# Changing Carlisle

## Funding Boost

Carlisle has been confirmed as one of the 100 areas shortlisted for the £1 billion Future High Street Fund. The city has progressed to the second phase and will receive up to £150,000 to support the development of detailed project proposals.

Carlisle has also been included in the £3.6 billion Towns Fund and will receive up to £25 million to support further regeneration of the city centre. This funding will stimulate greater growth and investment in Carlisle, promoting the regeneration of the city centre and the wider area.

## Free After Three

Free parking after 3pm, seven days a week, continues to be available in three Carlisle City Council car parks. The Free after 3pm scheme aims to support high street businesses in Carlisle by encouraging more visitors to park-up and discover the many city centre attractions, shops and places to eat.

The pilot scheme started on Thursday 1 August 2019 and will run until the end of March 2020. It provides around 1,000 free parking spaces after 3pm in Caldew Riverside; Castle; and Viaduct car parks, for all permitted vehicles.

On the build-up to Christmas the scheme will be extended to include other city centre car parks on Late Night Thursdays.

Free parking after 3pm will be available on the following Thursdays: 21 and 28 November and 5, 12 and 19 December in the following city centre car parks: Bitts Park; Caldew Riverside; Castle; Civic Centre; Lowther Street; Paddy's Market; The Sands Centre; Viaduct and West Walls.

## Carlisle Station Gateway

This summer, the Leaders of the Borderlands Councils and UK and Scottish Government Ministers signed an agreement setting out the projects and programmes in the Borderlands Inclusive Growth Deal. This has secured a £394.5 million investment package for projects in our region.

One of these projects is the Carlisle Station Gateway and Citadels proposal. It aims to create a new high-profile gateway development for Carlisle centred around the Railway Station, the Citadel buildings and Caldew Riverside. It aims to boost economic prosperity by attracting people to live, study and work in the area.

Local residents, businesses, commuters and visitors were recently given the opportunity to have their say on the first phase - ambitious new proposals for Carlisle Railway Station and its surrounding area.

For further information on the Borderlands Inclusive Growth Deal, visit [www.borderlandsgrowth.com](http://www.borderlandsgrowth.com) and to find out more about the plans for Carlisle Railway Station, visit [www.cumbria.gov.uk/CSGC](http://www.cumbria.gov.uk/CSGC)

## The Sands Centre

Work will soon get underway on the £25 million scheme at The Sands Centre. The major redevelopment of the leisure facility will include pools provision as well as significant improvements to the existing site.

The improvements will include a 25-metre x 17-metre eight lane main pool, a learner pool and a spectator seating gallery. There will also be four court sports halls, a 120-station fitness suite, dance studios, a spinning studio, an NHS Physiotherapy suite and improvements to the café and drinks areas.

Construction on The Sands Centre redevelopment will start this winter and is scheduled to be completed by summer 2021. The existing Pools provision on James Street will remain in place until all construction at The Sands Centre has been completed.

Find out more at [www.carlisle.gov.uk/sands-redevelopment](http://www.carlisle.gov.uk/sands-redevelopment)

## St Cuthbert's Garden Village

A further stage of public consultation on the development of St Cuthbert's Garden Village, an ambitious and unique new development scheme for Carlisle, was held earlier this year.

St Cuthbert's Garden Village will enable Carlisle to continue to grow in a planned way across the coming decades. It will make the most of opportunities to build innovative, mixed-use, self-sufficient communities equally well-connected to each other and the city to help create healthy, green environments and encourage more active lifestyles.

The next stage of consultation will be held in early 2020. Visit [www.stcuthbertsgv.co.uk](http://www.stcuthbertsgv.co.uk) for more information, including feedback on the consultation events.

## Planning an Autumn Clear-out?

On the build-up to the festive season, we're encouraging Carlisle families to think about how they can reuse and recycle.

Before Santa arrives with new gifts, why not follow the lead of these local youngsters by sorting through toys and games and donating any unwanted items to a local charity? You can also donate new and quality used toys to children based at our Water Street accommodation. Either drop them off direct at Water Street or with the Homeless Prevention and Accommodation Services team at the Civic Centre. New toys and gifts for children and young people aged between 0-18 years old can also be donated to CFM Radio's Cash for Kids Mission Christmas.

If your autumn pre-Christmas clear-out also includes electrical items and/or furniture you can also donate these to Impact Furniture Services or other local charities. Visit [www.carlisle.gov.uk/Residents/Bins-and-Recycling/Reuse-Charities](http://www.carlisle.gov.uk/Residents/Bins-and-Recycling/Reuse-Charities) to find out more.

## Help us Recycle for Carlisle

Use one of your green bags for plastic and the other for paper, cardboard and food/drinks cartons. Use your green box for tins, cans and glass.

- ✓ Check your collection calendar online and remember to put your containers out by **7am** on your collection day. We will not return if you miss your collection.
- ✓ Please take your containers back onto your property the same day after collection.
- ✗ In high winds, please do not leave containers out overnight. Please keep hold of your recycling until your next collection or use a local recycling site to reduce the risk of materials littering your streets.
- ✓ Please note, we **CAN** collect black plastic trays and clean foil trays (no tin foil).

- ✗ Please remember that we **CANNOT** collect Christmas wrapping paper for recycling. Wrapping paper is often shiny, dyed, laminated, glittery or plastic backed, and covered in sticky tape. None of these can be recycled. This also applies to glittery Christmas cards. Please place wrapping paper and the fronts of glittery cards into your refuse. Please remove the backs of glittery cards and place in your recycling.
- ✓ Consider reusing materials to make Christmas items e.g. crackers, decorations, cards, or using a reusable gift bag instead of wrapping paper.

## Independent Living Grants

Independent Living Grants are available to support Carlisle residents in their homes. The grants are non-means tested but require a report from a qualified health professional to confirm the resident's need for the adaptation.

## Help at Hand

Are you a home-owner? Do you have a chronic health condition or disability or on a low-income? Our Home Improvement Agency, Homelife Carlisle, can arrange for your gas boiler or fire to be serviced or repaired by a Gas Safe registered engineer.

Homelife Carlisle also has Discretionary Safe & Warm, Energy Efficiency and Dementia Friendly housing grants that can be used for improvements or safety work that make you more safe, warm and healthier in your own home.

Support is also available for local landlords to make their properties more energy efficient. New laws came into place in April last year. These aimed to encourage landlords to improve their properties' energy rating. From April 2020 properties that do not meet the standards will not be able to continue letting the property. Grants are available to eligible tenants for energy efficiency measures through our local ECO Help to Heat scheme and also towards heating including first-time gas central heating, mains gas connections, or LPG, oil or air-source heat pumps for rural properties through the Warm Homes Fund.

To apply for any of the grants please contact Homelife Carlisle on **01228 817111** or visit [www.carlisle.gov.uk/homelife](http://www.carlisle.gov.uk/homelife)

# Keep Safe and Warm this Winter

## Support during a Power Cut

We've teamed up with the region's power network operator, Electricity North West to help identify customers who would benefit from extra help during a power cut. If you sign up to Electricity North West's Priority Services Register, you will be offered extra support to keep you safe and comfortable until power is restored. If you, or someone you know, would benefit from being on the Priority Services Register, you can sign up free of charge at [www.enwl.co.uk/priority](http://www.enwl.co.uk/priority) (select Homelife Carlisle in the 'How did you hear about us' section) or phone **105**. In the event of a power cut you can report it and receive updates by calling the free national phone number **105**.
