise to or would constitute maladministration.

The Council's Code of Corporate Conduct determines that the Monitoring Officer is 'responsible to the Council for ensuring that agreed procedures are followed and that all applicable statutes and regulations are complied with'. In addition to this, the Monitoring Officer provides a range of

functions relating to the conduct of Councillors (for example maintaining the Register of Members' Interests, Code of Conduct complaints etc), advising the Audit Committee and providing commentary on every report to the Executive and Council. The Monitoring Officer conducts annual reviews of the Council's Constitution and makes recommendations for change, which are adopted by Council in May of each year.

As a member of the Senior Management Team and reporting directly to the Chief Executive, the Monitoring Officer has regular fortnightly meetings (in addition to the actual meetings of SMT) with the Chief Executive and Director of Resources (S151 officer) in order to review current and likely future issues with legal, constitutional or ethical implications; thus ensuring the effective undertaking of his duties. The Authority also provides the Monitoring Officer with sufficient resources to undertake the role as required by the Local Government and Housing Act 1989.

Ensuring effective arrangements are in place for the discharge of the Head of Paid Service function

The Council's Head of Paid Service is the Town Clerk and Chief Executive and contained within the Council's Code of Corporate Governance is the principle of 'Members and Officer working together to achieve a common purpose with clearly defined functions and roles' and 'making the Chief Executive responsible and accountable to the Council for all aspects of operational management'. The Council's Constitution clearly sets out his role and responsibilities in respect of management structures and the discharge of functions by the Council. He will report to Council on:

- the manner in which the discharge of functions is co-ordinated;
- the number and grades of officers required for the discharge of functions;
- the organisation of officers.

He is supported in his role by a deputy and four other Directors, and has regular access to and contact with the Leader of the Council and his Executive, through formal meetings of the Executive and informal Joint Management Team meetings. He supports the Resources Overview and Scrutiny Panels and has direct line management responsibilities for Organisational Development, Policy and Communications, Emergency Planning and Customer Services.

Audit Committee

As a means of ensuring best practice, the Council has established an Audit Committee to oversee the workings of the corporate governance arrangements of the Council and to report to Council on these and related financial probity issues. The Audit Committee operates in accordance with CIPFA's *"Audit Committees – Practical Guidance for Local Authorities"*. This is supplemented by the Council's Standards Committee, established under the Act to be responsible for conduct issues relating to elected Members.

The Council has a duty to comply the key principles contained within the 2010 CIPFA statement of the *'Role of the Head of Internal Audit'* and during 2014/15 the Council continued to comply with 5 key principles of the CIPFA statement.

The Head of Internal Audit for the Internal Audit Shared Service is the Group Audit Manager but the Head of Internal Audit role at participant organisations within the Internal Audit Shared Service is carried out by the relevant Audit Manager.

The scope of internal audit work covers all aspects of the organisation's risk management, internal control and governance frameworks and the Internal Audit annual report feeds in to the preparation of the Council's Annual Governance Statement. Where appropriate, Internal Audit

advises the organisation on emerging risks and may undertake priority risk audit (hot assurance) work on new projects and developments as they take place.

An annual audit opinion is provided to the Audit Committee based on the work undertaken by Internal Audit during the year based on the agreed risk based audit plan which includes a wide range of council operations along with risk management, internal control and governance considerations.

The Audit Manager reports to the Council's section 151 officer through the deputy section 151 officer (the Council's Financial Services & HR Manager) and has access to the Senior Management Team (SMT) and Chief Executive as required. The Audit Manager attends all Audit Committee meetings and has the opportunity for private dialogue with the Chair as appropriate.

The resources available within the Internal Audit Shared Service have been assessed as fit for purpose. This will be subject to regular review going forward by the Group Audit Manager. The audit team has a range of skills and qualifications including AAT, IIA and CCAB.

The Group Audit Manager is CIPFA qualified and has 17 years' experience in Local Government Internal Auditing, ten of these in a management capacity. The Audit Manager is MIIA and CIPFA qualified and has 19 years experience in local government internal auditing, approaching 5 years at team manager level.

