

MY
TREE
BOOK

Why not take this booklet and explore and investigate as many different types of trees you can find at Talkin Tarn.

You will need a crayon for bark rubbing and some sticky tape to stick the leaves you find into the booklet. You can print off and make the leaf dial on the next page to help you identify the different trees.

How many different types of tree can you find?

Cut around the dotted lines then attach the top piece to the bottom piece using a split pin

Feel free to copy and share this for personal and educational use - and don't forget there are loads more brilliant activities to download on our website!