Ensuring Compliance with Relevant Laws

Systems are in place to ensure that appropriate legal and financial advice is provided at relevant points in the decision-making process to ensure the vires of decisions made by the Council. All reports to Members requiring a decision incorporate an addendum from both the Directors of Governance and Resources who are the Monitoring Officer and Chief Finance Officer respectively. This ensures that checks are made on the legal and financial consequences of any course of action prior to a decision being made. Both statutory officers are also members of the Joint Management Team and the Senior Management Team to ensure that financial and legal advice is available at the inception of any particular matter and when any issues relating to the Council's powers and duties are under consideration.

Similar representation by legal and financial officers is provided for on Officer Working Groups dealing with relevant policy issues so that a check is maintained on vires and financial issues at that level. Legal representation and advice is also provided as a matter of course at the Development Control, Regulatory and Licensing Committees to ensure that the quasi-judicial functions carried out by those Committees are undertaken lawfully. A legal adviser is also present at meetings of the Audit Committee and Employment Panel and also at any Appeal Panel meetings if necessary.

The Council has a variety of methods of receiving updates in legislative changes. In addition to the departmental roles in keeping up to date with legislative, regulatory and guidance changes, the Council subscribes to a corporate legal updating service which provides for daily updates directly to officers. The usual method of direct notification of legislative changes by Central Government also occurs on an ongoing basis. In addition, the legal services section is in the process of introducing a legal bulletin targeted at client groups.

Complaints and Whistle blowing

The Council operates a formal Corporate Complaints System in accordance with best practice recommended by the Local Government Ombudsman, giving members of the public capacity to complain about aspects of the Council's services with which they may be dissatisfied. The objective of the complaints process is to endeavour to resolve the complaint satisfactorily at

local level, rather than it being referred to the Ombudsman, although this, of course, is always an entitlement of the complainant if they remain dissatisfied with the Council's handling of the matter.

The basis of the corporate complaints process is that the relevant Directorate deals with the complaint initially but, in the event of the complainant still being dissatisfied, the process provides an internal Right of Appeal to, initially, the Chief Executive or nominee and then, if necessary, to a small panel of three elected Members who review the position. This includes a formal hearing at which the complainant may attend, in an endeavour to resolve the matter. Members of the Council's Appeal Panels receive training on the type of matters that they may consider in that role.

The Council has a Confidential Reporting Policy that is available to all members of staff on the Intranet.

Identifying the development needs of Members and senior officers

The Council has a formal appraisal scheme, which is mandatory for all officers, including all senior managers. It is carried out each year and forms part of the review of the Carlisle Plan. Appraisals are recorded in the performance management system and there is monitoring of compliance by SMT along with an annual report to Members of the Resources Overview and Scrutiny Panel which includes the key findings of the biennial Employee Opinion Survey. The management competency framework introduced in 2013/14 was developed further during 2014/15 with the provision of a range of workshops to enhance the skills and knowledge of managers and supervisors to fulfil their roles more effectively whilst promoting the culture, values of the organisation as well as the expected behaviour of all employees.

During 2011/12 a revised framework for Member Learning and Development was introduced following approval of the framework by Council in April 2011. This includes provision for a Member/Leader Review. An analysis of all Members' roles including those of a strategic nature has been undertaken and is used to identify training needs for Members holding or aspiring to strategic office. The framework was fully implemented in 2012/13 and proved to be successful with 40 Members taking part. A report on the training needs identified was produced by Organisational Development and taken to the Member Learning & Development Working Group for discussion and implementation. The success of the scheme also supported the council's application to retain the North West Charter for Members Development, for which we need proof that at least 75% of our Members had completed a Member/Leader Review.

Clear channels of communication

The City Council's Communication Policy and Consultation Policy clearly set out its commitment to high quality, timely, relevant communications and consultation that encourage feedback from all sections of its local communities. These policies underpin the Council's developing Community Empowerment and Engagement Policies that will ensure local peoples' involvement in the design and delivery of more responsive local services. The Council works closely with local groups representing those that are in a minority in our local communities, including those with a disability and ethnic minorities, to ensure that their communications and consultation needs are met.

Enhancing the accountability for service delivery and effectiveness of other public service providers

Whilst the Council continues to deliver most of its key services directly there are a number of areas where services are commissioned. Arrangements are in place, to monitor both the administration of the services and the quality of that service and this information is reported back into the Council and monitored through the Overview and Scrutiny process.

These monitoring arrangements cover all those organisations deemed to be significant 'partnerships'. However many partnerships are actually contractual arrangements and definitions have been reviewed and revised to accommodate future monitoring and reporting requirements. This has formed part of the 2014/15 monitoring process. A key objective of the Carlisle Plan was for a fundamental review of all partnership working currently in operation and these reviews have taken place in tandem.

During 2013/14 and 2014/15 enhanced monitoring arrangements for specific public services were implemented within the Council, and more robust challenges have been made to partners/contractors to ensure that they are fulfilling their obligations and that the service provided continues to meet Members expectations. In respect of shared service agreements, the robust governance arrangements set up at the inception of the shared service continues to ensure that service delivery is effective and meets the 'partners' expectations.

The Council continues to review those organisations which receive grant aid from the Council. Many of these relate to third sector organisations with a significant contribution sum being made to local Community Centres. During 2012/13, the Council introduced the concept of Service Level Agreement that seeks to ensure a level and quality of delivery that meets Council expectations; these SLA's and delivery against them will be reviewed on a regular basis.

Good governance in respect of Partnerships

The Council's key governance arrangements and procedures ensure that partnerships are entered into for the right reasons, all factors/ implications are fully considered as part of the set-up process, the Council's role is clearly defined, expected outputs and outcomes are identified and the appropriate monitoring arrangements are in place. In all, the Council has robust managing arrangements in place and a clear framework in which to operate. It is important to note that whilst these central control mechanisms exist, the actual appliance of and delivery of partnerships is the responsibility of individual service areas. Key control measures are outlined below:

The Council has a robust Partnership Policy in place that provides guidance on the nature and risks of partnerships. This Policy includes a clear definition of a partnership and, more specifically, what constitutes a significant partnership. Responsibilities for setting up, delivering and monitoring partnerships are clearly defined both in the Policy and in general working practices.

The Corporate Partnerships Register, maintained by Financial Services, is the central monitoring tool used to track all partnerships in progress. Consideration is given towards Exit / Succession strategies (if appropriate) at the initial set up and as part of the Annual Review.

A Business Case model, based around good practice measures, is used for all new proposed partnerships. These are considered by SMT. Proposed significant partnerships are also reported to the Executive.

Appendix E of the Council's Financial Procedure Rules contains specific guidance on officers' duties and responsibilities regarding partnerships. A flowchart provides an aid for officers to guide them through the partnership process. Supplementary guidance notes are also in place as well as the availability of one to one training and support to guide officers setting up new partnerships, through to annual reviews.

Operationally, risk assessments are maintained and shared with partners throughout the life of the partnership. Emerging significant risks are brought to the attention of the Council's Risk Management Group. Strategically, the Council manages the potential risk of new and existing partnerships through the Corporate Risk Register. The Corporate Risk Register is reviewed

quarterly by the Risk Management Group and reported to Resources Overview and Scrutiny Panel and the Audit Committee.

Significant partnerships are subject to a robust set of measures. Annual reviews are undertaken for all significant partnerships, which has been extended to include all Shared Service arrangements, the results of which form part of the proposed annual summary reporting on partnership working arrangements. This reporting is co-ordinated by Financial Services and is considered by SMT and the Resources Overview & Scrutiny Panel.

Review of Effectiveness

The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the managers within the Council who have responsibility for the development and maintenance of the governance environment, the Audit Manager's annual report, and by comments made by the External Auditors and other reviewing agencies and inspectorates.

The following processes have been applied in maintaining and reviewing the effectiveness of the governance framework:

An effective Governance Framework is maintained by ensuring that the Council's Constitution is reviewed and up-dated on a regular basis. This includes both the Council's and the Leader's Schemes of Delegation for Directors and Chief Officers, and encompasses and defines the roles of the Council, the Executive and the standing Committees including Overview and Scrutiny, Standards Committee and the Audit Committee.

Regular meetings of the Council and its Committees are held during each year and all reports to the Executive include comments from the Director of Resources (the Council's Chief Financial Officer) and the Director of Governance – the latter also being the Council's Monitoring Officer. The aforementioned Directors also oversee the reports considered by the Council's Regulatory and Audit Committees.

The Council also undertakes a continuous review of its risk-management responsibilities by ensuring that each Directorate maintains an up-to-date Operational Risk Register. Any risks that are considered to affect the Council as a whole are incorporated into the Corporate Risk Register (CRR). This is reviewed and updated by the Corporate Risk Management Group that meets on a regular basis. Progress on the CRR is reported half yearly to Members.

In accordance with the requirements of the CIPFA Code of Practice for Internal Audit, the Audit Manager reports to the Audit Committee on a regular basis, to appraise Members of any emerging control/governance/risk issues. The Audit Manager also presents an annual report that includes a statement of assurance relating to the Council's overall standard of internal control.

A full review of the Council's Code of Corporate Governance has been undertaken and all of the requirements outlined in the CIPFA/SOLACE document "Delivering Good Governance in Local Government" have been assessed. Where necessary any areas where action is required to ensure that the Council meets all of the defined requirements are identified on the Action Plan that forms part of this Statement.

During 2012/13 internal audit reviews of key service contracts highlighted a themed weakness with regard to the robustness of internal contract monitoring procedures and processes in two key service areas and recommendations were made to address these. Action plans were prepared to consider, address and implement the internal control recommendations. Audit follow up work concluded the following:

- Leisure Services - the necessary improvements have been made to address the issues raised in the 2012/13 audit review. These findings were reported to the Audit Committee in July 2014 whereby a substantial assurance was provided,
- Recycling – With a revised service structure and new management controls now in place, the service contract was subject to a further audit, the outcome of which was reported to the Audit Committee in 2014/15, with a reasonable assurance rating provided.

Given the significant amount of progress made on these contract monitoring arrangements, it is considered appropriate for the issue to be removed from the action plan.

The 2013/14 Audit Plan included a detailed follow up audit of Records Management. The previous audit of this area was reported in September 2012 and provided 'partial' assurance. The follow up audit undertaken in 2013/14 found that insufficient progress had been made to address the issues raised in the previous audit report and the assurance opinion remained 'partial'. This continues to be monitored by the Audit Committee with a progress report being reported to Members of the Committee in April 2015.

We have been advised on the implications of the result of the review of the effectiveness of the governance framework by the Audit Committee and that they continue to be regarded as fit for purpose in accordance with the governance framework. A plan to address any identified weaknesses and ensure continuous improvement is outlined below.

Significant Governance Issues

Issue Identified	Target Date
<p><u>Records Management</u></p> <p>A follow up audit undertaken in 2013/14 provided management with a detailed action plan which tasked officers to make improvements to the corporate records management framework and arrangements currently in place.</p> <p>Internal Audit has monitored progress and provided regular update reports to the Audit Committee through the status of previous audit recommendations and there is evidence which demonstrates that progress is being made to address the issues raised. These improvements continue to be closely monitored by Internal Audit, Senior Management and the Audit Committee.</p>	<p>A further progress report will be presented to the Audit Committee during the latter part of 2015/16</p>

We propose, over the coming year, to address these issues and to monitor and implement improvements to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in the review of effectiveness and will monitor their implementation and operation as part of our next annual review.
